SUNDAY'S DISPATCHES.

WASHINGTON.

Communication on the Mississippi Troubles—Gov. Ames Still Thinks Troops Necessary.

Washington, Sept. 12.—Within the past two days a number of telegrams have been received by the Attorney-General, from people of both political parties in Mississippi, stating that it was now substantially quiet in the recently disturbed portions of the State, but for greater caution, the Attorney-General telegraphed on the 10th inst., in response to the dispatch from Gov. Ames, asking for Federal interference, the following:

DEPT. OF JUSTICE,
WASHINGTON, Sept. 10
To Gov. Ames, Mississippi:
United States forces have been put in readiness. No orders have yet been given for them to move, and no proclamation has been issued, but everything is ready. In these such an instruction against the State Government as cannot be put down by the State military forces, aided by all the other powers of the State Government and the aid of true citizens.

(Signed.) ED. S. PIERCE, Attorney-General.

This was telegraphed early on the morning of the 10th inst., but no response was received from any source until yesterday, when a telegram was received by the Attorney-General from Senator Fessenden, now postmaster at Jackson, saying the excitement had subsided. A civil force composed of good citizens of all political parties, and of sufficient force to protect life and property, can be had in any county in the State. No effort has yet been made by the State authorities in this direction. Until all legal means have been exhausted, I am of the opinion that Federal interference is unwise and impolitic, and will only tend to aggravate the evil.

Senator J. Alcorn, of Mississippi, was present when this telegram was received by the Attorney-General, and confirmed its statement.

The Attorney-General on the 11th inst., telegraphed again to Gov. Ames, as follows:

In my dispatch of yesterday morning, in which I mentioned that the troops were held in readiness, I asked whether the situation of the insurrection was such against the State authorities that the aid of loyal citizens could not put it down. I have no reply.

To this no response came until between 11 and 12 o'clock last night, when the Governor sent to the Attorney-General a very long telegram giving explanation, that it was a question of race, and he still thought there was necessity for troops.

The Attorney-General has made a full report, sending all the telegrams and communications by special messenger to the President to-day, and expects further suggestions from the President to-morrow.

MISSOURI.

Jeff. Davis Escaped.

St. Louis, Sept. 12.—Mr. Davis spoke at the Calloway county fair, held at Fulton yesterday. A very large crowd gathered from all sections of the State. He was introduced by Gov. Hardin, making nearly the same speech he delivered at DeSoto, which was very enthusiastically received and frequently applauded. Senators Cockrell and Boggs were present, responding briefly to calls to speak.

FOREIGN.

CANADA.

Bank Cashier Arrested.

Montreal, Sept. 12.—H. Cutler, late cashier of the Jacques Cartier Bank, was again arrested this afternoon at the instance of the Federal Government, on the charge of issuing false monthly reports, thereby deceiving the public.

MONDAY'S DISPATCHES.

WASHINGTON.

Naval Intelligence—The Mississippi Middle, &c.

Washington, Sept. 13.—Admiral Reynolds announces that his flagship Tennessee passed through the Suess Canal without the least obstruction, bumpers full of coal, and drawing 26 feet of water forward. Her speed was from four to five knots through the canal, being under way a net a hours, including stoppages.

It is probable that the President will return to-morrow, when a Cabinet meeting will be held to consider the

Mississippi troubles, and determine what action shall be taken on the demand of Gov. Ames for Federal interference.

Attorney-General Pierpont this morning telegraphed to the United States Attorney at Jackson, Miss., asking him to inform him without delay of the present condition of affairs in that portion of the State. He also telegraphed to Gov. Ames that he had forwarded to the President all the telegrams in regard to the trouble, and now awaits his further action.

NEW YORK.

Civil Rights Decision—Doubtful Murder and Suicide—Boiler Explosion.

New York, Sept. 13.—The Grand Jury of Queens county have indicted William Delaney, mate of the schooner Josephine E. Potts, for the murder of Capt. Lawrence, master of the vessel, while lying in Cow Bay, two weeks ago.

Judge Gilbert of the Supreme Court of Brooklyn, today rendered a decision in a Civil Rights case, wherein Wm. F. Johnson, colored, sought to compel the Principal of a Public School to admit his son thereto, instead of sending him to the school provided for colored children. The Court held that the common schools are public charities; that benefits conferred by them are free gifts from the State, and like every other donor, the State may prescribe in what manner and upon what terms and conditions the gift may be enjoyed. In conclusion, Judge Gilbert says that the statute, by guaranteeing equal privileges, does not confer the right to enjoy them in common with any class of persons, or in any particular school, and that nothing has been shown from which can be inferred that the relation has been deprived of the equality of privilege to which he is entitled. Motion for a mandamus is denied.

Venus, Sept. 13.—Hansom Andrews, aged 50, beat his sleeping son's brains out, shot his daughter in the abdomen, fired his house, and then blew his own brains out. No cause is assigned for the motive.

Auburn, Sept. 13.—A boiler in the steam mill at Skaneateles exploded, killing Mr. Cluatham, owner of the mill, his son, a son of John Price, and fatally injuring an unknown person.

PENNSYLVANIA.

Fast Mail Train.

