EUROPE.

THE CHURCH TROUBLE REACHING AUSTRIA.

WARLIKE PREPARATIONS IN THE EAST.

SECESSIONS FROM THE ROMAN TO THE GREEK CHURCH.

LONDON, April 5.—Noon.—The Times Berlin correspondent says that there is reason to fear that impending deposition of the Arch Bishop of Breslau will occasion delicate complications between Prussia and Austria because a portion of the Arch Episcopal diocese lies in Austria.

The ship Doce, from New York, for this port is ashore on Isle of Wight in a bad position. The weather is heavy and the crew have left in small boats and have not yet been heard of.

Advices from Calcutta in relation to the difficulties between the India Government and the King of Barmah, concerning boundaries and other matters state that the King is making warlike preparations.

St. Petersburg, April 5.—Noon.—The secessions from the Catholic to the Orthodox Greek church continue on a large scale in Russia and Poland.

THE FLOODS.

REPEATED RAIN AND RAPIDLY RISING RIVERS IN NEW ENGLAND.

ALBANY, April 5.—Noon.—The gorge below broke to-day. The flood immediately subsided, but the docks are still submerged.

Boston, April 5.—Noon.—There has been two days rain and the river is rising throughout New England. Twenty-four hours further rain will cause a general break. A disaster is certain on the Kennebec. The water is over with the wharves at Hallowell and rapidly rising. Several mills at Lawrence will be compelled to stop on account of the back-water, which is higher than since 1869.

Boston, April 5.—Night.—There is no serious damage yet reported from the flood. The rain continued to fall last night. The Merrimack is swollen almost beyond precedent.

The rain has ceased and the prospects of an escape is encouraging.

THE WEST.

FATAL RAILROAD DISASTER NEAR OMAHA.

OMAHA, April 5.—Noon.—There was a collision on the Chicago, Burlington and Quincy Railroad. Both engines were wrecked and the engineer of the Chicago express was killed and several others hurt. The engineer, firemen and three others were seriously hurt, and one baggage master is missing. The cause of the accident was the failure on the part of the operator to deliver train orders. There were no passengers seriously injured.

ELECTRICISMS.

The amateur entertainment in New York for the expenses of the rifle team to Ireland, realized \$4,000.

A Grand Jury at New Orleans have indicted George Drury, a member of the House, from Assumption Point for participating in the forgery of the general appropriation bill.

At Buffalo, N. Y., Coit block, occupied by White & Boyley, photographers and printers, with others, has been burned. Loss \$220,000. Chester, foreman of the Liberty Hose Company, was killed by the falling walls.

The Senatorial election to Mexico, was abandoned at New Orleans.

Prof. W. F. Walker, the well known scientist at Brooklyn, N. Y., died from an over dose of fluid extract of hemlock.

CONNECTICUT.

THE WHITES TRIUMPHANT.

HARTFORD, April 5.—Night.—Forty laws in the State give Charles R. Ingersoll, Democrat for Governor, 11,153 votes; James Lloyd Green, Republican, 8,808; and Henry D. Smith, Prohibitionist, 792. Last year the same towns gave Ingersoll, Democrat, 9,808; Harrison, Republican, 7,828; Smith, Prohibitionist, 941. Ingersoll is probably elected by the people. The Legislature, as far as heard from, is about the same as last year.

Hartford county, with Hartford, Rocky Hill, Granby and Southington to hear from, gives Jas. R. Hawley, Republican for Congress from the 1st District, 6,268 and Geo. M. Saunders, Democrat, 6,576. But little has yet been heard from Tolland county.

Hayley is probably defeated in this District by from 200 to 400 votes.

