He regards top soil from the duced wonderful results. We forest as better and much cheaper. In fact he now uses top soil enlearn many farmers will use the tirely for kainit, and his experiponds as more valuable than eithclusively, if he can get it, in the

Mr. Hill regards the value of his team and four hands in making compost as equal to a ton of guano or a bale of cotton per day. The results of his farm show that he does not overestimate their value. He is now making his compost for the present year, and will have one compost to every three acres. He is making it as follows:

Fifty bushels muck or top soil, bottom; 5 bushels cotton seed, second layer, 50 pounds phosphate, third layer, 25 bushels stable manure, fith layer; 50 pounds phosphate, sixth layer; 25 bushels muck or top soil, seventh laver.

Maintaining the same order as above until built as high as desired, remembering that the compost is of six layers, and that the bottom ers in the middle of the compost rowing trouble about a step-father his feet were not more than two to stop the match. LET US SMILE.

HOW SMILING MAKES A MAN BETTER.

UNAFFECTED SMILES.

A paper called the "Golden

Rule," has an article on smiles which contains the following:

"The world is suffering for smil-A call for a national convention of ing faces. The age is too intense colored men was issued on Saturin the business direction, too sar day by a committee of negroes faireastic in its political tendency, too ly entitled to represent the race. aimless in its religious life, too Among the signers are Frederick Douglass, the Mon. George W. Wil- heartless in its literature. The fact that the main was allowed to liams, author of the "History of world needs more smiles and fewer go on at the State fair grounds and the Negro race in America," and frowns, more sunshine and less

ning shatters," more truth than the above. A good healthy smile, one that comes nalast about six months, and you fixtures, and Pa actually thought the principals, were arrested and political and social treatment of coaxed, one that seems to bubble he was being hauled clear up to and taken, before Justice Barbee, the colored people by their fellow up among the dimples like the the roof. I could see he was scared who held them in \$500 bond to citizens. The signers hold it to be water at the bottom of a spring, "Well, I am going to," said the by the complexion of his hands and appear before him yesterday after wan undeniable and lamentable showing pearly teeth like the little boy, as he picked the herring bones feet as they clawed the air. He noon at 5:30 p. m. This bond was fact that the present condition of pebbles thrown up by the water of actually sweat so the drops fell on given. All Tuesday there were re- the race is insecure, and the future the spring, a smile that goes ripis worth more to the world than a not fairly remunerated. The South. | world who has not been made bet 2. In most parts of the country who smiles naturally, is as safe the negro does not have a fair show from harm as it is possible to be. Men who grow tired of their homes, 3. The negro is not protected in sick of the world, and ready to give his civil rights, notwithstanding up the battle, can be strengthened and made ready for the fight of another day by a smile; if it comes without being sent for. One man, with a good natured smile, can go into a crowd of grumbling, growling, business men, who think mosphere in ten seconds. A man No fairminded man, black or with a good smile can stop a fight are systematically ignored or evail- men, to keep the peace. With citizenship by a conspiracy of white walking around, going into places There were, as we have stated, officeholders, it is none too soon for where men were liable to get a hot several battles in the main fought an organized movement to secure box, with a pleasant word when mance. Yesterday there, were 8 votes; which they may make. . | would be necessary for our smiler not take kindly to the saide, and times, the country is on the eve of a great political revolution, and it

> bring us nearer to the estate of full plish all that it desires to, but take it on the whole the smile would be citizenship and power when this better than the club or the revol ver. There are some men who are It strikes us that the boldest polcontinually and constitution ely dedevoid of smiles, who would be sick if they should accidentally ed voters of the United States is to smile, and such men should be comcut the thongs which have bound pelled to pass two hours a day in them so long to the wheels of the the presence of good, single banded Republican party. The Republican party has flattered the negro there is anything in the world that and bamboozled him; it has wept has more power than a smile, when over him and blundered him; it has it is shot off from the right kind of a gun, we have never seen it. The dled him without compunction; it has made use of him and flung him man from his mother, and smile of a girl will draw a young from bad company. It will Negroes in several of the States teach him to be a man, and are beginning to find this out, and he will, if he loves the girl, do noth to act for themselves. If the Wash- ing that would chase the smile ington convention is a representa- away. The smile of a mother can tive body sincere in its purpose and conquer the wayward child, and independent in its action, it can do compel it to come into camp to be spanked or caressed. The smile of a teacher can do more with a A New book styled "Forty-five pupil than a bundle of hazel brush. small hours and the compositors
