HAIR RENEWER

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many imitators, but none have so fully met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparal-leled success can be attributed to but one cause: the entire fulfilment of its promises.

tries, where they had never made an effort for its introduction. The use for a short thne of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever, and dryness, and thus prevents baldness. it stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not transient, like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy.

Adams, N. Y., Jan. 30, 1882.

Dr. B. J. Kendall & Co., Gents:—Having used a good deal of your Kendall's Spavin Cure with streat succest. I thought I would let you know what it has done for me. Two years ago I had as speedy a coit as was ever raised in Jefferson county. When I was breaking him, he kicked over the cross bar and got fast and tore one of hind legs all to pieces. I employed the best farriers, but they all said he was spoiled. He had a very large thorough-pin, and I used two bottles of your Kendall's Spavin Cure, and it took the bunce entirely off, and he sold afterwards for \$1800. I have used it for bone spavins and wind galls, and it has always cured completely and left the leg smooth.

It is a splendid medicine for rheumatism. I have recommended it to a good many, and they all say it does the work. I was in Witherington & Kneeland's drug store, in Adams, the other day and saw a very fine picture you sent them. I tried to buy it, but could not; they said if I would write to you that you would send me one. I wish you would, and I will do you all the good I cam.
