THE SENATE WILL NOT REDUCE THE TAX ON STATE BANKS.

ADVERSE REPORT ON MEMORIAL OF SOUTH CAROLINA RADICALS.

BILL FOR SURVEY OF CATAWBA AND FRENCH BROAD RIVERS.

DECISIONS IN THE SUPREME COURT.

WASHINGTON, January 18.—Night.—In the Senate to-day the bill to reduce the tax on the circulation of State banks to an amount equal to that paid by national banks was indefinitely postponed.

Mr. Edmunds from the Judiciary Committee, reported adversely on the memorial of the members of the State Central Committee of the Union Republican Party of South Carolina in relation to certain allegations contained in a memorial of the Tax-payers Convention of that State in respect to excessive taxation by the State Government, and the committee was discharged from further consideration of the subject.

At the expiration of the morning hour, the Vice President laid before the Senate the unfinished business, which was the resolution of Schurz instructing the Judiciary Committee to enquire what legislation is necessary by Congress to secure to the people of Louisiana the right of self-government under the Constitution, upon which the Senator from Ohio (Sherman) assented to the floor.

Sherman said, in pursuance of statements made by him on Saturday, he would not stand in the way of any of the appropriation bills. He would, therefore, yield to the Senator from Maine (Morrill) for a motion to take up the Legislative, Judicial and Executive Appropriation bills, with the understanding that when the Louisiana discussion should be resumed he (Sherman) would be entitled to the floor.

Morrill, of Maine, moved to lay aside the resolution of Schurz and proceed with the Legislative Appropriation bill, which was agreed to and the consideration of that bill occupied the remainder of the day.

House.—Among the bills introduced and referred was one to survey the Catawba and French Broad rivers, establishing the Judicial circuit of Georgia, Alabama and Florida; one establishing the Western District of South Carolina, and one authorizing the bridging of the Mississippi at Memphis for the relief of the Chesapeake & Ohio Railroad Company.

Business of the District occupied the balance of the day.

In the House, to-day, Randall, of Pennsylvania, objected to the Select Committee on Alabama Affairs sitting during the session of the House unless it sat with open doors. Republican members of that committee desire the statement to be made that the committee has heretofore sat with closed doors on the suggestion of Mr. Buckner, of Missouri, one of the Democratic members.

It is understood that Marshall, of Illinois, the Democratic member of the Committee on Louisiana, who had declined to accompany the three Republican members, Hoar, Weller and Troy, who started for New Orleans this morning, has reconsidered his action and will leave Washington for New Orleans this evening.

The Supreme Court rendered the following decisions to-day: No. 118. Hayford vs. the United States. Appeal from the Court of Claims. The question in chief in this case was whether one who gave aid and comfort to the rebellion could, after the expiration of two years from its suppression, maintain an action in the Court of Claims for the recovery of money in the Treasury arising from the sale of his cotton seized and sold under the Captured and Abandoned Property act. The Court held the question to be one of jurisdiction, that the sovereign cannot be sued without his consent, and that as the law giving the right of action prescribed the time within which it might be brought—two years—and it was not brought within that time, the consent of the sovereign is considered to be no longer existing and the action cannot be maintained.

The Chief Justice delivered the opinion. No. 129. Monger vs. Shirley; appeal from the Circuit Court for the Eastern District of Tennessee. This was a proceeding to set aside a sale of the appellee's property, made in his absence from Tennessee, during the war, upon the ground that the cause of action which matured in a judgment against Shirley by publication of services was fraudulently asserted and had no shadow of foundation. The Court below sustained the plea and vacated the entire proceedings, and that decree is affirmed here.

Mr. Justice Swayne delivered the opinion. Confirmations.—E. R. Brink, Postmaster at Wilmington, N. C.; E. B. Eshel, Postmaster at Beaufort, S. C.

The Judiciary Committee of the Senate held no session to-day. There is no change in the situation.

Members of Congress from Mississippi, South Carolina and Arkansas had a meeting to-night. They unanimously agreed to recommend to the President that in presenting the report of the Levee Commission he send a special message urging the adoption of measures proposed by the commission, which, besides a general system, cannot be arranged this session; also, special appropriations for temporary relief. The meeting appointed a

special committee consisting of Messrs. Alcorn, Morey, Sheldon, McKee, Hodges and Clayton, who will wait upon the President in the morning.

KELLOGG AND HIS ROGUES AGAIN IN COUNCIL.

MORE LIES BEING HATCHED.

CINCINNATI ADDS HER CONDEMNATION.

ANOTHER CANDIDATE FOR PROMOTION.

MERRILL TRYING TO OUTLIE SHERIDAN.

NEW ORLEANS, Jan. 18.—Noon.—The Republicans here assert that the report of the Louisiana Sub-Committee goes outside of the record, and that no testimony was brought before them to show the futility of illegal legislative warrants for the displacement of Judges by Kellogg, or the seizure of arms by the police, without process of law. They assert that specific evidence will be adduced to disprove these other allegations of the Committee, which they say are based solely on hearsay of the Democratic contest. The Picayune says at the State House Kellogg has been closeted with Marshal Packard and a few of the leading spirits of the Radical party, supposed for the purpose of consultations to devise ways and means for bringing as many witnesses as possible to their side before the Congressional Committee. The plan as understood is to summon one prominent Republican from each parish with accidental evidences from particular prints.