Later—81 towns give Ingersoll 10,804, Greene 17,940 and Smith 1,366. The same towns gave last year Ingersoll 17,526, Harrison, Republican 15,432 and Smith, Prohibition, 253. Hayley is defeated by about 12,000 in the First District. The Republicans make some gains in the Legislature but probably not enough to overcome the Democratic majority of last year. Hartford county, all but Hartford, Granby and Southington gives Green, Republican, 5,939; Ingersoll, Democrat, 6,916; Smith, Prohibition, 312. For Congress—Landers, Democrat, 6,679; Hawley, Republican, 6,386;

Lyon, Prohibition, 191. P. C. Barum is elected Mayor of Bridgeport. The Democratic majority at Hartford is three or four thousand. The Congressmen are Democratic in the First, Second and Fourth Districts. Don't get too full returns to-day.

CINCINNATI, Ohio, April 5.—Night.—The city election to-day was very exciting and the vote polled was the heaviest ever known here. There was considerable disturbance at the polls, but nothing of a serious nature is reported. At this hour, 11 p. m., it is believed that the Democrats have elected their entire ticket by majorities ranging from one thousand to six thousand, Johnson for Mayor receiving the heaviest vote. The official returns are coming in slowly.

BALTIMORE, April 5.—Night.—In the municipal election at Annapolis to-day, the entire Democratic ticket was elected by about 85 majority. A special to the American, from Annapolis to-night, says: Although there was a great deal of excitement, the election passed off quietly up to 5 o'clock, when a disturbance occurred in the 3d Ward, and a conflict between the whites and blacks ensued. The first of it was caused by some colored men attempting to prevent a colored Democrat from voting, and in the melee which followed two or three shot were fired, but no serious damage was done; yet it served to exasperate both sides, and the news of a conflict soon spreading, a crowd immediately began to gather, the whites being greatly excited at what had taken place.

The negroes were strolling about, carrying candles and when one of them was remonstrated with, one white man named McNeal was shot in the hand, and another named David Basil, was shot in the ankle. A colored boy about eighteen years of age, and in all probability an innocent one, as he is very favorably spoken of by those who know him, was killed by being shot in the back of his head apparently while attempting to elude the crowd. Since then everything has been quiet except the Democrats who are noisy in their jubilant spirits of their achievement. By whom he was killed it is impossible to ascertain, as the scene was an indiscriminate fire by the whites and negroes.

HEADQUARTERS.

NEW TO SUCCEED SPINNER.

GRANT ON THE MEXICAN OUTRAGES.

WHAT HAS ALREADY BEEN DONE, AND WHAT WE YET HAVE TO DO.

THE FEVER AT KEY WEST.

WASHINGTON, April 5.—Night.—Commissioner John C. New is to be Treasurer of the United States, vice Spinner resigned to-day. New takes possession on the 30th of June.

President Grant to-day, in conversation with the writer hereof, remarked in reply to a question, that he was somewhat amused lately at the newspaper statements of what he would do in relation to the outrages by the Mexicans, involving the Texas frontier. He said such statements were inventions, as he had not, since those events, expressed his views to any persons, not even to the Secretary of State, who, like himself, had been absent from the city. It was already known to the public that orders had been issued to the military for the protection of our citizens on the frontier, but in addition to this nothing had been done. The government was not yet fully advised of the extent of outrages, although had been officially informed of the arrest of a mail carrier, and the burning of a post-office by the invaders. The Mexican Government had been repeatedly reminded of the outrages heretofore committed by the Mexicans on citizens of the United States, both in Mexico and on United States soil, and would hear from this Government in a short time concerning those more recently committed, through the Department of State. There would be a consultation with the Secretary of State on this subject, and probably it would be brought to the attention of the Cabinet, but in the meantime all newspaper statements as to the action of the Government would be mere speculations.

We must, he remarked, determine hereafter what is proper to be done in the premises. He could not see any reason for apprehension of war between the two countries, but of course no one could tell what might take place in the future. Nothing however would be done by this government to provoke such a result. The President on being asked whether there was any truth in the rumor about the resignation or removal of Commissioner Douglas said he had no such knowledge and therefore the rumor was untrue. The President was also questioned in regard to other rumored removals when he said Mr. Johnson, the Commissioner of Customs would be retained, with First Comptroller Taylor, of whose honesty and uprightness he was assured and also of Lord Comptroller Broadhead. The President said there was a vacancy in the office of Minister to Peru occasioned by the resignation of Mr. Francis Thomas of Maryland, but he had not yet selected his successor.

