

THE WILSON ADVANCE.
WILSON, N. C., March 21, 1889.
Give us electric lights in Wilson.
The days and nights are of equal length now.
The great need of Wilson is cheaper freight rates.
The Missionary Baptists have not secured a pastor.
We have had some weather that was very spring-like indeed.
Pitt County Superior Court is in session this week, Judge Connor presiding.
Every farmer should raise poultry sufficient for his own consumption at least.
Rats seems to be disturbing the equilibrium of brother Whitehead of the Greenville Reflector.
We hope Wilson will stir herself more in endeavoring to secure manufacturing enterprises.
The gardeners of the town have been at work preparing for the summer crop of vegetables.
Electricity furnishes Goldsboro the best light known. Wilson needs an electric light plant.
The ADVANCE Job Office does only first class work and it challenges any office to show better work.
When you are in town and have a moment to spare drop into the ADVANCE office. We will be glad to see you.
Several Wilsonians went to Goldsboro on Wednesday night of last week to hear the "Merchant of Venice" played.
More oats have been planted by our farmers this season than for years. This is a splendid sign for future prosperity.
Nine candidates for church membership were received into the Methodist Church last Sunday morning, after receiving the ordinance of baptism.
A canning factory could be started in Wilson for \$1500 and it will do a good business. Oil for better spirit of enterprise that will strike out in a new place.
A manufacturing enterprise that would give employment to one hundred hands would be of more value to the town than several large merchandise establishments.
A more perfect and entrancing moonlight night than last Sunday's was never seen. But that is no excuse for a young man to stroll across the railroad trestle, and all alone. Who was he?
Will electric lights pay? We propose to show in a short time how it would be a saving to our town to invest in them. If you agitate the question, talk it either for or against, and see the many reasons the croakers can give for not investing. More anon.
We do not believe there is an Alliance in the State that works more congenially than does the Wilson County Farmers Alliance. The membership of this Alliance are of our best and most prosperous farmers. The Alliance meets in regular monthly meetings on the first Friday in each month.
As a beautiful, perfect day what was the matter with last Sunday? If we owed a man one exquisite, delightful day, and he would not accept last Sunday in payment, we would send him the ADVANCE for a whole year as a punishment for such audacity. But seriously, reader, did you pause to thank the Great Ruler for such a blessing?
Last Monday afternoon Mr. Richard Taylor, a mechanic employed in the Carriage Factory of Hargett Bros., at the millstone, fell from his hand caught in some of the machinery and terribly mangled. Medical attention was given by Dr. Herring and he is doing well. The ADVANCE is truly sorry for his injury, and hopes for his rapid recovery.
The fact that the past several issues of the ADVANCE especially the last two—have been better than usual is due to the fact that nearly all the local work and considerable of the other departments was done by Mr. C. F. Wilson. We believe the readers of this paper are to be congratulated that we have so excellent an assistant in our labors to give the people a good newspaper.
Col. W. L. Faison, Corresponding Secretary of the State Truckers Association, in a letter informs us that every point he has save one favors Clinton as the place for holding the Association. Therefore the Association will meet in Clinton on the 4th and 5th of April, (Thursday and Friday) 1889. Lectured rates have been given by the Atlantic Coast Line and it is expected other lines will follow the example.
At the stockholders' meeting of the Rocky Mount Fair Association held in Rocky Mount some time since it was decided to hold the Fair this year November 13th, 14th and 15th. We see that Mr. J. D. Odum was elected Chief Marshal. A most worthy selection in every respect. Mr. Odum will reflect credit upon the association by his gentlemanly bearing and courteous demeanour. The ADVANCE has always taken a special interest in the efforts of these people to make their Fair a success and it now stands ready to serve them as heretofore.
A splendid ride! A party of New Hampshire ladies every article of the elaborate supper, from bread and butter to cheese and cake, was made up in her own hands. In answer to a question as to how she kept so vigorous and healthy, this lady replied, according to the report in the Christian Register: "By never allowing myself to get over things, and by never taking a nap and sometimes two every day of my life; by never taking my washing, ironing and baking to bed with me; and by sipping all the various wheels of a life with an optimistic faith that there is a brain and heart to this great universe, and that I could trust them both."
Syrup of Fig
Is Nature's own true laxative. It is the most easily taken, and the most effective remedy known to cure the system when Bilious or Costive; to dispel Bile, Colic, and Fevers; to cure Haemorrhoids, Constipation, Indigestion, Piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. Try it. For sale by E. M. Nadal.

