You will not be unduly called upon, nor will you be subposened to appear or give evidence for Messrs, Funk & Wagnalls, the New York publishers, inasmuch as action on your part must be voluntary, but should you valunteer, you would receive liberal compensation for your trouble, You need not communicate with them, however, unless in search of a good opportunity to secure a desirable and profitable business agency, or may know some suitable individual who is and whom you would like to befriend. They are now advertising as follows: "In your locatity and in adjoining counties, also in every State and Territory in the Union we want reliable, energetic and ambittous men and women to help supply the demand for our publications. The field is a rich one, and while the trade which is doing immensely, cannot begin to cover it, \$25 to \$50 per week may readily be medical.

This is exactly what they advertise, and they will do all they say. That you write to them at once if you want mosey, and cadeavor to secure for yourselves an agency for this well-known house, is the advice of A FRIEND