The vital statistics of the Board of Health of the District of Columbia for the last week show a total of 99 deaths, while the rate of mortality of the white population was 23 and 10-100 per thousand per annum the mortality of the colored population was 65 per thousand for the same period.

The following was received here to-day:

KEY WEST, April 5.
Surgeon-General Jos. Beale:
The weather has changed much cooler. No new cases of fever since the last telegram. The present indications are encouraging.

(Signed) R. J. PERRY,
Acting Assistant Surgeon.

KEY WEST, April 5.—Noon.—To the Secretary, Washington: From news-

papers received here to-day I learn that imputations are cast upon me directly for failing to inform the department of the existence of so called yellow fever epidemic at this port. I now confirm my dispatch of yesterday, after consulting the health officer, and state positively that no case of yellow fever exists in this city or vicinity, or on ship-board. The case referred to in my dispatch, if yellow fever at all, which is strongly doubted by many who have had the disease, was simply sporadic. The city is perfectly healthy, with no symptoms of disease, and no cause for quarantening steamers locating at this port exists.

Signed, F. N. WICKER,
Collector of Customs.

SPECIAL.

Beware of imitations. Buy only the genuine folded-edge collar, Flawwood and Warwick. They are the best made.

Mechanical Tinkering
Cannot arrest the decomposition of the teeth. Nothing will do this but that pure disinfectant and preservative which, under the name of SODODONT, has become a staple of the toilet throughout the world.

More than 40 years have elapsed, since Johnson & Sons' salinometer was first invented, during which time hundreds of thousands have been benefited by its use. Probably no article ever became so universally popular with all classes as Johnson & Sons' salinometer.

Pills which contain antimony, quinine and calomel, should be avoided, as severe griping pains would be their only result. The safest, surest, and best pills are Parson's Purgative or Anti-Bilious Pills.

The Great Tribunal.
Public opinion is the great tribunal by which the value of all discoveries is judged. Its favorable verdict long ago stamped Retzler's Stomach Bitters as the leading invigorant and alterative, the age and the truthfulness of the decision is constantly receiving fresh corroboration, in the shape of reports, the most complete and satisfactory, accomplished in any very short time. Tribute to its efficacy as a remedy for indigestion, constipation, nervous complaints, sleeplessness, general debility, rheumatism and kidney disorders per in from every quarter; physicians emphatically commend it as a remedy for most morbid maladies, and the press increases the dictum of the profession. Thus the popularity of the reigning tonic-stimulant of America is constantly widening, despite the inventive fustian against spurious preparations, which the vendors of such temperance bitters, which the public some time since discovered to be fermented rubbish, and the sales of which are rapidly on the wane.

Many who are suffering from the effects of the warm weather and are debilitated, are advised by physicians to take moderate amounts of whisky two or three times during the day. In a little while those who adopt this advice frequently increase the number of "drinks," and in time become confirmed nebrates. A beverage which will not create thirst for intoxicating liquors, and which is intended especially for the benefit of debilitated persons, whether at home or abroad, is Dr. Schenk's Sarsaparilla. Containing the juices of many medicinal herbs, this preparation does not create an appetite for the intoxicating cup. The nourishing and life-supporting properties of many valuable natural productions contained in it and well known to medical men have a most strengthening influence. A single bottle of this will demonstrate its valuable qualities. For debility arising from weakness, over exertion or from any cause whatsoever a medicinal dose of Sarsaparilla taken after meals will strengthen the stomach and create an appetite for wholesome food. To all who are about leaving their homes, we desire to say that the excellent effects of Dr. Schenk's Sarsaparilla, are particularly evident when taken by those who are injuriously affected by a change of water and diet. No person should leave home without taking a supply of these safeguards along. For sale by all druggists.