CINCINNATI, Jan. 18.—Noon.—A large meeting was held last night to protest against the military interference in Louisiana. Letters were received, and speeches made by distinguished citizens of Ohio.

WASHINGTON, January 18.—Noon.—The following was received here from New Orleans under date of 18th inst.: To Hon. W. W. Belknap, Secretary of War, Washington:

A report has just been received from Maj. Merrill, at Shreveport, which is too long for telegraphic transmittal, but will be sent by mail. The following is an epitome almost in Merrill's own words: "The threats made before the election, to drive from the country all who voted the Radical ticket, are being carried out. Combinations among the whites are forming and all negroes who voted the Radical ticket are to be refused work or loans. All whites not forming this combination are to be ostracized. Already more than five hundred families, including at least two thousand people of all ages and sexes are wanderers without money to go elsewhere with, and powerless to find other homes. They are on the verge of starvation in midwinter. Theft and other crimes may result, and it is feared that the better feeling naturally resulting from a sense of injustice received may run into one of revenge. These lawless people will gradually drift together and the whites are not slow, as the past will show, to set afoot inflammatory rumors of the intention of organized violence on the part of the negroes, and where the revolvers and mob law are the common resort in such cases, as they usually have been here, disorders more or less extensive are sure to result if some preventive is not found for such a state of things."

(Signed) P. H. SHERIDAN, Lieutenant-General.

EUROPE.

ALFONSO PROMISES RELIGIOUS FREEDOM IN SPAIN.

THE LONDON TIMES ON THE EUROPEAN SITUATION.

MADRID, December 18.—Noon.—Alfonso assumes command of the Army of the North. Senor Jovellar, Secretary of War, accompanies him to headquarters. The troops and navy are to proceed to the relief of Pamplona.

The King has signed a decree relative to the salaries of the clergy, but declares that, while giving respect and support to the clergy, he desires to maintain religious liberty as it exists in other civilized countries. The merchants of Madrid have presented a magnificent crown to Alfonso.

PARIS, December 18.—Noon.—The Bonapartists have carried the Department of Hautes Pyrenees.

LONDON, December 18.—Noon.—The Times editorially says: In the gloom surrounding us one thing is perceptible; all men are arming—Germany on sea—and the surrounding nations, including the best part of the world, cannot do otherwise. The momentary dreams of peace have fled away. Germany recognizes the stern necessity. What she has won by arms she can only hold by arms, and while arms are in her hands, The Times confesses that Germany cannot raise a third army—her hopes are in her navy.

MADRID, Jan. 18.—Night.—Several prominent Republican Generals were received by Alfonso.

THE FIRE FIEND.

SERIOUS FIRE CORNER OF GERMAN AND SOUTH STREETS, BALTIMORE.

BALTIMORE, Md., Jan. 18.—Night.—The five-story iron building of the Consolidated Real Estate and Fire Insurance Company, corner of German and South streets, took fire to-night shortly after 9 o'clock, and the two upper stories, occupied by John Y. Slater, job printer, and Ryan & Ricketta, type foundry, were entirely burned out.

MISSISSIPPI.

SOME MORE OF SHERIDAN'S RECONSTRUCTION.

JACKSON, January 18.—Noon.—Specials indicate that the President has placed a company of troops at the disposal of the citizens of Lower Mississippi, and that Sheridan recognizes Crosway as the rightful sheriff of Vicksburg.

MASSACHUSETTS.

THE APPROACHING SENATORIAL ELECTION.

BOSTON, Dec. 18.—Noon.—The election of a U. S. Senator engrosses a good deal of attention. It is believed that Daves and Hoar will develop equal strength.

A Rhode Island railroad having been sued for killing Johnson Day, proves that he was too lazy to even hurrah for liberty on the Fourth of July, and the widow receiving only \$800 damages where \$10,000 were claimed.

When a Chicago policeman goes behind a lumber pile and shoots three balls through his hat, and runs up to headquarters and tells about his adventure with the Benders of Kansas, they raise his pay on the spot.

A schooner laden with two hundred tons of cut granite for the Centennial building, has been lost off Cape Henry. They'll charge that up to the Sinking Fund, we suppose.

Five years ago a Chicago lady was married in a dress that cost \$1,500. To-day she dispenses the necessities of life behind the counter of a retail grocery store.

WORTHY OF NOTE. An exchange says there is scarcely a day passes that we do not hear of either from persons coming into our office or in some other way, of the success of Johnson's "Angelic Eucalypt" in the cure of coughs and colds, so prevalent about town just now.

If we can benefit the readers of the Journal, any by recommending *Farm's Purgative Pills* to be the best anti-bilious medicine in the country, we are willing to do so. We have had about as good a chance to know as any one.

SCHENCK'S PULMONIC EXTRACT, SEA WEED TONIC, AND SEA BARK PILLS.—This is a deservedly celebrated and popular medicine, having effected a revolution in the healing art, and now the latest in the art of medicine, which have for many years obstructed the progress of medical science. The false supposition that "Consumption is incurable" is a delusion, and is being dispelled by the use of Schenck's Sea Weed Tonic and Mandrake Pills, one or both, according to the requirements of the case.

Dr. Schenck himself, who enjoyed uninterrupted good health for more than forty years, was seized at one time, to be at the very gate of death, his physical state having pronounced his case hopeless and abandoned him to his fate. He was cured by the use of Schenck's Sea Weed Tonic and Mandrake Pills, one or both, according to the requirements of the case.
