suffered to pass by unimproved sury was strongly presented.— a shadow of foundation for its for the transaction of business dealers inflowers will hereafter Farmers look to your interest. The COX COTTON PLANTER will pay for itself the first have more custom and less free COX COTTON PLANTER comes out this year greatly in Mr. Noah flouse. LaGrange, N. C., says: "Having other planters on hand last spring I did not Mr. Noan Bouse. Labrange, N. C., says: "Having other planters on hand last spring I sid not use the Cox Cotton Planter, but judging from my neighbors getting a much better come-up of cotton who used the Cox Cotton Planter, than I did, and their praise of the Planter, I really believe it would have paid me to have thrown my Planters aside and bought the Cox Planter."

Kingston, N. C., June 5, 1882.—"This is to certify that I have used the Cox VOTTON PLANTER several years, and I take pleasure in recommending it to be the best Planter that has ever been offered to the farmers. For simplicity, durability and perfection, I do not believe it can be surpassed. The cotton farmer in this section, who has used one of them, will have any ther.

W. C. MOORE.
Falling Creek, N. C., May 3l. 1882.—This is to certify that I have used several other Cotte
Planters, and that the COX PLANTER now owned by Messrs. Stainy & Keinedy, is the be
have ever used. It is light, simple, strong and durable, and the only Planter I have eye
een that will effectually cover the seed in soft or cloddy land.

Kinston, N. C., September 15, 1882.—I take pleasure in saying that I think the COX PLANT
EK is the best in use. I have used several other Planters and unhesitatingly, say the COX he best. It sows regularly, and has the best coverer I ever saw—can sow close up and out to the ends of the row. It is light to work. The simplest and most durab in use.

Tarboro, N. C., July 2, 1881.—In answer to your inquiries in regard to the COX COTTON PLANTER, I will say that it is the best Machine for planting Cotton that I have ever seen. I have used them for three seasons, and have never failed to get a good stand of cotton. The cracking of a few seed may seem to some to be an objection, but this will make no difference. or can always get a good stand. The following are very important advantages over any ner Planter that I have ever seen, viz: The coverer is the best I ever saw, and the movable am enables you to plant close up to stumps and out to the ends of rows, and besides it will

beam enables you to plant close up to stumps and out to save in quantity of seed, planting one-third less than any other Planter.