STATE OF NORTH CAROLINA.

Superior Court of New Hanover Co.

Francis W. Kerchner, Robert E. Calder and William Calder, parties under firm name of Kerchner & Calder Brothers, Plaintiffs, against Henry L. Morris, Defendant.

To Henry L. Morris—Greeting:

This action is brought to recover the sum of Forty seven Hundred and Thirty-seven and 10/100 Dollars, with interest thereon, from January 29th, 1874, due the plaintiffs herein by you under seal made by the said Henry L. Morris payable to F. W. Kerchner as the plaintiffs.

The summons in this case is returnable to the Term of the Superior Court of New Hanover county above written, to be held at the Court House in Wilmington on the tenth Monday after the second of February, in February, 1875. The said defendant, Henry L. Morris, is further notified that a writ of attachment has been issued in this case against property of the said defendant returnable also to the said term of the Superior Court of New Hanover county.

JAMES HEATON, Clerk Superior Court.

JUNIOR DAVIS, Attorney for Plaintiffs.

THE STATE OF SOUTH CAROLINA.

COUNTY OF HOBBS.

COURT OF COMMON PLEAS.

Joseph H. Derham, Plaintiff, against Harriet C. Daniels, Edward Daniels, Charlotte H. Daniels, Edward Daniels and Agnes Daniels, Defendants.

GOTT SUMMERS,

To the Defendants: Harriet C. Daniels, John H. Daniels, Charlotte H. Daniels, Edward Daniels and Agnes Daniels.

You are hereby summoned and required to answer the complaint within the time specified in the office of the Clerk of Common Pleas for the said county, and to serve a copy of your answer on the said plaintiff, on or before the twenty days after the service hereof, exclusive of the day of such service, and if you fail to answer the complaint within the time aforesaid, the plaintiff in this action will apply to the Court for the relief demanded in the complaint.

Dated March 30th, 1875.

THOS. W. HEATY, C. C. P.

Jos. T. WALSH, Plaintiff's Attorney.

To the Defendants:

Harriet C. Daniels, John H. Daniels, Charlotte H. Daniels, Edward Daniels and Agnes Daniels.

Take notice that the summons in this action, of which the foregoing is a copy, is filed in the office of the Clerk of the Court of Common Pleas, at Conwayboro, in the State of South Carolina, on the 26th day of March, 1875.

J. H. ROBINSON, Plaintiff's Attorney.

Executors Notice

HAVING QUALIFIED AS EXECUTOR of the last will and testament of David K. Futch, notice is hereby given to all persons having claims against the decedent to exhibit them to me on or before the 15th day of February, 1876. All persons indebted to said decedent are hereby requested to make immediate payment to me.

C. A. HAMNER, Executor of David K. Futch.

ADAM EMPIR, Attorney.

Notice.

THERE WILL BE A MEETING OF THE STOCKHOLDERS (old and new) of the WILMINGTON COMPREHENSIVE COMPANY at the Produce Exchange to day (TUESDAY) at 11 o'clock A. M. A full attendance is desired: By order of the Directors.

O. P. MERRANE, Secretary and Treasurer.

Plants, Seeds and Bulbs.

Fishes and garden-men are respectfully notified that my Garden and Green House or sets, between Princess and Chestnut streets are now stocked with an elegant variety of plants, of all kinds, which I offer at very low prices. A call and an examination is respectfully solicited.

April 6-10

GEO. P. LAMB, Florist.

April 6-10

THE ATTENTION OF THE CITIZENS of the community is respectfully called to the fact that the sickly season approaches with the warm weather, which is now near at hand, and that it becomes my duty to adopt the most stringent sanitary measures at this time in order to preserve the health of the city. To prevent, as far possible, the spread of all diseases incident to the warm season, which