Teachers Alliance.
We are requested by the Secretary, W. L. Grimmer, Esq., of Toronto, to state that the next regular meeting of the Wilson county Teachers Alliance will be held on Friday, April 5th, 1889. A full report is requested as business of importance is to be considered. We are not advised as to the place, but suppose it will be the Court House in Wilson.
Assigned.
Monday morning, it was rumored upon our street that Mr. W. B. Bridgers, who runs a saloon on Tarboro street, had made an assignment. An examination proved the rumor to be true. Mr. H. C. Jackson is assignee. After providing for the expenses of closing out the business, commissions, attorney fees, etc., the following are preferred: First, all debts due State, county and town; second, an open account of \$50 due Wooten & Stevens, and also one of \$25 due G. D. Green & Co.; third, Venable & Hyman, N. Y., for \$200. The remaining creditors came in pro rata.
An Excellent Man.
Last Sunday morning and night the pulpit of the Baptist Church was occupied by Rev. C. A. Woodson, of Beaufort. This gentleman made quite a favorable impression upon those who heard him. He is a clear, deep thinker, a rapid reasoner, and full of patriotism. His "Spirit of the Master," "Comparative Spirit" are odious. If we would say his sermons were the best preached in the Baptist Church here for the past twelve months. He is a practical, earnest, consecrated Christian gentleman and pours his soul through his lips in his appeal to man's better nature. As yet the Baptists have called no one to fill the vacancy in their pastorate.
To Stop Cholera.
Mr. S. V. Joyner, a prosperous farmer of the Beaver Dam section of Pitt County, has been telling the Greenville Reflector how to prevent the spread of cholera. He says that the disease appears he kills the sick hogs and has them buried, thus preventing a spread of the disease. Three different times he has tried this with good results, every trace of the disease disappearing when the sick hogs are taken out of the way. He says it always pays to follow this plan and check the disease. The sick hogs running at large spread the disease, and the effort to cure the sick animals and get them healthy—even if it succeeds—always costs more than they are worth. At first glance this seems a costly cure, but upon mature reflection it is cheaper after all. Let some of our Wilson county farmers try this and report progress. The ADVANCE would gladly publish the result.
Director's Meeting.
The Directors of the Wilson Cotton Mills held a meeting Wednesday night of last week. Mr. W. P. Simpson, Cashier of the Banking House of Branch & Co., was elected Secretary and Treasurer. He is a man of superior capabilities and will make an admirable officer. Mr. James McDonald was re-elected superintendent and his salary increased—a just compliment to a worthy officer. The President was empowered to purchase such additional machinery as the increasing business of the Mills demanded. The former Secretary, Mr. J. W. Guick, was compelled to give up his position on account of ill health occasioned by a wound received in the late war. He has made a most excellent officer, and during his stay here he has won many friends by his genuine worth and estimable character. He goes back to Goldsboro, his former home. The ADVANCE is sorry to lose such a man from our midst, and the good wishes of our entire community go with him.
Dr. J. J. Lawrence.
The familiar face of Dr. J. J. Lawrence, of St. Louis, has been seen on our streets for several days past, and he has received, at the hands of his old friends, a very cordial greeting. The success of the Doctor in his new home, has been truly phenomenal, within a few years, he has accumulated a fortune of more than a million of dollars. This enormous income is derived from the sale of his proprietary medicines, his work as a specialist in the treatment of "neurotic" and his publication, "The Medical Brief," which has attained, in this country, and Europe, an enormous circulation. It is surprising, that amid this complexity of interests, the Doctor should find any time for relaxation or travel, and yet his vacation rambles cover the continent. Wilson will always revert with pleasure to the fact that it was once his home, and he is in the prime of his life, and robust health, it would be preposterous to predict to what eminence, he, as a scientist and man of wealth is destined to attain.

