LEASE OF THE ATLANTIC & PACIFIC TELEGRAPH COMPANY TO THE WESTERN UNION TELEGRAPH COMPANY—MORE PARAGRAPHS

New York, Aug. 28.—A. C. Cowing & Co., one of the largest manufacturing firms in the United States, made an assignment to W. B. Lathrop, of Seneca Falls, where their factory is located. They have a large establishment in Murray street, in this city, and depots in Chicago, St. Louis, Kansas City, and other points.
John P. Cowing, founder of the firm, although not now a member, says he will give up everything to pay the creditors. He charges the disaster to gross mismanagement.
At the Executive office of the Western Union Telegraph Company this afternoon a reporter ascertained that a committee of that company and one from the Atlantic & Pacific Telegraph Company have effected a consolidation in favor of a lease of property and of the Western Union Telegraph Company, subject only to ratification by the respective Boards of Directors. The committee decline to state for the present whether the rental is to be fixed or graduated on the profits.
The bank statement decreased five-eighths of a million; specie decreased one-eighth of a million; legal tenders increased one-eighth of a million; deposits increased half a million.
Tracy Robinson, late financial agent and assistant superintendent of the Panama Railroad, lately accused of appropriating the Company's funds, has been fully exonerated. Suits on both sides have been withdrawn.

CALIFORNIA.

THE MONETARY CRISIS—MORE FAILURES.

SAN FRANCISCO, Aug. 28.—It would be difficult to state the effect of Balfour's failure upon his manufacturing enterprises. It is feared that the Kimball Manufacturing Company will be unable to stand the shock. The Rolling Mills, generally, in a better condition. The Cornell Watch Factory will be seriously crippled. The effect on mining stocks cannot be estimated, as all business in that line is suspended.
Ralston, in his letter said, "I tell you the failure is the result of persistent efforts for months to break this bank."
LATER.—The directors applied to Flood & O'Brien on the day of the failure, offering them the entire paid up stock of the bank, (\$5,000,000), and the \$1,500,000 in bank, and an additional million to be assessed on the stockholders, in all seven and a half million, providing Flood & O'Brien would assume the liabilities of the bank. The proposition being rejected, the bank was compelled to suspend. The liabilities of the bank amount to \$14,000,000; assets \$7,000,000, which will probably shrink before being convertible. The recent condition of the bank was concealed from the directors up to Thursday. Ralston was asked to resign. The board was still in session when the suspending of Balfour was announced. The stockholders will lose their stock, and to meet the liabilities of the bank they will be compelled to stand an assessment of fifty per cent.
Later information tends strongly to disprove the theory of suicide, and the statement of the attending physician to the effect that Ralston's death resulted from an attack of apoplexy while in bathing. Mr. Ralston transferred all his property to Senator Wm. Sharon, for the benefit of his creditors. In receiving the trust, Mr. Sharon pledged his honor to stand by his old friend to the last dollar of his own immense private fortune.

EUROPE.

FOREIGN MISCELLANY.

PARIS, Aug. 28.—Pilgrimage from Germany is exciting considerable discussion in France. *Le Moniteur* says, France is open to all foreigners, but that the Government is entitled to and will oppose all assemblages or displays of banners or insignia calculated to disturb public order, and it will not fail to do its duty. The Government and public opinion of France agree that it is their duty to abstain from interference in the discussions and conflicts in Germany between Church and State, and for the sake of peace, which is dear to us and desirable to Germany, to avoid making French territory the scene of their religious discussions.
ETRHOURT, Eng., Aug. 28.—One of the coroner's jury in the Royal yacht collision inquest, announces that two of the jurors favored the verdict of accidental death, but differed as to the blame attached to individual officers. The public feeling against the officers was very strong. Some of them were molested on the streets by a mob.
MALTA, Aug. 28.—The United States Steamer Hartford is here homeward bound. The difficulty between the American Consul and the Tripolitan is settled. The apology was made by order of the Porte. The affair originated in some seamen entering the Consul's garden for matches.
A Paris dispatch from Perpignan says the news of the surrender of Leo du Ural is doubted here. The latest dispatch from General Campos was dated on the eve of the 26th, and says: "The Carlists still refuse to pardon prisoners. I shall probably grant a further brief suspension of hostilities."
