of the "brethren of the cloth"

The Need of the South. The North and South, published at Buffalo, New York, home of the sun, is not further resupplies a long felt want. Its moved from the worms, which mission is to be a medium be- drag their slimy length through tween the two vast sections of Davis from those law drivelers in of the various sections of the great for contrast. Comparison country (particularly in the South) offering inducements to stoop and look with disgust upon a capital and labor. What the Satyr. South needs is more people, and we will gladly co-operate with any agencies laboring to show to the world the advantages of our soil and climate. We have enough water power to run the combined mills of New England, enough land to give to the thousands of workwe need except population. We want more people-we want an ple and to make it the prosperous country it should in the very nature of things become. it must have them.

Temperance legislation is running in the direction of high license. Illinois, Missouri and Nebraska have adopted the plan of high license at \$200. In Michigan it is \$300, and Kansas Iowa, Minnesota and Wisconsin are all moving in the same direction. At the rate now proposed in Illinois, the city of Chicago and adjacent towns which make up Cook county, would derive a revenue of a million and a half a year instead of the paltry sum which they now realize from the sale A good general never turns of liquor. There is no doubt affords a relief to the community which cannot be derived from a system of absolute procome general.
