The Greensboro Patriot says : J. M. Wright, who for several years carried on the greery business in this place, fell dead in his stable on Mon-day last while saddling a horse to come to town. He was subject to heart disease.

The Rateigh Sentinel says : There is no telling the damage by the floods. We learn every bridge in the county of Caswell is awept away. It is the same in Orange county, the bridge over Euo at Hillsboro has gone the voyage and the water yesterday was in a few feet of the railroad bridge.

The Magnolia Record says: The hotel in Kenansville was closed ou Tuesday. No house for public entertainment is open in that town. Cause, passage of the civil rights monstrosity. Any decent man, who happens to have business there, will not want for something to eat or some place to stay. The people are proverbially hospitable.

The Washington Echo says: On Friday, the 5th inst., Aaron Bonner, convicted of rape and sentenced at the last term of the Superior Court, will, unless further respited or granted a new trial, satisfy the terrible and inexorable demands of the law. Now Peck comes along and saws there is an error; that Davis still says there is an error; that Davis' still has a registered capacity to make so much per hour, and though not hav-ing made that much Mr. Davis is required to pay an excess of \$2.90 for the capacity of his still.

SPECIAL.

Do not spand your money for bad washing. The Warwick collar looks better than linen, and does not need washing.

Passing away! passing away! BEach Tooth Wash of a former day, SUZODONT gives the coup de grace, Good-bye to the humbugs! let them pass.

There are probably a hundred or more proons in this and neighboring towns, who daily auffer from the distressing effects of hidney troubles, who do not know that Johnson's Anodyne Liniment is almost a certain cure. In sovere cases, great relief may be obtained, if not a perfect cure.

We notice that the agricultural papers all over the country recommend the use of Sheridan's Cavalry Condition Powders.—Exchange.
Farmers and others in this section have long known and appreciated the advantages of these powders over all others.

Consumptives, Take Notice.

Every moment of delay makes your cure more hopeless, and much depends on the judicious choice of a remedy. The amount of testimony in favor of Dr. Schenck's Pulmoni Syrap, as a cure for consumption, far exceeds all that can be brought to support the pretensions of any other medicine. See Dr. Schenck's Almanac, containing the certificates of many persons or the highest respectability, who have been restored to health, after being pronounced incurable by physicians of acknowledge ability. Schenck's Pulmonic Fyrup alone has cured many, as these evidences will show; but the cure is often promoted by the employment of two other remedies which Dr. Schenck provides for the purpose. These additional reme dies are Schenck's Ses Weed Tenic and Mandrake Pills. By the timely use of these med cines, according to directions, Dr. Schenek certifies that most any case of Consumption may be cured.

CENTENNIAL -OF THE

niversary on the third of May, 1813, with ceremonies appropriate to so interesting an occasion.

In 1715, one hundred years ago, and before the Declaration of Independence, the German citizens of Charkston railied to the standard of American Liberty. They organized a corps for the defence of the Colonies is the great war for fracdom and rendered signal service in the establishment of self-government. Their record in the Revolutionary struggle is a matter of history. Their services during that memorable contest, under General Liteours of the Continental army, and at the stegge of Savanuah and Charleston and on other battle fields are proud testimonials of their patriotism and devotion. They sealed their devotion to that cause with the blood and lives of many of their numbers.

In 1812 the German Fusiliers were again called upon to assist in the defence of the ceast, and in 1832, when the bloody tomahawk of the Seminole drenched the plains of Florida with the blood of its people, and the cry for succor was again wafted to the shores of Carolina, the German Fusiliers, animated by the spirit of '78, volunteered their services and added in redeeming their sister State fro a the ruthless hand of the past century preserved its organization, and is now believed to be the oldest military organization in the United States.

As early as 1792 they attached to their milli-

oldest military organisation in the United States.

As early as 1792 they attached to their military feature, a society for the support of their indigent widows, orphanisand destitute members. In this noble cause of charity, they have expended large sums from their own private resources; these have been shattered by the calamities of the war.

This will be, as is believed, the first military centennial celebration in these United States. The Fusiliers desire to crown this centennial, not only by giving interest and eighnifoance to the occasion, but also by placing upon a permanent basis, a fund for the relief of the widows and exphase of their deceased mem'ers; these objects would indeed be fit and grateful memorials of this historic occasion. They therefore appeal with confidence to their fellow citizens throughout the broad expanse of this Union, whose liberties, now enjoyed, they helped to achieve Whatever donations may be given for these purposes will be gratefully acknowledged.
