THE COUNT GOES ON.

NO MORE DOUBLE RETURNS.—THE COMMISSION ADJOURNED TILL FRIDAY NEXT.

DOMESTIC AND FOREIGN MISCELLANY.

Noon Reports.

WASHINGTON.

WASHINGTON, Feb. 27.—The letter of the President, calling for the report of the commission, is to be read in the Senate to-day. It is a letter of a different kind from the one which has been allowed to be made in the count. The *Herald's* Washington special says regarding it: "There is a letter in town from Gov. Hayes himself which approves in the most explicit and direct manner of the speech of Mr. Foster last week in which he expressed his confident belief that Hayes Southern policy would be such as the people of Louisiana and South Carolina desired."

The same special says: "Gen. G. A. Sheridan has gone to Columbus to inform Gov. Hayes of the real condition of things in Louisiana. He is an old acquaintance of Gov. Hayes, and is an opponent of Packard."

There is no manifestation of feeling this morning. The ultra Republicans claim that the bill is produced by protestants from commercial centres against a defeat of the count on account of trade disturbances which would follow, while the ultra Conservatives attribute it the high assurances that the South will be treated fairly.

The Senate re-assembled at 10 o'clock and in accordance with notice given yesterday, Mr. McDonald called up the House resolutions in respect to the memory of the late speaker Kerr, and appropriate eulogies were delivered by Messrs. McDonald, Wallace, Wright, Bayard, Booth and Morton, after which the resolutions were unanimously adopted.

The commission has been allowed four hours a side but it is thought that hardly half the time will be used as it is expected the commission will take the case by three o'clock.

The House is in a committee on the sundry civil appropriation bill.

OHIO.

COLUMBUS, Feb. 27.—Hayes will probably leave for Washington Thursday via Pittsburg and Harrisburg.

SOUTH CAROLINA.

CHARLOTTE, Feb. 27.—The Supreme Court room was densely packed this morning in anticipation of the decision in the Tilda Morris habeas corpus case. At 11 o'clock Justice Willard and Wright, the latter colored, came in and the former announced that the court would take a recess until 1 o'clock P. M. for consultation. The crowd then dispersed. A strong guard of negro special constables is stationed across the hall in front of the Justice's consulting room. A deep and excited excitement prevails.

FOREIGN.

PARIS, Feb. 27.—The reappointment of the Tirma Ministry which resigned on account of the differences between Austria and Hungary on the bank question is granted.

BUCHAREST, Feb. 24.—In the Senate to-day the President of the Council, in reply to an interpellation, refused to produce the documents relative to Romania's neutrality in the war between Turkey and Russia.

PARIS, Feb. 27.—A letter from Adelina Patti has been published declaring the authenticity of the *Figaro* about her eloping with the Tenor Nicolini as wholly inaccurate.

LONDON, Feb. 27.—The *Times* second edition publishes a dispatch from St. Petersburg correspondent, saying: "An extraordinary council of ministers was held here yesterday at which the Czar presided.

Gen. Ignatieff was present at the council. I learn on the best authority that it was decided to demobilize the Russian army when peace is signed between the Porte and Servia and Montenegro.

The *Times* dispatch from Rome says: "It is stated that the Cardinals submitted to the Pope on Tuesday favorable replies to some questions which he proposed to them, with the object of giving the ecclesiastical policy of the Holy See a more efficacious and energetic direction towards a natural solution of

the various questions of the day. The exact nature of the new policy will be proclaimed on the occasion of the Pope's episcopal jubilee. Some German Bishops recently asked whether they were at liberty to perform acts in execution of laws other than those against the church if invited to do so by the civil authorities. The reply from the Vatican was that they might as subjects of the Emperor do so in all matters not contrary to religion and the rights of the church.

Night Reports.

WASHINGTON.

WASHINGTON, Feb. 27.—HOUSE.—Most of the session was spent in consideration of the sundry civil appropriation bill, which, however, was not completed.

A bill to provide for vacancies in the office of President and Vice-President that may arise through the failure of the two Houses to count the electoral vote, was reported by Field of New York, from the committee on privileges, and after a brief discussion, was passed. The only deviations from a party vote were in the fact that Purman of Florida, voted with the Democrats, and that 13 Democrats, including Hancock of Texas, and Knott of Kentucky, voted with the Republicans. [The bill provides that in case of such vacancy in the Presidential Office it shall be filled by the President of the Senate, if there be one, or the Speaker of the House, if there be one, or the Secretary of State in office at the time the vacancy happens.]

