Gov. Bard has resigned the Attorney Postmastership, to take place ou the 1st of June. Sarah Walker alias Press Oakley, the child stealer, has been sentenced to three mouths imprisonment, with the

The Postmaster General has official advices that the Postoffice at Carizo has been pluudered by Mexicans and Dr. Lovell killed.

A collision occurred on the Baltimore & Potomac ratiroad about 5 o'clock this afternoon, just outside the tween the 4:53 train from this city and the New York train due here at 5:13 p. m. Eight or ten persons were seriously injured, and both of the

trains were badly wrecked.

Later—In the collision this afternoon there were nine persons seriously injured and others slightly. A careful enquiry gives no Southern names, either in incoming or outgoing, among the injured, though some may be delayed through confusion of baggage. The engines tenders are de-motioned and the baggage cars are

piled on them.

A number of clerks took to London eleven million dollars in bonds, being the last of the subscription by syndi-

The President has declined to interfere in the case of Hope H. Slatter, recently convicted in this city of man-shaughter, in having killed Michael Hussey at a restaurant two years ago and sentenced to four years in the Albany penitentiary. The application for his pardon had been pending for several weeks.

The Postmaster-General to-day issued an order cancelling all awards of contracts heretofore made in favor of Jerome J. Hinds, Patrick Laughlin, John W. Delaney, William Weiss and Wm C. Iddings, these being the names contained in the proposals fraudulently imposed upon the Department by the complicity of clerks at the regular letting. The order directs the contracts to be immediately awarded to the respective bidders whose proposals are next lowest in amount to the proposals rejected. The routes referred to are all in the State of Texmade with the full knowledge of the amounts of the bons fide proposals, and only a few dollars below them, the loss to the government by the present order will be very small.

New ORLEANS, April 26-Noon-Both Houses of the Legislature have

adjourned sine die. The resolutions suspending Auditor

Cinton under the impeachment pro-cedings were postponed by the Sen-ate by a vote of 18 to 16. But few, if any, reform measures became a law. A bill, however, ap-propriating \$170,000 for the expenses

of an extra session passed. The officers, passengers and hands of the burned steamers lost all of their clothing, baggage, &c.

Dr. Schenck's Pulmonic Syrup, Sea Weed Tonic, and Mandrake Pills. These medicines have undoubtedly performed more cures of Consumption than any other remedy known to the American public. They are compounded of vegetable ingredients, and contain nothing which can be injurious to the human constitution. Other remoties advertised as curef for consumption probably contain opinm, which is a somewhat dangerous drug in all cases, and if taken freely by consumptive patients, it must do great injury ; for its sendency is to confine the morbid matterin the system, which, of course, must make a cure impossible. Schenck's Pulmonic Syrup is warranted not to contain a particle of opium. It is composed of powerful but harmless herbs, wu ich acton the lungs, liver, stomach herbs, we led actor the lungs, liver, stomach and blood, and thus correct all morbid secretions, and expel all the diseased matter from the body. These are the only means by which consumption can be cared, and as Schenck's Pulmonic syrup, Sea Weed Tonic, and Maddake Pills are the only medicines which operate in this way, it is obvious they are the only g natine cure for Pulmonary Consumption. Each bottle of this invaluable medicine is accompanied by full directions. Dr. Schenck is accompanied by full directions. Dr. Schenck
