STATE NEWS.

Charlotte was to have had a masquerade ball last night. The Charleston are rejoicing over the opening of a novelty store. The Raleigh Friend of Temperance appears this week with a very handsome new head.

The Charlotte Observer tells of a fox chase in that section in which the fox swam a river 250 yards wide—something new in fox tactics.

The Winston Sentinel says: F. H. Pratt, of this county, sold the tobacco raised on one acre of land for \$500. We are also informed that Thomas Mosser sold his crop, privately, from three acres, for \$1,200 and that it was raised in the warehouse for \$1,600.

The Wilson Advance says: Mr. Gray Webb raised on the land of Mr. J. H. Applewhite, of this county, with one horse, last year, 31 barrels of cotton, averaging 410 lbs., on 28 acres; 200 bushels potatoes on 1 acre, and 10 barrels of corn on 24 acres—all on upland. Who can beat it?

The Salem Press says: Mr. Philip Reid has a mammoth specimen of a hog, said to be over three feet high, and otherwise proportionally large. Mr. A. Butler, of the Salem Hotel, butchered three large hogs yesterday. The largest weighed 635 pounds, and the other two 440 and 341 pounds.

The Milton Chronicle says: Nelson Cunningham, a colored man, and represented to be an honest and industrious person, being in the woods near Cunningham's Mill, in Person county, a few days ago, with three other colored men, engaged in felling timber, was accidentally killed by the falling of a tree, which split his skull.

The Raleigh Sentinel says: Another Goodin has been injured by a tree. This time Mr. Kindred Goodin, of Swift Creek Township, was felling a tree last week, and as he sidled one foot out of the way, the other foot slipped and spread both legs out and the tree fell and struck him in the forks of his legs breaking one of them close up to the thigh. Mr. Goodin is a very old man and it will go hard with him.

The Wilson Advance says: Mrs. Elizabeth Barnes, wife of Mr. Edwin Barnes, Sr., died suddenly at the residence of her husband in this county on Friday last. Mrs. B. was in the enjoyment of her usual health on the morning of her death, and was suddenly stricken down while in the performance of her domestic duties—supposed to have been from disease of the heart. Mrs. Barnes was about fifty years of age and led an exemplary and Christian life.

The Charlotte Observer says: A splendid specimen of black lead was shown yesterday by Capt. J. Y. Bryer, of this city. It is from a mine within eighteen miles of the Western North Carolina Railroad. This specimen is almost unaltered, so much so that it cannot be handled without dyeing one's hands. Capt. Bryer proposes to send it to Europe by Gen. Lovell Thorpe, who sails the 1st of February, on business connected with the Ellwood estate.

The Duplin Record says: We have just returned from Raleigh where we saw gentlemen from different sections of the State, all of whom represent their respective sections in favor of Convention. The Star of the 13th says that a correspondent from Fayetteville declares that Cumberland and Simpson are almost a unit against the Convention. We cannot speak for Cumberland, but we can for Simpson, and upon the authority of Senator E. W. Kerr and ex-Sheriff John A. Oates, both of whom we conversed on the 13th, as well as on our own knowledge we contradict the statement of the Star's correspondent. We can state on best authority that many Republicans favor the call, amongst them two of their State Executive Committee. We hope for a big meeting at Raleigh next week, and that a decisive policy will be adopted and that it will be for Convention.

The Raleigh News says: In accordance with an act of the present Legislature, a conference of bondholders with committee of the General Assembly was held in the Senate Chamber yesterday and continued throughout the day. The following members of the Legislative Committee were present: Messrs Waring, Worth, Latham and Taylor on the part of the Senate, and Messrs Mendall, Tate, McRae, Moring, Richardson and Candler on the part of the House. The bondholders present in person were Messrs Freeman Clark, of New York; Theo. Branch, Jr., and Andrew Kovan, of Virginia; and Judge Thomas Bullitt and Parker Band, of North Carolina. A large number of letters from Northern bondholders were received and read. As the conference will continue to-day, we are unable to report the proceedings of yesterday's meeting. The trains of yesterday brought in an additional number of bondholders to those mentioned above.

