[SPECIAL TO THE JOURNAL.]

Raleigh, Sept. 7.—Dr. Edward Ransom, the Democratic nominee for President of the Constitutional Convention, was elected to-day, on the 14th ballot.

[ASSOCIATED PRESS DISPATCH.] Raleigh, Sept. 7.—Dr. Edward Ransom, the Democratic nominee for President of the Constitutional Convention, was elected to-day, on the 14th ballot, thus securing a Democratic organization of that body.

Dr. Ransom, on taking the chair, said:

Gentlemen of the Convention:—I regret exceedingly the lack of language to express my gratitude. I did not desire this position. I deprecated it. I doubted my abilities to properly discharge the duties, but I understand the object of the Convention to be to consider such amendments to the Constitution as shall meet the approbation of the people, and as the presiding officer of this body, my earnest aim shall be to discharge my duties with that impartiality and fairness that will be acceptable to my fellow members. I now declare this Convention duly organized and ready for the transaction of business.

The election in Orange county to supply the vacancy occasioned by the death of Ex-Gov. Graham, takes place on the 16th inst., after which the Democrats claim an easy working majority in the Convention.

WASHINGTON.

The Attorney-General and the Clinton, Miss., Riots.

WASHINGTON, Sept. 7.—Telegrams have been received by the Attorney-General from the United States District and the United States Marshal at Jackson, Miss., with reference to the recent disturbances there between the white and colored citizens. The information these telegrams convey is substantially to the effect, that at a political meeting held at Clinton, Miss., on Saturday last, a riot originated, during which three white and four negroes were killed, and many were wounded. There does not appear to be any attack or violence of law so far as the United States authorities are concerned, and up to a late hour this afternoon there have been no suggestions in any way from United States authorities, which should lead to the interference of the General Government, though Jackson was represented as being in a very high state of excitement, and the officers sending the telegram, were of the opinion that the State authorities were powerless to prevent the continuance of the disorders.

The Attorney-General telegraphed to the District-Attorney and the United States Marshal at Jackson, to do all in their power to preserve order, but as there has been no call from the United States authorities for assistance, no further directions have been given. Should application be made from officers of the General Government stationed in the disturbed places, for aid in preserving the laws or supporting their official authority, it is probable that the Attorney-General would ask for assistance from the military, but up to this time there has been no such demands or suggestions.

Wm. Cooley Wanted—Horrible Cruelty Practiced by Insurgents, &c.

LONDON, Sept. 6.—A special dispatch to the Standard says that the British Consul has arrived at Mostar. He witnessed the horrible cruelties perpetrated by the insurgents, who, in one instance, roasted children alive.

The insurrection is put down, and only raids by the Servians and Montenegrins take place, and these are exaggerated.

The managers of the direct U. S. cable report that their line has been repaired.

Wm. Cooley, who with his brother Alexander, of the late firm of Alexander & Co., charged with obtaining money under false pretenses, was again arraigned to-day. The prosecution said they had not abandoned the hope of capturing Alexander Cooley, who has forfeited his bail, and they therefore asked for a further postponement of the case, and it was accordingly adjourned to the 18th October.

A special dispatch to the Times says that Russia seems convinced that the Khokand rebellion was fomented by Yako Khan, but as he left before the recent events at Khokand, his arrival will hardly serve to postpone the retrospective measures of Russia.

Three suits have been instituted in the Supreme Court against Alexander Cooley & Co., to recover on alleged drafts and bills of exchange paid on their account by the Bank of Scotland, Harwood, Knight & Allen and the London & Westminster Bank.

KENTUCKY.

Political Meeting. LOUISVILLE, Sept. 7.—A special dispatch to the Courier-Journal from Holly Springs, Miss., says, the largest political meeting ever held in the State occurred yesterday. Senator Gordon of Georgia; and Congressman Lamar, of Mississippi, made speeches. A large number of colored men were present. Senator Gordon's speech was conservative, breathing a spirit of reconciliation and good feeling, and eulogizing the federal soldiers. He appealed to the colored people to unite with the white people and drive out the carpetbaggers. He contrasted the condition of his State with Mississippi, declaring that peace reigned in Georgia and absence in Mississippi. Congressman Lamar followed, seconding Senator Gordon's efforts. He reviewed the politics of the State since the war, held up the acts of the Republican party in Mississippi, and fixed upon Gov. Ames the blame of the blood of the colored men killed in the Vicksburg riots.

CONCLUSION FROM THE ANALYSIS OF THE

The quality of this beer, as shown by our

analysis, is superior to its parent, no mat-

ter what brand could be detected. The large

amount of extract substance (malt being used

in extraordinary great quantities, which, how-

ever, gives it a very flat, thin, watery taste)

gives it a very flat, thin, wat
