St. Petersburg, May 26.—Ferdinand de Sessop is forming a company for the construction of a railroad across Central Asia, from Orsk, to connect with the English railways in India to Calcutta. The enterprise is under Russian auspices.

Paris, May 26.—The following is the text of MacMahon's address: "I have been called, through the confidence of the National Assembly, to the Presidency of the Republic. No immediate change will be made in existing laws, regulations and institutions. I rely upon good order and I count upon you, upon your vigilance and upon your patriotic assistance."

The scenes were extremely exciting in the National Assembly Chamber pending the discussion, which resulted in the deposition of Thiers and the exaltation of Marshal MacMahon. In the President's box were Madame Thiers, the Prefect of the department of the Seine and others, who were gesticulating quite wildly, and once the Prefect was called to order for the ardor of his enthusiasm. The diplomatic corps was well represented.

Lord Lyons, the British Minister, was not present, being engaged in giving a dinner and reception in honor of Queen Victoria's birthday. Many celebrated women of Napoleon's Court, as well as of the Republic, occupied conspicuous places and remained until the political change was consummated. As soon as the vote was taken deposing Thiers, the representatives of the different countries immediately left the Chamber and telegraphed the news to their respective governments. Thiers sat aloof watching of events, constantly using the exclamation, *Oh, Dieu Maudite!* Once he caused intense excitement when he said, "They have spoken of negotiations, when it has occurred to me that they only wanted the Government to be transferred to Paris; but the army would not enter there; I have repelled them in order to prevent the shedding of streams of blood at the expense of the army. If there is a man who counts the cost of this effusion of blood, it is myself. I have fallen—I rather wish to say we have fallen. For a long time I had hope of this detestable faction." The close of the sentence was lost in the tremendous uproar which the beginning had excited. Again did Thiers awake the enthusiasm of his friends when charged with being the protegee of Radicalism. He retorted, "There was something more remarkable than that in their midst—they had with them Duke de Broglie, who was the protegee of the Empire."

There is no fear of a disturbance apparent in Paris. On Sunday the people attended, in great numbers, the Chantilly races, giving themselves up to pleasure and caring little, seemingly, for politics.

At the races yesterday Board was the winner of the Prix du Jockey Club, or French Derby; Flageolet, the second, and Apollon the third. France Tierce, the favorite, was nowhere. Nine horses started.

The following compose the new Ministry: Minister of Foreign Affairs, Duke de Broglie; Minister of Justice, Emou; Minister of the Interior, Beule; Minister of Finance, Pierre Magne; Minister of War, General de Cissey; Minister of Marine, Admiral D'Hornay; Minister of Public Instruction and Worship, Dubouché; Minister of Public Works, Desseignly; Minister of Agriculture and Commerce, Roullier.

There is no disorder in any portion of the country in consequence of the change in the Government.

Di-patches from all sections report tranquility. Only one-half of the troops are now held in their barracks.

Yvesville, May 25.—The Ministry resigned, President Thiers accepted their resignation and resigned himself, when Marshal MacMahon was elected President. There was some cries around the hall but no violence.

Paris, May 25.—Noon.—The resignation of President Thiers and the election of Marshal MacMahon to succeed him, causes immense excitement here. The streets have been crowded all the evening with people discussing the events of the day, but no disturbance is expected.

LONDON, May 26.—Night.—A Conference of Mormons was held here on Sunday, at which George A. Smith was present.

The Ticht orme claimant will soon appeal to the public again to raise funds for his defense.

MADRID, May 25.—Night.—The Minister of Foreign Affairs has sent a circular to the representatives of Spain abroad, giving an official account of the butchery and mutilation of prisoners by the Carlists, and requesting them to convey the information of these outrages to the governments to which they are respectively accredited.

VIENNA, May 26.—Night.—The King of the Belgians has arrived here. He was received by the Court with fitting ceremonies. To-day the King visited the Exposition.

PARIS, May 24.—Night.—The Orleans Princes were present in the Assembly when the question was taken on accepting President Thiers' resignation, and voted in the affirmative.

Thiers has informed the members of the Left Centre that he will resume his seat in the Assembly to-morrow, and will take his place on those boards administered by the late Ministers Du Raur, Perier and Leoussay.

The whole Left has decided upon the policy of constitutional opposition to the new government.