A motion to suspend the rules and adopt the resolution recognizing the Democratic governments of Louisiana and South Carolina, was made by Schleyer of Texas, and failed for want of a two-thirds majority.

So also with a resolution offered by Waterson of Kentucky, commending the President for his reported opinions in support of the Nicholls government in Louisiana.

The clause to pay Southern mail contractors for work done before the war was restored to the sundry civil appropriation bill.

The House then took a recess to 10 o'clock to-morrow, by a vote of 120 to 119.

SENATE.—The citizens of Washington petition for the use of the rotunda of the Capital for the inauguration hall. Referred to the committee on buildings.

The committee on foreign relations reported favorably on the bill to pay Wm. L. Scruggs, Minister to Bogota, certain moneys.

The joint committee on Chinese submitted their report, which was ordered printed.

The bill creating a sinking fund for the Pacific Railroad was postponed until December next—yeas 29, nays 28.

The bill for public buildings in Austin, Texas, passed.

The House bill which passed to-day regarding vacancies in the office of President was read by title and referred to the committee on privileges and elections.

The credentials of John T. Morgan, elected from Alabama, were presented.

The Senate then went into executive session and afterwards took a recess.

The impression still prevails among employees of the House that a count will be finally prevented, but in more thoughtful circles the hope or fear of it is abandoned.

Sherman, Stanley Matthews and Congressman Chas. Foster seem most near Gov. Hayes.

Bob Ingersoll is here and much sought by Southern place-seekers. He assumes quiet, chivalrous ground and does not know how in honor Hayes can abandon Packard and Chamberlain.

Foster is known to be in favor of allowing the Southern people to manage their own affairs. Stanley Matthews to-day spoke quite freely in the same direction, and Senator Sherman has taken pains to let it be known that he is not trying to shape the Southern policy of Mr. Hayes.

There was a very long Cabinet session. Effort was made to change the Southern policy, but what direction is not known, but the President was immovable. All the Secretaries have placed their resignations in the President's hands.

The secret session of the commission on the South Carolina case commenced at 2 o'clock. They adjourned at 7, after having voted 8 to 7 to count the State for Hayes.

Gen. Geo. T. Morgan of Ala., ex-Gov. A. H. Garfield of Ark., ex-Gov. R. B. Harris of Tenn., and ex-Gov. R. F.

Coke of Texas, U. S. Senators-elect, have arrived, in anticipation of an extra session of the Senate for executive business. Hon. B. H. Hill and L. Q. C. Lamar, Senators-elect, being members of the House, are also here. The Southern Conservatives regard the accession of these gentlemen to the Senate as adding largely to the ability from the Southern States in that body.

By the efforts of Blount and Atkinson in getting \$275,000 to pay Southern ante-bellum mail contractors appropriated by the sundry civil bill, Georgia will be benefited about \$80,000. Blount made the point that the law prohibiting the payment was in the nature of a bill of attainder and unconstitutional.

The commission has adjourned to Friday, unless called together by the presiding officer. It has been ascertained that there are no further double returns.

SOUTH CAROLINA.

CHARLOTTE, Feb. 27.—The Supreme Court was through again at one o'clock, waiting the decision. The Justices met in the consultation room and remained there one hour, when they appeared on the bench and announced that they had been unable to agree on a decision, but might probably in a few days.

The docket was then called and the crowd dispersed.

Ex-Gov. Hendricks on the Political Situation.

A reporter of the New York *Herald* attempted to interview ex-Gov. Hendricks at Indianapolis, Ind., on Saturday, but was only partially successful, the ex-Governor declining to express himself freely. He is represented, however, as saying that the electoral commission having gone according to law the result will be the election of Mr. Hayes. He did not think the commission acted according to the spirit of the law, the decision will not be satisfactory to the country, and the longer the people think upon it the more it will be condemned. Mr. Hendricks argued that the Democratic party is gradually growing stronger, and will continue to do so, and predicted the defeat of Morton in Indiana two years hence. In regard to Louisiana Mr. Hendricks said: "The statement that Hayes will recognize the Nicholls government in Louisiana is absurd. He could not do it without stultifying the methods to which he will owe his place. To recognize Nicholls would be to say that Packard was not elected by the votes in Louisiana, and yet that he himself (Hayes) was."

The Patti Scandal.

