CIVIL RIGHTS.

DECISION OF A UNITED STATES COMMISSIONER IN REFERENCE TO BILLIARD ROOMS.

TRENTON, N. J., March 26—Noon.—The proprietor of a billiard saloon in this city has been arrested for refusing to allow negroes to play. The U. S. Commissioner discharged the prisoner and dismissed the complaint. The Commissioner says: "It is true the public may visit a billiard saloon, also they may go to a store, but every one cannot play there as every one cannot buy in certain stores. The store-keeper may suit his customers. Every place which is accessible to all is not necessarily a place of public amusement. To say everybody can go to a billiard saloon does not determine its character; nor does the fact that a license is required make it a place of public amusement. A license is taken out for a peddler's wagon, but it does not thereby become a place of public amusement. There is nothing in the license idea only by which we can determine the true nature of the place. A licensed place may still be so regulated as practically to exclude the public. It is asked, 'What is a billiard saloon, if not a place of amusement?' I answer, at best and only in a limited sense, or in a qualified manner, can it be called a place of public amusement? It is the private business of a private party, conducted as it suits the keeper. It is no more a place of public amusement than a drinking saloon. Evidently to the latter no man has a right to go and take a drink without leave of the proprietor. The applicant may be refused and driven away for reasons best known to the owner, and which he is not bound to disclose. The civil rights bill has nothing to do, and was intended to have nothing to do, with such places."

SOUTH CAROLINA.

ADJOURNMENT OF THE LEGISLATURE.

GOV. CHAMBERLAIN VETOES THE EXPLANATORY FUNDING BILL.

CHARLESTON, March 26—Night.—The Legislature adjourned *sine die* to-day. Gov. Chamberlain vetoed the bill to declare the true intent and meaning of the Funding act of 1873. The main ground of the veto is that the bill is not in harmony with the settlement of the public debt under the funding act which the Governor, in accordance with his pledges, feels bound to sustain. The vetoed bill proposed to require the interest on the old bonds and stocks of the State to be paid up to the date of the funding of such bonds and stocks, while under the funding act the interest is funded only to January 1874 and is paid in money from that date. Gov. Chamberlain declares that any such change would retard the funding or consolidation of the old debt now going on with gratifying rapidity. The Governor also says the duty of standing firmly by the present settlement of the public debt is paramount to every consideration. The veto was sustained after a sharp debate, all the Conservatives but one voting against the bill.

MARYLAND.

DEATH OF A WAR CELEBRITY.

BALTIMORE, March 26—Night.—The Port Tobacco Independent says: Col. Richard Thomas, generally called Madam Zarnas, died suddenly on last Wednesday, at the residence of his brother James Thomas, in St. Mary's county, Maryland. Colonel Thomas became very conspicuous in the early part of the late civil war by the capture of the steamer St. Nicholas. He took passage on the steamer at Baltimore, disguised as a French ady, and at night, assisted by a few of his men on board, arrested the captain and officers of the steamer and ran her in to Fredericksburg, Va. After the war he resided some years in Paris, but returned to this country about two years ago.

GOTHAM.

GOOD FRIDAY IN BUSINESS CIRCLES.

New York, March 26—Night.—No European markets. The Stock and Gold Exchanges were closed to-day, and among the brokers the day was as closely observed as if it were a legal holiday. The Banks and private Banks were obliged to keep open but they were doing but little business. There were some counter orders for Government bonds and something has been done in foreign Exchange, all on the basis of yesterday's prices and rates. Borrowers of money yesterday made arrangements for loans until Saturday. Money and mercantile paper is as last quoted.

HEADQUARTERS.

RUMORED RESIGNATION OF BRISTOW.

WASHINGTON, March 26—Noon.—It was finally decided in a Cabinet meeting to-day that Louisiana can have no Federal Judge until the next session of Congress. Bristow's resignation is announced in premature, but it is knowingly asserted that the announcement is only premature, however.

ELECTRICISMS.

The Philadelphia Superintendent of Police has notified the Irish Committee that the street parade in memory of John Mitchell, on next Sunday, would not be allowed as it was in violation of the law prohibiting such demonstrations on the Sabbath. The recent damages to the Southern division of the East Tennessee and Georgia railroad have been repaired, including the bridge over the Hiwassee river and the delayed freights with through trains, are now rapidly going forward. The New York Senate yesterday adopted a resolution appointing a special commissioner to investigate the alleged canal frauds. Two dams at Mauch Chunk are still covered with fifteen inches of ice. The dam at Whitehaven, the largest on the Lehigh river, is filled with thousands of logs and is covered with twenty inches of ice.

THE HUB.

KU KLUX EXCITEMENT IN EAST BOSTON.

Boston, March 26—Night.—George Pemberton, the accused murderer of Mrs. Bingham, was arraigned in the East Boston Municipal Court to-day and fully committed for murder. An immense crowd was in attendance and the prisoner was escorted to and from the court room by a guard of sixty police. There is intense excitement in East Boston, and a strong inclination to appeal to lynch law seemed to pervade the masses.

RHODE ISLAND.

THE RADICAL NOMINATION FOR GOVERNOR.

PROVIDENCES, March 26—Noon.—The Republican Convention was in session all night, and at seven o'clock this morning nominated Lippett for Governor, by one vote. The cause of the struggle is the opposition of the Prohibitionists to Lippett. The Prohibitionists hold a convention on Monday.

A Tennessee farmer who has emigrated to Texas has solved for himself the Southern labor problem by the employment of Mexicans as laborers. In a letter to a Tennessee journal he says that the new hands, while slower than negroes, do their work much more efficiently; that they are steady and industrious, and that the cotton raised and picked by them commands a higher price in the market than that grown by negroes.

A Monument.

As big as the grand Pyramid might be built of the teeth that have been rubbed by neglect! Shall this thing go in face of the great fact that SOZODONT is a certain preservative of dental decay?

Ferret seldom make an attack without warning, and may often be driven off by scolding the teeth in warm water, wrapping up warm in bed and taking two or three of Parsons' Purgative Pills.

A Missionary, just returned, says he regards Johnson's Anodyne Linctus as beyond all price, and efficacious beyond any other medicine. It is adapted to a great variety of special cases, and is the best-pain cure in the world.

Consumptives, Take Notice.

Every moment of delay makes your cure more hopeless, and much depends on the judicious choice of a remedy. The amount of testimony in favor of Dr. Schenk's Pulmonic Syrup, as a cure for consumption, far exceeds all that can be brought to support the pretensions of any other medicine. See Dr. Schenk's Almanac, containing the certificates of many persons of the highest respectability, who have been restored to health, after being pronounced incurable by physicians of acknowledged ability. Schenk's Pulmonic Syrup alone has cured many, as these evidences will show; but the cure is often promoted by the employment of two other remedies which Dr. Schenk provides for the purpose. These additional remedies are Schenk's Sea Weed Tonic and Magistrate Pills. By the timely use of these medicines, according to directions, Dr. Schenk certifies that most any case of Consumption may be cured. Dr. Schenk is professionally at his principal office, corner Sixth and Arch streets, Philadelphia, every Monday, where all letters for advice must be addressed.

Its Correspondents are stationed at every important center of ideas and action, both in this country and abroad. The Weekly Tribune has been recognized for many years as the favorite paper of the Agricultural classes (as well as with country readers generally), and an eminent authority has declared that it had done more to promote good farming than any other single influence that ever existed.
