THE UNIVERSITY.

ELECTION OF PROFESSORS.

[Special to the Journal.]

Raleigh, June 17th.

The Trustees of the University of North Carolina elected the following additional Professors to-day: Rev. DeBernia Hooper, D. D., College of Ancient Languages; Rev. Charles Phillips, D. D., College of Mathematics; Rev. A. W. Mangum, College of Literature; Geo. T. Winston, Adjunct Professor in College of Literature; Rev. A. F. Redd, College of Natural Sciences.

The question of the Presidency will be settled to-morrow.

THE VIRGO.

HADRAM, June 17—Noon—The steamer Virgo, anchored at St. Pierre, has gone to pieces.

Tuesday night the captain of a vessel at Canso spoke the schooner Treasurer, the captain of which reported that two dories and four men had been absent forty-eight hours. They were probably lost as the weather was very rough.

THE CATHOLICS.

PHILADELPHIA, June 17—Night—Bishop Woods was invested with the Pallium to-day by Archbishop Hagley. A vast crowd was in attendance and the adjacent streets were beautifully decorated. The clergy assembled at the old seminary building corner of 18th and Race. The admission to the Cathedral was by tickets. Bishops Elder, of Natchez; Lynch, of Charleston; Quinn, of Mobile, and Gibbons, of Richmond, participated. Three hundred clergy were present.

BUNKER HILL.

Boston, June 17—Night—The day was cloudless; entering trains swarmed with visitors. Teams are prohibited from the streets. Notwithstanding the crowds, excellent order prevails, with but few arrests. State troops lead the parade. The most hearty shouts were reserved for a Philadelphia regiment clad in grey, the Maryland Fifth, the Charleston Light Infantry, and the New York Seventh. The Maryland Fifth bears its elegant flag, presented to it yesterday. The parade of soldiers occupied two hours in passing the State House.

While the military review was proceeding at the State House, the Democracy of Knights Templar, of Boston, escorted their visiting brethren of the Richmond Commandery, to Charlestown, where they were received by the Cour de Leon Commandery, and thence to the Odd Fellows' Hall. Addresses of welcome were made by Hon. Richard Frothingham, of the Cour de Leon Commandery, and by Grand Commander W. B. Isaac, which were responded to by ex-Governor Walker, of Virginia. Speeches were also made by eminent Commanders of the Cour de Leon Commandery, and eminent Commanders of the Cour de Leon Commandery. A collection was made for the general display was the most magnificent ever seen in this city.

ELECTRICISMS.

At the meeting of the National Board of Trade in Philadelphia, the Bureau of International Improvements, submitted by the Mobile Board of Trade, has been indefinitely postponed. The Mississippi Leaves, submitted by the Chamber of Commerce of New Orleans, was indefinitely postponed.

The gentlemen composing the American Rifle Team, in Dublin, have been elected honorary members of the principal Club.

HEADQUARTERS.

THE INDIANS.

CABINET MOVEMENTS.

WASHINGTON, June 17—Night—Instructions for the guidance of the Sioux Commissioners are nearly completed at the Indian Bureau, but the Commissioners of Indian Affairs announce that they will not be given to the press, at least not until after the Commissioners are engaged in their labors. They hope to have the negotiations affected without the interference of such outside parties as follow of the Indians to Washington, and therefore deem it prudent to withhold the instructions from the public.

The State Department has advised that Portugal has forbidden the importation of potatoes from the United States.

THE EARTHQUAKE IN NEW GRENADA.

Further Details of the Calamity—Towns and Cities Destroyed.

Details of the terrible earthquake which recently visited the Valley of Cucuta, New Grenada, seem to confirm the report published on Saturday morning. The Royal mail steamship Balise, which arrived at Aspinwall on the 4th instant, from Sarinilla, brings the following from an extra of the Baranquilla Shipping List of May 29:

The steamer Isabal, which arrived yesterday, from the interior, neared our city with her flag at half-mast, indicating that she was the bearer of unwelcome news, and while there were various conjectures as to its import, none had, for a moment, pictured the colossal magnitude of the awful calamity which had taken place. The information which has reached us on the subject is contained in a letter dated in Salazar, seven leagues from Cucuta, the 19th of the present month; from which we extract and translate the following: "At 11:10 A. M. of yesterday, the 18th, a severe earthquake visited this city and regions." "In this city a large part of the churches fell. Several houses were destroyed and a few persons killed. The city of Ocaña is entirely destroyed, only a few families being saved. The Botica Alemana (German drug store) was set on fire by a ball of fire which was thrown out of the volcano, which constantly belches out lava. This volcano has opened itself in front of Santiago in a ridge called El Alto de la Giracha. San Cayetano was destroyed. Santiago, in a larger part.