**CUBA.**  
**THE HERALD MAN PRICE STILL IN CLOSE CONFINEMENT.**

Capt-General Pieltain has ordered O'Kelly, the commissioner, now confined at Santiago de Cuba, to be brought to Havana, and he will probably arrive here this week.

**GOTHAM.**  
**ANOTHER MURDER.**  
**CASE OF SUNSTROKE.**  
**THE CARPENTERS' STRIKE NOT GENERAL.**  
**FIVE MEN'S LEGS BROKEN ON A STREET CAR.**  
**NEW YORK, May 26.—Noon.**—An Italian beggar boy, named Johannes Arrata, being jeered and insulted by a crowd of urehins, turned on them and fatally stabbed one of the number, whose name is John Gould, aged nine years, in Mulberry street last night.

The weather last night was very warm and still continues so.

Isaac Von Fire was insensibly sun-struck on Avenue D, on Saturday last. This is the first case of the season.

NEW YORK, May 26.—Night.—Dr. Brown, for the attempted murder of Gas Collector Gurney, has been sentenced to 10 years in the penitentiary.

Five persons had legs broken or cut off by the upsetting or falling of the street cars yesterday.

The body of J. W. Wallack, arrived here to-day.

The strike of the Carpenters for 8 hours is not general. Committees have been appointed to visit the shops. Police are on the alert to prevent interference.

**THE MODOC WAR.**  
**CAPT. JACK STILL ALIVE AND KICKING.**  
**HE HAS TWENTY-FIVE DESPERATE WARRIORS.**  
**MORE REINFORCEMENTS FOR THE COMMANDS.**  
**SAN FRANCISCO, May 25.—Night.**—Reports from Fairchild state that Capt. Jack is north of the Pitt River country with twenty-five warriors, who say they will die with their rifles in their hands. Gen. Davis has ordered troops to go in pursuit of the savages. Gen. Gillen has been ordered to proceed to headquarters with his regiment, at Benicia. Col. Wheaton has been reinstated. It is thought half a dozen Modocs were likely near the camp waiting to surrender. The savages who are still free have broken into small bands, and the movements of the soldiers have been made accordingly.

**Chemists will tell you,** that acid generated in the stomach, destroys the teeth, but the vegetable ingredients of ZOPONT neutralize its effects, and form an eminently antiseptic and wholesome dentifrice.

Dodley's Yeast Powder is convenient, economical and always reliable. No waste of food prepared with it, as it is always of the best quality.

Mrs. McKee, who made an unsuccessful attempt to shoot her uncle, Oswald Noack, wholesale and retail book & shoe upper manufacturer, on the 14th of May, was more successful to-day. Having this morning obtained a warrant for the arrest of her uncle, charging him with abusive conduct, she proceeded to his place of business, No. 146 West Baltimore street, to identify him to the officer, who made the arrest, and while coming down stairs with his prisoner in company with Mrs. McKee, she suddenly drew a double-barreled pistol from under her shawl and fired two shots, one ball taking effect in the back and the other in the calf of his right leg. The wounds are not necessarily fatal. Mrs. McKee has been arrested.

The Metropolitan branch of the Baltimore & Ohio Railroad, between Washington City and Point of Rocks, was opened to passengers yesterday. All through trains between Baltimore and the West, each way, run now via Washington, shortening the distance 48 miles.

## STATE NEWS.

The Examination and Commencement exercises of the Goldsboro' Female College take place on the 5th and 6th of June next.

Mr. Thomas M. Ramsay organized a Lodge of Good Templars at Ruffin on Thursday night, and another at Beidsville on Friday night.

The Warrenton Gazette says: The peach crop of that county promises to be an abundant one, but we are told the apple crop is not a full one.

Mr. R. H. Whitaker, editor of the Friend of Temperance, was in Smithfield last Friday night, where he made a temperance speech and organized a Council of Friends of Temperance.

The Warrenton Gazette says: Notwithstanding the severe and protracted Winter and wet Spring, our farmers are more forward this year than last, and many of them have begun to chop cotton, while nearly all have finished plowing.

Alonzo Peterson, colored, from Sampson county, confined in the Penitentiary for the crime of rape, attempted to break out on last Saturday, but was brought down by a shot from the guard. The wound is in the neck and is not considered serious.

The Newbern Times says: We learn that a new Co-operative Building Association upon a large scale is to be formed in this city, and that a sufficient number of shares have already been taken by some of our most prominent business men to insure its organization and success.