IRWIN TO BE BROUGHT BEFORE THE HOUSE.

A DEMOCRATIC VICTORY. GRANT TO BE SUSTAINED BY THE RADICAL SENATORS.

WASHINGTON, Jan 15—Night—This was private bill day in the House; but very few bills passed, among them one to pay the claim of contractors for work at the Norfolk navy yard in 1869.

A long debate was had over a bill to pay to the officers and crews of the steamships Wyoming and Takiang, \$25,000, as bounty or gratuity for the destruction of Japanese war vessels, and the bombardment of Japanese forts at Simonsaki, some few years ago. The bill was finally rejected.

G. F. Hoar, of Massachusetts, Chairman of the Select Committee on the Southern States, presented the report of the subcommittee, which was ordered printed, but was not read. He stated that the full Committee would start for Louisiana forthwith.

The question of the habeas corpus proceedings in the case of Irwin, the recalcitrant witness in the Pacific Mail investigation, was again presented, the Judge having refused to consider the report of the sergeant-at-arms unless he produced Irwin in Court.

After an exciting debate the House virtually reversed its action of yesterday, and directed the sergeant-at-arms to produce Irwin in Court. This was a victory for the Democratic side of the Chamber, the resolution having been offered by Beek, of Kentucky, and adopted instead of the one reported by the Committee on Ways and Means.

Adjourned till Monday. In the Senate, to-day, the Fortification Appropriation bill was reported and notice given that it is soon to be called up.

The House bill restoring to the pension rolls those persons whose names were stricken therefrom in consequence of disloyalty, was recommitted to Committee on Pension.

At the expiration of the morning hour Sherman said there were several Senators on each side who desired to speak on this Louisiana question and he hoped it would be understood that the Senate would meet to-morrow for the purpose of concluding this debate. Senator's resolution instructing the Judiciary Committee to inquire what legislation will be necessary to secure rights of self-government to the people of Louisiana, being the unfinished business, Tipton concluded his argument commenced yesterday, and was followed by Frelinghuysen, who made a speech on the general condition of the South. He views affairs from a Radical standpoint, favoring Kellogg and justifying military interference.

The Senate had a session to-night, but adjourned for want of a quorum. Salisbury has the floor to-morrow. A full caucus of Republican Senators was held this morning, Anthony presiding on the order of business. The most important subject under consideration was the Louisiana case, and it was agreed with remarkable unanimity that the President must be sustained in his action and the Kellogg Government declared the legal government of the State. It is understood that it is desirable to dispose of the matter as soon as possible and that but a short time longer will be allowed for discussion. The caucus came to no definite conclusion on the several subjects before them, but it is understood that it was agreed to first dispose of the Louisiana matter. Indications are that the discussion on the subject will close to-morrow should a session be held.

A bill was presented in the House to-day providing for the amendment of the charter of the Federal Bank. It repeals the law providing for Commissioners and authorizes the Secretary of the Treasury to appoint a commissioner who shall have the right to compound and compromise debts due. The Cabinet to-day had under consideration the proposed treaty with Hayti and the postal treaty with Canada.

In accordance with the resolutions adopted at the recent Republican caucus for the appointment of a committee of nine to suggest such legislation as is desirable to meet the wants of the Southern States, Maynard, the chairman, appointed the following: Messrs White, McCreery, Ward, Cassens, E. K. Hoar, Haselton and Harrison, of Tenn.

MASSACHUSETTS.

A PROTEST FROM THE HUB.

SHERIDAN HISSED AND BELKNAP DENOUNCED.

Boston, Jan. 15—Night—A mass meeting was held to-day in Faneuil Hall to protest against the military interference in Louisiana. There were about 3,000 persons packed in the building. All parties, classes and conditions were represented. The meeting was very orderly and great sympathy was manifested in the object of the call, though occasional dissenters from a speaker betokened the presence of widely differing political elements.

Hon. Wm. Gray made an address denouncing the great outrage committed against the people of Louisiana in the recent act of the United States troops. It was the duty of the Government to entrust its power to clear-sighted cool-headed officers, and if such were not selected the people had a right to hold the Chief Executive responsible. His remarks were frequently cheered, and when alluding to General Sheridan hissed. Resolutions, expressive of their indignation at the course of the military in removing members of the Legislature and denouncing Belknap for his telegram of approval, were vociferously applauded.

