Cotton_Increase Sixty per cent. COLERAINE, N. C., Nov. 8, 1866. The Baugh's Raw Bone Super-Phosphate of Lime I surchased of you last spring, I used under my Cotton on weak stiff land, at the rate of 300 lbs, per acre.

The result has been much better than I expected, and I am satisfied that I have realized double the quantity of Cotton by the use of it. I also used it by the side of Peruvian Guano, using the Guano at the rate of 200 lbs. per acre. 1 think the difference in the increase was at least Rio Grande, sent down by Messrs.
