THE SPENCER INVESTIGATING COMMITTEE.

ASTOUNDING DEVELOPMENTS ELICITED BY THE COM-MITTEE.

MONTGOMERY, May 12-Night-The Legislative Committee to investigate the means whereby Spencer secured the claim to the Senate, took a recess to day. Over three hundred Tais seemed to fix the Lowndes counpages of manuscript testimony by Republican witnesses prove the following

Before the election Spencer went to Louisville to see Gen. Terry and urge crats would have control of the organization and defeat Spencer. The Republicans who opposed Spencer were bought over with money and the promises of appointments to office. In order to get a quorum for the Court Roem a body of men were sent counties, not only without certifica'es of election but without any pretence leading them into conversations and of election. In order to defeat a reported to Spencer. We tried conquorum in the Capital Legislature one member was bribed by Hinds and another was drugged to insensibility. The money used in corrupting members was government funds borrowed for that purpose from Post and Revenue officials. When a compromise was proposed by Attorney-General Williams it was found that unless one Democratic Senator could be unscated and a Republican put in his stead the record would show that the court room legislature had no quorum in the Senate and that Spencer's election was void. Thereupon one Glass, county, was paid from three hundred how Parker and Chisholm, two men to five hundred dollars to pair off with from different counties generally a Democratic Senstor in what was known as the Miller and Martin contest and violate his pledge. The Lieutenant-Governor McKinsley was to rule and the Republican Senators were to sustain his rulings so as to settle the contest before notice of the treachery could be conveyed to the absent Democratic Senators. The testimony of Robert Barbour, Clerk of the Court Room lower house, and also olerk of the same house after consolidation, is a sample of the whole mess. Barbour being duly sworn, testified as follows: I was clerk of the lower house of the Court Room Legislature, and also Clerk of the House in the consolidated Legislature. The object of the Court Room Legislature was to

secure the organization and elect Gan-eral Spencer to the United States Sen-ate. We did not think this could be

done if we met at the Capital After

detailing the means employed by Spencer to shelve ex-Governor Par-

troops had been ordered to Alabama and where stationed it proceeded thus:
I wish that Randorph U.S. Marshal, would use the company at Opelika in making arrests in Talahoosa, Randorph and Clebourne counties. I

J. J. Hinds was Spencer's confidential man and represented him in every particular. He had control of every movement. C. C. Sheats, Col. W. H. Betts, J. C. Whiting, J. J. Hinds, C. Pelham, U. S. Marshal A. R. Baker and I had the special management of Spencer's electron. In our conferences I was informed that all the money needed to secure Spencer's election was provided and in the hands of Hinds. It was said that the Lowndes county delegation, except Major Hunter, were disaffected. This would defeat Spencer's election. We were informed that \$2,000 had been raised for the purpose of disaffecting these member and that it had been deposit at the same time and that the same time and that the same time and that the same time. Both did go to the depot at the same time. Both di The Post publishes an address of the Hinds. In the Court Room Assembly,

colored ball, I sent J. N. Bend to interview him and report. Sandy Bynum, John C. Hendrix and myself were selected to watch the Lowndes county Representatives, except Hunter, Gortschakoff and Bismarck had a long all night. Just before day Assistant Sergeant-at-Arms Dan Norwood, came Spencer's room and informed bim that I had them. He told me to conduct them to his room, which I did. I told them that Spencer had made up his mind to give each of them an appointment; and Spencer, who was present, promised them route agencies. During the night I left Bynum on

learning that Jones was attending a

Lowndes county delegation were present and voted for Spencer. Many members from other counties were promised him to send troops to Alabama, the offices. I was authorized by Spencer to purpose being to use the troops as a promise members as many offices political machine to intimidate Demoeratic voters. After the election a promise members as many offices as I might think necessary to secure their support. It was understood that seperate Court Room Legislature was Calvin Goodloe was to get a Federal organized because it was feared that appointment, and that at the proper if both parties met together the Demotime he was to join the Court Room Legislature and vote for Spencer; meanwhile he was to remain iu a posttion to have access to and the confidence of the Capitol Assembly until his vote was necessary at the Court Room Legislature to elect Senator Spencer. He ascertained all he could for and paid to come and represent of their movements by going to the rooms of members of that body and

> stantly to defeat a quorum of the Capitol Legislature, and I was given to understand that the plan had succeeded by disaffecting two members and drugging another to ins naibility. I was given to understand that Mr. S ........ was to be drugged, and was afterwards informed that he had been drugged and was lying somewhere insensible. This was the night before the day fixed by law for the election of a U. S. Senator when the Capitol

Assembly would proceed to elect on that day. I learned that the drugged member was still lying insensible. The witness then proceeded to detail how Parker and Chisholm, two men known to have been not elected, were sent for and induced by the promise of office to enter the Court Room Legislature as representatives of their respective counties, and proceeds as follows: Baker was appointed Clerk of the House Committee on Internal Improvement by Gen. Dustan, the Chairman. He told me that he had also been promised a Federal appointment and he was afterwards appointed U. S. Marshal for the Northern District

of Alabama. After the consolidation of the two Legislatures. Chisholm was appointed to a position in the Custom House in Mobile. In the Miller-Martin contest for a seat in the consolidated Senate, it was decided by the friends of Spencer, the managers before referred to, that Miller should be seated. This was to be accomplished by sustaining Lieu-tenant-Governor McKinstry's rulings, whatever they may be. In order to secure the success of this plan and to sons and Alex. White whom he had get McKinstry make such rulings as heard would be rival candidates for would seat Miller before the absent heard would be rival candidates for the Senate, the witness proceeded:

I have letters from Spencer relative was necessary, we thought for Me-kinstry so to rule as to cut off all debate and secure a final vote. It was thought that if McKinstry so ruled, the Demogratic Senator would either the McKinstry so ruled, the Demogratic Senator would either the McKinstry so ruled, the Demogratic Senator would either the McKinstry so ruled, the Demogratic Senator would either the McKinstry so ruled, the Demogratic Senator would either the McKinstry so ruled, the Demogratic Senator would either the McKinstry so ruled, the

McKinstry knew our plans but he knew the men we had stationed in the lobby, and we believed that he would so rule as to seat Miller at all hazards, and that he would be strengthened by their presence. The purpose was to show him that he had friends there who would back him. We apprehended some dilatory action by the Democrats which would prevent final ac-

ters were written and signed by him, and bear the impress of his seal and the motto Dicu dependi le droit

The expression relative to arrests in Randolph and other counties refers to a letter received by me from Randolph county, in which it was stated that if troops could be sent into the counties named to make a few arrests, enough voters could be run out of them to secure the election of the Republican candidates for the Legislatur. I informed General Spencer of these facts and this is what that part of his letter relates to. As assistant secretary of the Republican State Executive Committee I was familiar with the plans of Spencer and the Republican party,—

In answer to a question as to what means were used to induce Senator Glass to remain in Montgomery after Edwards, with whom he had paired off on this question, had left, the witness said it was understood that Glass was to pair with Edwards on this question; that the two should go to the depot at the same time and that Glass was to pair with Edwards on this question; that the two should go to the depot at the same time and that Glass should then return to the city seemingly or apparently unknown to Edwards, the idea being to make other than the return of the absent Democratic Senator Edwards. It was therefore necessary to have final action that day and seat Miller before Edwards got back.
