A Human Fiend.  
BAY CITY, Oct. 9.—Early yesterday morning the house of Geo. Forrest was entered by some person unknown, who poured a quantity of acid on the face of Mrs. Forrest, as she lay asleep. She is horribly burned and will lose her eyes. The outrage is supposed to have been committed by a man whose suit had been rejected by the girl, who lived and slept with Mrs. Forrest.

PHILADELPHIA, Oct. 9.—Westervelt, who was implicated in the abduction of Charley Ross, was sentenced to seven years of solitary confinement and one dollar fine.

PENNSYLVANIA, Oct. 9.—The Tradesmen's Industrial Exhibition opened this morning. Nearly all the exhibitors already occupy the spaces allotted to them. The success of the enterprise is assured beyond a doubt.

OHIO.

National Board of Trade.  
CINCINNATI, Oct. 9.—The delegates to the National Board of Trade, in their report to the Chamber of Commerce, recommend that the Chamber use whatever influence it may have with members of Congress to the end; that the general government may purchase all existing lines and manage the whole telegraph business of the country. A resolution was offered in opposition to this, declaring that the chamber does not commit itself in favor of the project of the National Postal Telegraph. This question which has been the subject of many discussions in the chamber, came up for final disposition to-day, and the resolution against committing the chamber in favor of the Postal Telegraph, was carried by a considerable majority.

Orders of Arrest—Death on the Rail.  
New York, Oct. 9.—Orders of arrest were granted on Wednesday last, against Wm. Butler Duncan, Wm. Watts Sherman and Francis H. Grinn, of the late banking firm of Duncan, Sherman & Co., on complaint of W. A. Ferdinand and W. C. G. Rockling, who charge the firm with fraud in having sold them a bill of exchange on London, six days before they suspended, and when, as alleged, they knew it would be dishonored. Orders of arrest were executed on Thursday, and each of the defenants gave bail in the sum of five thousand dollars.

ROCKVILLE, Oct. 9.—A freight train on the New York Central Railroad was running at the rate of forty miles an hour when it left the track and dashed against the walls of the depot in this city, demolishing part of the building and crushing the engine and a good part of the train. The engineer and fireman were both killed.

TENNESSEE.

Friars Point—Cotton Review—Death.  
MEMPHIS, Oct. 9.—All quiet at Friars Point. The difficulty at Charleston, Tallahatchie County, originated between Senator Alcorn and a negro named Blackwell. Blackwell, who was abusing Alcorn and other Republican leaders, was arrested by Deputy Sheriff Hall. Blackwell then shot George Hall a white man. Blackwell was pursued by the sheriff and others to the back room of a grocery, where he was shot fifteen or twenty times and was mortally wounded. All Republicans,

Withdrawal of Troops—Peace F.

BAGHDAD, Oct. 9.—The Journals here say that the powers have issued a note withdrawing the troops and will not prevent the Turks occupying the Servian territory, if Servia provokes it.

A reported new Servian ministry has been formed and that the members belong to the peace party.

ENGLAND.

Servian Deputies—Diplomatic Order.

LONDON, Oct. 9.—The Servian Deputies met at the residence of Prince Milan and rejected the motion for war by a vote of sixty-two to twenty-one.

A dispatch received here from Hague announces that the Venezuelan Minister Plenipotentiary, with his Secretary, left there on Saturday for Brussels.

The announcement derives its importance from the known relations between the two countries and suggests the inquiry, whether the movement does not indicate a rupture of the diplomatic relations. The diplomatic circles say probably not, as in such cases usually, there is no attempt at secrecy.

The Bombay Times reports a severe outbreak of cholera in the Province of Mysore.

JAMAICA.

Filibustering.

KINGSTON, Oct. 9.—The filibustering steamer, Uruguay, had a very narrow escape from capture by the Spaniards, off the coast of Cuba. By sailing close in shore under the cover of night, she effected landings during two evenings, but was so close to the Spanish encampments that they fired upon her with rifles. Subsequently she encountered a Spanish war steamer, which chased her for sixteen hours, close along the Cuban coast in daylight, but she escaped and headed for Jamaica, reaching Port Royal Monday night the seventeenth inst. She requires repairs and has been ordered to land her arms and ammunitions at Fort Augustus. Meanwhile H. M. Ship Woodland will take charge of her with steam up. One of the Uruguay's crew died of fever yesterday and three others have gone to the hospital to-day.
