Equally unfortunate is it that the addresses delivered at both points, in so far as they have been intelligibly reported, deal rather belonging to either side in politics, think vania: the temper and bearing of his address, especially that delivered at Richmond, need not be called in question. What, however, will occur to many reflecting people here and in Virginia is, that when this grand opportunity has at last presented itself of bringing Northern political teachers (if they cannot be called statesmen) face to face with the people of the South, there should exist among the most influential certain sources were pledged to the liquid. should exist among the most influential certain sources were pledged to the liqui-class even a latent suspicion of the motives dation of the public indebtedness, and of the speaker. Wilson's name or authority was known out-side of the mutual admiration circle of his It is not easy to portray in its full magnitude the permanent mischief that may be by gentlemen both of that party.

T. V. Foley, late party ners under the firm of Thomas M. Cook & Co. wrought in the political structure of Southern society by party appeals addressed to any one class in the community. The evil will not begin to develop itself fully until the newly-enfranchised class, having voted, having been coaved and contract the second words of the second words of January and contract the second words of January and contract the second words of January and t ted, having been coaxed and entreated to vote, begin to find of what consequence they really are in State or in their electoral district. Like dence taken from the Greenbrier Independent other races and classes, they are not likely to remain long in ignorance that there is a consideration attached to the possession of Colonel D. S. Hounshell: the franchise, and that that consideration grows in value as voters of the same race, or creed or class combine to go to the polls in a solid body. If Mr. Wilson does not carry his course of political instruction so far as to let his colored audiences know how the value of a "solid" vote is estimated in New York, he will shortly be fol-lowed by other instructors who will make the matter sufficiently clear. Thirty or forty years' trial of the class-voting system here has done more to show how the franchise may be turned to profitable account than anything else in the history of municipal government. The same thing will be illustrated all over the South, precisely in proportion as masses of people of the same kith are dragged into a common booth, to be made merchandise of by their own leaders, or by designing men of another class.

> From the Richmond Examiner. Republicanism Tried by its Fruits.

While the Radicals were willing to mur-der men and women by the illegal acts of military commissions, they protected their friends from justice, even at the expense of law, order and morality. The Chicago "Times" give the following instance of this kind of Radical action :

A creature by the name of Stanton, in 1864, while pretending to discharge the duties of Provost Marshal of Wabash county, Illinois, deliberately shot two young men, whom he conceived had given him offence. It was a premeditated act of murder, and Stanton was arrested and confined in prison. Although the privilege of the writ of habeas corpus was suspended by order of A. Lincoln, the friends of Stanton pocured the issuing of one, and Stanton Moore. than he left for parts unknown, leaving his Treasurer of Public Buildings - Samuel R Buntbail in the lurch. The bonds were prosecuted, but term after term passed before the trial could be brought to an issue. It

was finally tried by the same Judge Pollock, who, for some reason, delayed announcing the verdict. Meantime a Radical Legislature was elected and assembled at Springfield. Among its first acts was the passage of a law releasing the Radicals who had signed the bail bonds of the murderer, Stanton, from obligation to pay the same, In two respects Mr. Wilson's mission and requiring the State Attorney to dis-

" EMAIL DE PARIS."

The New Beautifier of the Skin. TESTIMONIALS FROM CELEBRATED LABOUR. THIS secret of beautifying the skin being THIS secret of beautifying the skin being known only to Messrs. Jared & Bene, they honorably state that it differs from all other preparations. It gives to the most harsh and freekled skin both the texture and color of polished ivory, removing all discolorations, whether appearing as freekles, tan, morphew, moth, or black worm specks, and is especially successful in smoothing out the marks left by the small pox.

The agents of "L'Email de Paris" most confidently submit to the public the earnest endorsements of such distinguished ladies as

SIGNORA RISTORI, M'II. FELICITA VESTVALI,
MISS MAGGIE MITCHELL, Mrs. D. P. BOWERS, LUCILLE WESTERN, Mdm's PONISI,
Mrs. EMMA WALLER, LUCY RUSHTON,
NOEMIE DE MARGUERITTES, MISS

AGNESS PERRY

and many others, whose high standing in the profession gives the stamp of truthfulness to their intelligent and genuine approval.

The Beautiful Lucille Western says:

I find that the "Email" produces all the brilliancy of rouge and lily-white, with the great and peculiar advantage of total harmlessness. It really adds to the softness and beauty of the skin.

The Magnificent Vestvali says:

I have suffered so much from the various white lotions, &c., which my theatrical prefession obliges me to use, that I consider it a perfect benefaction to find a preparation which gives the necessary whiteness to the skin, and leaves the skin cool and smooth.

sary whiteness to the skin, and leaves the skin cool and smooth.

Miss Maggie Mitchell says:—

I have tried the skin beautifier, "L'Email de Paris," and found that it instantly imparts a natural bloem and freshness to the complexion.

"Jared's Email de Paris" is used as a delicate beautifier of the skin for Theatre, Saloon or Ball Itoom, by the most refined and scrupulous ladies; producing all the beautifying effects of rouge and lilly white, without their vulgar glare or injury to the skin.