A London dispatch says the story published by the Paris *Figaro* about Patti's elopement is wholly untrue. The facts are, that the final quarrel took place in a box at the Opera House in St. Petersburg. The dispute led to very high words, Patti left the Opera House at once and drove direct to the Imperial Palace. She was accorded an immediate audience with the Emperor, from whom she obtained an order upon the chief of police to send the Marquis de Caux out of the country. He was sent to Berlin. On reaching there (Paris telegraphed to St. Petersburg) offering an amicable separation, but received no reply. Arriving at Paris he received a summons to appear on Tuesday next before the tribunal of the Seine to show cause why his wife should not be granted a legal separation from him. The summons was issued at the direct request of Patti, addressed to one of the most prominent members of the cabinet. Adelina is expected to arrive before Tuesday.

The farmer throughout South-west Georgia, says the *Macon Telegraph*, have found no difficulty in employing hands, and that the machinery of agriculture in that section never ran smoother. The white and colored rees have at last decided to work together harmoniously.

In 1870, Cincinnati had 150 cigar manufacturers, who turned out 25,000,000 cigars. In 1876 she had 400, who pay revenue tax on 100,000,000, or \$600,000.

IMPORTANT MOVEMENT BY THE DEMOCRATS.

An Advantageous Policy Decided On. Special Dispatch to the *Index-Appal.*
WASHINGTON, Feb. 26.—Prominent men of the Democratic party met to-night and decided upon a policy that will be carried out, one which will give us all possible advantage, but at present cannot be made public.

LOCAL NEWS.

Our City Delivery

Is in the hands of Capt. John B. Leggett, so well and favorably known. He will solicit for the Journal and superintend (and be responsible for) the delivery of the paper. All shortcomings should be reported to him immediately.

A Correction.

The *Sanitarian* contains an article in which a statement that the yellow fever prevailed in this city during 1876 is made. It is a mistake. Charleston, Savannah and Brunswick suffered from the terrible scourge, but not one case of yellow fever occurred in Wilmington in 1876. Our city authorities were very strict in their health regulations last summer and we hope they will be equally vigilant during the coming warm season. In this connection we will mention a statement obtained from a New Orleans paper. It is said that yellow fever cannot enter a spot completely surrounded by carbolic acid. This powerful disinfectant is doubtless of very great benefit in keeping off all kinds of epidemic diseases.

Child Burned.

Yesterday morning, about 9 o'clock, a little daughter of Kit Higgins, who lives on the corner of Mulberry and Nutt streets, was playing in the yard and trying to make a fire her clothes caught and she screamed for help. Kit hearing her piercing cries ran into the yard and wisely pulled her dress off instead of trying to smother the flames. She was a great deal worse scared than burnt. The child is about 11 years of age.

Departure of the Steamer Dixie.

The good little steamer Dixie left here yesterday, under command of Capt. Sullivan, for New York. She will be propelled by inland water route as far as possible. She is going to her owner, Capt. Foster, who exchanged the steamer J. S. Underhill for her, with Mr. O. G. Parsley, Jr., her former owner. She has run between this city and Smithville for some time.

Restrained the Police.

A soldier was arrested by two policemen last night for being drunk and lying on the sidewalk. They had proceeded but a short distance when the soldier began to fight, and tore the coat of one of the officers nearly off. One policeman struck the prisoner over the head with his club, which had the effect of quieting him.

Local Measures.

In the Senate Monday the Criminal Court bill passed its final reading, with an amendment as to salaries.

The bill establishing a Board of Audit for the city of Wilmington likewise passed its third reading, and is now a law, having previously passed the House.

Two Jolly Tars in Trouble.

John Perry and Hugh Currie, two sailors in liquor, threw rocks against the house of John Toomer, a negro, in Paddy's Hollow, Monday night, to such an extent that he called the police, and had them arrested. They were both sentenced yesterday to ninety days on the streets.

Boiler Explosion.

There was a report last evening that the boiler at the planing mill of Messrs. E. Kidder & Sons had exploded at 6 p. m. and injured two men employed in the mill. No particulars, however, were obtainable by our reporter.

Thermometrical.

The state of the thermometer at the various stations named below was observed at the signal office in this city yesterday at 4:30 p. m.:
Augusta, 61; Charleston, 55; Galves-ton, 58; Jacksonville, 64; Mobile, 60; New Orleans, 62; Norfolk, 40; Savannah, 59; Wilmington, 51.

A poor mulatto woman applied at the Station House yesterday evening to rest during the night. A gentleman in the city will send her to her home in Pender county to-day, in his cart. The woman has a smart looking child with her. They have been from home for a month and have been sleeping in the woods. The woman's lower limbs are swollen to an enormous size from being frost bitten.