In Gramolote there was great destruction. Arboleda, Cucurulla, and San Cristobal are nearly destroyed, principally the four last. The population of these towns, estimated by persons well acquainted in that region, are, more or less, as follows: San Cayetano, 4,000; Arboleda, 2,000; Gramolote, 3,000; Arboleda, 5,000; Cucurulla, 5,000; San Cristobal, 16,000. The section of country above referred to embraces the regions around about where Colombia and Venezuela join the Colombian portion, embracing the State of Santander. It is in some respects the most productive part of this republic, and the coffee of this section is famous all the world over. San Jose de Cucuta, the city of the most importance of any in that section, was situated on the boundary of Republic, latitude 7 degrees 50 north, longitude 72 degrees 10 west, and was founded by Juan de Marton in 1843. It was a port of entry, (if an inland town can be called a port), and here was the established custom house. The population of the city at the time of the disaster is estimated at about 1,800. It had a large commercial business, and was the great depot for coffee and cocoa for shipment either through the Venezuelan ports or down the Magdalena to this city. The shock was felt sharply in Bogota and adjoining sections. A gentleman who was at the time in Facativae says that the movement lasted for three quarters of a minute. It was also slightly felt in Barranquilla and other places.

Vital Statistics and Mortality Rates.

The Board of Health of the District of Columbia has issued a report showing the method adopted by them in cleaning the cities of Washington and Georgetown. In the course of this report valuable tables are published concerning the rates of mortality in a number of important cities, North and South. A compilation, never before made, of the percentage per thousand of population of deaths from all causes during the year 1874, taken from the official reports of the health officers of the different cities, on record in the registers of offices, gives the following mortality rates: Charleston, S. C., 38.96 per cent per 1,000 population; Savannah, Ga., 35.38; New Orleans, 32.76; Newark, N. J., 29.16; Troy, N. Y., 29.00; Augusta, Ga., 28.66; New York, 27.62; Fall River, Mass., 27.21; Pittsburg, 24.68; Cambridge, Mass., 24.56; Norfolk, 24.50; Richmond, 24.47; Brooklyn, 24.46; Lowell, Mass., 24.12; Jersey City, 23.97; Lawrence, Mass., 23.45; Memphis, Tenn., 22.96; Paterson, N. J., 22.30; Detroit, Mich., 21.67; Norwich, Conn., 21.35; Baltimore, 21.14; Boston, 20.83; Cincinnati, 20.46; Worcester, Mass., 20.46; Lynn, Mass., 20.45; Chicago, 20.29; Toledo, 19.40; Duluth, Minn., 19.38; Providence, R. I., 19.30; Alleghany City, Pa., 19.17; District of Columbia, 19.72; Philadelphia, 19.66; New Haven, 19.50; San Francisco, 19.25; Milwaukee, 19.00; Portland, 19.00; Salem, Mass., 19.07; Albany, N. Y., 18.08; Reading, Pa., 18.66; Quincy, Ill., 18.50; Buffalo, 18.46; Galveston, 18.41; Yonkers, N. Y., 18.35; Springfield, Mass., 18.33; Evansville, Ind., 18.00; Rochester, 17.56; Port Wayne, Ind., 17.30; Cleveland, 16.69; Elmira, 16.42; Utica, N. Y., 16.42; St. Paul, 16.08; Bangor, Me., 15.65; Syracuse, N. Y., 15.07; Wheeling, W. Va., 14.66; St. Louis, 14.46; Dayton, Ohio, 14.09; Concord, N. H., 13.15; Hartford, Conn., 12.86; Toledo, 12.40; Dubuque, Iowa, 12.32; Newport, R. I., 12.30; Terre Haute, Ind., 12.20; Peoria, Ill., 11.16; Omaha, 11.00; Lansing, Mich., 9.25.

The District Board of Health also make an exhibit of the rates of mortality between the white and negro population, which tells its own story. The whites, in 1874, of the cities of Washington and Georgetown left this world at the rate of 19.30 per thousand; the blacks, 43.95 per thousand for the same period. The rate of increase of the white population by births over deaths was 4.15 per thousand, while the decrease of the colored population by deaths over births was 15.45 per thousand per annum.

This fearful mortality among the negroes and distinction in births may set Henry Wilson & Co., to figuring out how long the freed people, without any hope of having their numbers swelled by immigration from abroad, are going to last in this country. Emancipation has brought them not life but death.