The Norfolk Journal says: The managers of the New York, Norfolk and Charleston Railroad Company, accompanied by a portion of their staff, have arrived in this city, and are now quartered at the Atlantic Hotel. Rooms were engaged yesterday to serve for the various offices of the company. The engineers and draftsmen will arrive next week, when the surveys will begin, running upon two lines from Norfolk and one from Portsmouth. The object is to locate the route hence to Charleston upon a perfect air line.

The Goldsboro' Messenger says: A meeting of the North Carolina Construction Company, was held on the 23rd inst., at which preliminary arrangements were perfected, officers elected, and organization papers filed.

This company propose to build the New York, Norfolk and Charleston Railway, through Goldsboro' during the present year, and are sanguine of being able to push the work in such manner as to accomplish the public. Their engineers will commence operations this week.

The Raleigh Sentinel says: A. W. Richardson, Sen., (famously known as Applewhite Richardson), lives on Liver River, near Eparburo, in O'Neal's township, Johnston county. He is 72 years old and hale and hearty; so much so that, until he joined the church, two years ago, he could beat any of his sons in a good square night's dancing, and he could do so now, if not prohibited by the church. Mr. Richardson has been three times married, his third wife now living. He is the father of 27 children, of whom six were girls, and of the whole number twenty-five are now living. He has also eighty-six grand children and one hundred and eighty-six great-grand children, and a single Radical amongst them. Mr. Richardson was always, and is now, an old-fashioned Democrat.

It is a remarkable fact in connection with this large family, that they are so located around the good old patriarch as to be able to leave home in the morning, take dinner with the old gentleman, and return to their homes the same day.

The Fayetteville Eagle says: The fifty-seventh annual Convention of the Protestant Episcopal Church of the Diocese of North Carolina will be held in St. John's Church, of this place, on Wednesday, the 28th inst. The Diocese of North Carolina was organized in the year 1794, by the election of the Rev. Charles Pettigrew, the grandfather of the lamented and highly distinguished General James Johnston Pettigrew, to the Episcopate. He died, however, before the time appointed for his consecration. The Diocese was under the charge of the Rt. Rev. Richard Channing Moore, Bishop of Virginia, from the year 1817 to 1822, when the Rev. John Stuart Ravenscroft was elected Bishop and consecrated in the same year. Under his manly and vigorous administration the interests and power of the Church were greatly advanced and the number of parishes increased. He died in 1830, mourned by all who knew him—loved not only by those of his own religious faith, but by all Christians. He was succeeded in the Episcopate by the Rev. Levi Stillman Ives, who was Bishop of the Diocese until his withdrawal to the Roman Communion in 1852. In 1853 the Rev. Thomas Atkinson, then Rector of Grace Church in the city of Baltimore, was elected Bishop and consecrated on the 17th of October of the same year. Since his election to the Episcopate the Diocese has increased greatly in power and strength.

**THE FASTEST HALF-MILE EVER TROTTED.**  
Yesterday morning, Mr. Bonner's mare Pocahontas, trotted half a mile at Fleetwood park, in the extraordinary time of 1:04. This is the fastest half-mile ever trotted. Dexter and Startle have both trotted in 1:04; but Pocahontas has beaten their time by one-quarter of a second. She was driven publicly by John Murphy, to sulky, in presence of a number of spectators, and timed by Mr. Glendon, Mr. Bonner, and Mr. Van Cott, the superintendent of the Park. *New York Sep. 20th.*

THE PUREST AND SWEETEST COD-LIVER OIL is Hazard & Caswell's, made on the sea shore, from fresh re-captured livers, by Hazard & Caswell & Co., New York. It is absolutely pure and sweet. Patients who have once taken it prefer it to all others. Physicians have decided it superior to any of the other oils in market. 4c.

A gratifying evidence of Southern prosperity is furnished in the recent report of the directors of the Mobile and Ohio Railroad. The close of the war left it a wreck and bankrupt. It now shows a net revenue of \$1,222,285 for the year just past, the total earnings having been nearly \$3,000,000. This is the grandest record of the South; the figures, therefore, show an increase in the staple business and trade of that section, and promise well for the future.

Following as it does, a series of acknowledged masterpieces from the same hand, which gave a new character to the English novel, it would have been much to be regretted, if it had not maintained the reputation of its author. But we shall be surprised if the mature judgment, passed upon it by those who can appreciate the work of a true artist, does not pronounce it the most perfect of the series.—*Edinburgh Review.*
