Black Hills Commission.

Fort Laramie, W. T., Sept. 30.—After the council yesterday, when enormous prices were put on the Black Hills by the Sioux, the Commission became desirous not to submit any proposition for the purchase of the Hills.

At today's council, a protocol drawn up by Messrs. Ashby & Lawrence was presented to the chiefs, which, after reading a desire for peace, offered to buy the right to mine in the Black Hills for \$4,000,000 per annum. This right to terminate at any time on a year's notice by the United States.

Second.—To purchase the Black Hills from the Sioux Nation, and pay them for their interest thereon the sum of \$4,000,000, in fifteen equal annual installments; said sums to be annually appropriated for their subsistence and civilization, and not less than \$100,000 to be expended annually for purposes of civilization.

Third.—That the President of the United States, under proper restrictions and regulations, designate three routes to the Black Hills country.

It was next proposed to purchase the Black Hills for \$30,000,000, payable annually for ten years, the money to be expended for food and stock.

It was then proposed that if the protocol was accepted, \$50,000 in presents would be distributed among the tribes.

This protocol was left with the Indians to consider, and the chief of the Minneconjou, who had been speaking, was interrupted by a violent speech against the Whites and Agallallas, for trying to sell his country.

Little Wound and Spotted Tail spoke, desiring principally on their wants.

The Indians felt insulted by Lone Horn's conduct, and when he was adjourned an attempt was made to kill him.

The Commissioners, with the exception of Messrs. Ashby, Lawrence and Swain, left on Thursday for Fort Taramie.

Negotiations for the purchase of the Black Hills are at an end, and nothing has been accomplished.

CONNECTICUT.

The Insurance Commissioner and the American Life.

NEW HAVEN, Oct. 1.—Insurance Commissioner Steadman appeared at the office of the American Life & Trust Company this morning, and formally demanded possession of the effects of the Company. Geo. B. Hayes, president, gave answer in writing, stating that he had been advised by counsel that the law under which the Commissioner assumed to act, was unconstitutional and void, and that the Commissioner's bond was illegal and insufficient. His advice, he stated, was intended to resist the law, but would hold the assets subject to order of the courts having jurisdiction of the legal questions involved. The Commissioner's counsel then informed Mr. Hayes that he would apply to the New Haven Superior Court tomorrow for a writ of mandamus, and that he would hold him liable under criminal law. President Hayes remains in possession.