Philadelphia, Sept. 13.—The new fast mail train on the Pennsylvania Railroad left New York at 4:30 A. M., arrived at West Philadelphia at 7:10, and Harrisburg at 10:25 A. M. This will be the exact schedule time.

MISSOURI.

Outlawry.

Kansas City, Sept. 13.—Three outlaws entered a saloon outside the city limits, looked up the proprietor, robbed the house, and then ravished his wife. The proprietor escaped and gave the alarm. The outlaws fired on the police, wounding a detective. The police returned an ineffectual volley when a fierce hand to hand fight ensued, which resulted in the capture of the outlaws.

MISSISSIPPI.

Race War at Trenton—Whites and Blacks Arming—Help Asked For.

Memphis, Sept. 13.—Passengers by rail report trouble in Tallahatche Co. The whites have sent runners to Oklahoma for assistance. The citizens are organizing and arming. It is impossible to obtain reliable information. A gentleman from Charleston, Miss., reports that last Thursday two negroes, who it is claimed live in Arkansas, committed some depredations and were pursued by a constable and posse, Evans and Buford of the posse firing at the fleeing fugitives. Negroes in the vicinity of Trenton hearing of the affair, armed to the number of seventy, and demanded that Evans and Buford be given up to them. On Saturday a large number of armed negroes assembled at Trenton, and behaved in a very riotous manner. The whites sent County Treasurer Stewart, who is also a deputy sheriff, and Jerry Robinson, to try and induce them to disperse. The negroes refused to hang both Stewart and Robinson, who returned in haste, and notified the citizens that the negroes were swearing vengeance. Calls have been made on Oakland, Charleston and Grand for assistance.

CALIFORNIA.

Cheering Financial Outlook.

San Francisco, Sept. 13.—Responses to inquiries this morning seem to indicate that while there is a feeling that collections will be somewhat harder today than on collection day two weeks ago, nevertheless a general sentiment of confidence prevails, and no disaster is apprehended in commercial circles. In the grocery, produce and dry goods lines a good state of affairs is reported, and most parties have been able to collect largely in preparation for to-day.

MAINE.

State Election—Democratic Gains.

Portland, Sept. 13.—The election passed off quietly in this State. The returns show unbroken Democratic gains for Governor and the Legislature, but not enough to give that party a triumph. This city gives a Democratic majority of 115, being the first time it has gone Democratic. Bangor and Belfast have gone Democratic, and Augusta Republican.

FOREIGN.

FRANCE.

Disastrous Storms.

Montpellier, Sept. 13.—Storms in this neighborhood have caused great damage to the crops. A water spout at St. Chenan destroyed fifty houses. Nine bodies have been recovered, and sixty persons are still missing.

TURKEY.

Conference With Insurgents—Turkish Defeat.

Mostar, Sept. 13.—The Consuls have gone to confer with the insurgent leaders, and advise them that there is no hope of foreign aid and to submit to Server Pascha. They will return Thursday, when should the mission prove unsatisfactory, Server Pascha will issue a proclamation promising to redress all grievances should the insurgents surrender in a certain time.

Constantinople, Sept. 13. Serious fighting occurred on Monday, Tuesday and Wednesday last, in which the Turks were defeated. This has resulted in the removal of the siege of Robnie by the insurgents.

ELECTRICISMS.

—Even miners perished from impure gas in a colliery at Shropshire, England.

—Red Cloud wants \$6,000,000 for the Black Hills, in the shape of an annuity of \$100 for each Indian.

—The steamer Larason snagged and sunk opposite Louisville.

—Admiral Reynolds had an hour's interview with the Kiedise.

—Malory & Butterfield, large paper dealers, N. Y., announced their suspension to-day.

—A hurricane at Havana, Cuba, has rendered considerable damage to shipping in the harbor.

—T. Wintemute, accused of murdering McCook, in Vermillion, D. T., has been acquitted.

—Gale in the Mediterranean caused great damage at Hiezor and Narbonne, France.

—The schooner Abbie put into Norfolk, Va., having sprung her foremast and lost a jib.

PURE lager beer, just received in ice from St. Louis direct. The following is the result of the analysis made by W. O. Conrad, Chemist of the United States Naval Laboratory, New York:
CONCLUSION FROM THE ANALYSIS OF THE QUALITY.
The quality of this beer, as shown by our analysis, is superior to the purest, as no extraneous matter could be detected. The large amount of extract substance (malt) being used in extraordinary great quantity, which having been roasted, gives the beer that peculiar flavor of fresh bread, makes this beer a very nourishing and highly recommendable drink for medicinal purposes. Another good quality of this beer is that it keeps in good condition under all circumstances.

MISCELLANEOUS.

TO HOLDERS OF CITY COUPONS.

Office of Treasurer and Collector, CITY OF WILMINGTON, N. C., June 29th, 1875.

NOTICE is hereby given that THE JULY COUPONS 1875 (of Bonds of this City) can not be properly paid.

In consequence of certain changes under a recent decision of the Supreme Court of this State as to the manner of assessment of the Real and Personal Property in this City, and thereby the City Tax Books not yet having been placed in possession of the undesignated collector, together with other complications in regard to our Municipal affairs, now pending before the Supreme Court of North Carolina, the City of Wilmington must necessarily cease some indulgence from the holders of City Coupons, under existing circumstances.