NEW YORK.

SHERIDAN'S BANDITTI DISPATCH CONDEMNED.

ALBANY, N. Y., Jan. 15—Night—A joint session of the Senate and the Assembly will be held on the 20th for election of a United States Senator. In the Assembly, to-day, a Republican member offered resolutions denouncing the organization in the South known as the White League, which were referred. Senate resolutions were adopted condemning the spirit and sentiments of Sheridan's banditti dispatch and characterizing his recommendations thereon as unprecedented in the history of the country and tending to the destruction of constitutional liberty, but at the same time affirming unshaken confidence in Sheridan's patriotism, fidelity and integrity. All the eyes were Republicans, but three, and the ones Democrats. The latter objected to that portion affirming confidence in Sheridan.

MARYLAND.

IMMENSE INDIGNATION MEETING ON THE LOUISIANA USURPATION.

GRANT CHARGED WITH THE RESPONSIBILITY.

BALTIMORE, Jan. 15—Night—There was an immense indignation mass meeting at Masonic Hall to-night to protest against the usurpation in Louisiana. Hon. Beverly Johnson delivered an address seriously criticizing the telegrams of Belknap and Sheridan, and charging that the full responsibility of what has occurred rests upon the President. Resolutions, expressive of the sense of the meeting, were adopted.

FLORIDA.

THE SENATE ORGANIZED, AND A DEMOCRAT ELECTED PRESIDENT.

TALLAHASSEE, Jan. 15—Night—The Senate was organized to-day, and A. L. McCaskill, Democrat, was nominated by the Republicans and elected President of the Senate on the first ballot, by a vote of 21 to 1. This action is the result of a coalition between the liberal elements of both parties.

Last night, at midnight, a Republican Committee waited on Governor Stearns and demanded that he go into the Senate and organize that body as Lt-Governor, which he refused to do.

VIRGINIA.

RESOLUTIONS ON LOUISIANA AFFAIRS ADOPTED IN THE HOUSE OF DELEGATES.

RICHMOND, Jan. 15—Night—Concurrent resolutions on Louisiana passed by the House of Delegates yesterday, were reported in the Senate to-day, by the Committee on Federal Relations and adopted.

The Ohio Episcopal Convention elected Thos. A. Jigger, of Philadelphia, Bishop.

Moulton continued his testimony in Beecher's trial yesterday.

The sale of effects of the late Republican newspaper, by virtue of several executions in the Marshal's hands, took place in New York yesterday.

WORTH OF NOTE. An exchange says there is scarcely a day passes that we do not hear, either from persons coming into our office or to our other way, of the success of Johnson's Soudont in the case of eczema and eczema, so prevalent about town just now.

SCHNECK'S PULMONIC SYRUP, BSA WARD TONIC, AND MANDRAKE PILLS—These deservedly celebrated and popular medicines have effected a revolution in the healing art, and have for many years obstructed the progress of medical science. The false supposition that "Consumption is incurable" deterred physicians from attempting to find remedies for that disease, and patients in the last stages of the disease, to death without making an effort to escape from a doom which they supposed to be unavoidable. It is now proved, however, that Consumption can be cured, and that it has been cured in a very great number of cases (some of them apparently desperate ones) by Schneck's Pulmonic Syrup alone, and in other cases by the same medicine in connection with Schneck's Sea Weed Tonic and Mandrake Pills, one or both, according to the requirements of the case.

Dr. Schneck himself, who enjoyed uninterrupted good health for more than forty years, was supposed, at one time, to be at the very edge of death, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly affected have used Dr. Schneck's preparations with the same remarkable success.

Full directions accompany each, making it not absolutely necessary to personally see Dr. Schneck unless patients wish their lungs examined, and for this purpose he is professionally at his principal office, corner Sixth and Arch streets, Philadelphia, every Monday, when all letters for advice must be addressed. Schneck's medicines are sold by all druggists. Jan 7-13d&w