A Daring Burglary.
Wednesday night of last week the hold-up robbery, perhaps, in the history of Wilson was perpetrated. The house of Dr. N. B. Harrington was entered and \$30 in bills, some specie, (two or three dollars) a gold watch and chain, a pocket knife, and a case of surgical instruments were stolen from the Dr.'s room. The circumstances were as follows: Dr. Harrington went home about 11:30. His room is on the second floor. The hall lamp was burning and he entered his room, unlocked his door and retired without striking a light. Between twelve and one o'clock he was aroused by a noise below as if some one was leaving the house. He stepped on the front porch, slipping back into his room his trunk standing open attracted his attention. An examination revealed the losses already enumerated, all the articles being removed from the pockets of his clothes. The trunk key has been taken from his pocket, and the trunk opened, but the contents had not been disturbed. It was a bold and daring burglary, and the perpetrator, the guilty party or parties.
Why?
This little town is situated at the terminus of the W. & V. W. R. R., about 8 miles Northwest from Red Springs, in Robeson county. Dr. W. J. Gilbert, of Freeman, N. C., who is widely known, is expected to see a barn erected a saw mill, cotton gin, store and workshops at Whyton, and town lots will be sold at reasonable prices to all who mean business.
The locality is surrounded by the finest long-leaf pine forests, is remarkable for healthfulness and natural resources are abundant. With the completion of the R. R. to Whyton, it is expected to see a thriving place in upper Robeson. There is no section of our State that possesses a more intelligent, high-toned people than this. We are glad to note that railroad companies will soon be extended to the good people there, and to the enterprising Dr. Gilbert the Chief witness abundant success.—Scottish Chief.
We were glad to number Dr. Gilbert among the friends of the ADVANCE and therefore regret his departure. But we rejoice at the evidences of his energy and enterprise and our best wishes are with him in his coming.
Mr. Pearson Coming.
We congratulate the people of Wilson upon the prospects of securing the services of Evangelist R. G. Pearson to hold a series of meetings here in the near future. We are familiar with the results of his work elsewhere can fail to hope and pray that great good may be accomplished here. Notwithstanding all criticisms the public, however, Mr. Pearson has been aggressive in pronouncing him an honest, fearless, consecrated, and unselfish minister of the Gospel. He makes no money bargain and does not solicit any funds, but leaves it entirely to the people whom he serves to recommend him as they may see fit to do so. Nothing could be freer from anything of a financial contract than the letter of Mr. R. F. Fell, which we publish below:
"STARVILLE, MISS., March 11. '89.
"DEAR BRO.—Yours of Feb. 28th is to hand and contents noted. If churches and people of Wilson will meet and light the building you are so anxious to organize, and organize a large union choir and supply the choir with Gospel Hymns, and for one week before my arrival hold preparatory services every night, I shall be glad to come from Tallapoosa to the 21st Sabbath in October and hold you a ten days meeting. The success of these meetings depends largely on the preparation, and unless Wilson is willing to make full and complete preparation, I cannot agree to come.
"Yours in Christ,
"R. G. PEARSON."

King's Reasons.

MARRIED.
At the residence of the bride's parents, near Fremont, Wednesday of last week, Mr. George Woodward to Miss Estella Morris, daughter of Mr. J. J. Morris, Albert Aycock, Esq., officiating.
In Rocky Mount Sunday morning, Mr. Jos. Fierce was married to Miss Carrie Farmer, Rev. J. W. Powell, officiating. The happy couple came down to Wilson on the afternoon train and are stopping at the Briggs Hotel. The groom is the efficient operator of the A. C. L. station at the junction three miles below town. The bride is one of Rocky Mount's lovely daughters, admired for her many womanly graces.
To these couples the ADVANCE extends best and sincerest good wishes.
THE GHOST AT THE WHITE HOUSE IS SAID TO WALK BOLDLY EVERY NIGHT, BUT HE COULD DO DOUBLE THE AMOUNT OF WORK, IF HE WASN'T AFRAID OF THE MORNING AIR, AND KNEW THAT DR. BULL'S CONGA SYRUP CURED ALL KINDS OF TROUBLESOME COUGHS AND COLDS.
She stood at the gate in the late spring twilight, and when she said good-bye, she felt nervergia kiss her rosy cheek, but she only smiled, for she had Salvation Oil, the greatest cure on earth for pain.
DIED.
At his home in Rocky Mount, Friday morning of last week, in the 57th year of his age, Mr. James Garvey, one of the oldest inhabitants of that place and a respected citizen.
On Tuesday morning, Feb. 26th, in the town of Tison, the spirit of Miss Eliza Edwards was wafted on angel wings, across the dark valley of death into that land of everlasting life. The age of the deceased was about 55 years. She was born and raised in Nash county. At the time of her death she was living with her niece, Mrs. H. A. Winstead. We have known her from our infancy and we know she was a good woman. She had been a member of the Methodist church about four years, yet her former life was as spotless and pure as a pearl. The greatest ambition of her life was to add to the glory of her Lord and Redeemer. Her suffering was long and intense, but the sweet smile that decked her placid face as she lay quietly in the arms of death is plain evidence that she was peacefully resigned to her Master's call, and was satisfied she would find a brighter, sweeter, home in Heaven. She leaves a host of friends and relatives to mourn her loss. Her illness, which began beneath the cold cold of Nash Grove Cemetery. Her dear sweet smile still dwells with us. Her happy soul lives with God. I am joined by many in saying:
"That another link is broken
From the golden chain,
By the death of dear Aunt Eliza
Whose heart was ever true,
Her heart was as pure as crystal
Her eyes full of love,
She had the best of everything things
To dwell in heaven above.
Many a heart will ache with pain
Around God's holy altar,
But happier indeed is she now
For we know no more parting."
"Was hard for us to give her up
But the All-wise God knew best
He took her to his holy world
Into that land of bliss.
Yes! we know she sits in heaven
Around God's holy altar,
And we hope to meet her there
On resurrection day."

Nursing Mothers & Female Troubles!
MRS. JOE PERSON:
Madam—Four years ago I took a violent cold, which resulted in quinza, and fever, and the disease was in my system, and culminated in a womb trouble, which caused me great suffering that winter and spring. I could scarcely drag around, and almost insupportable I would pray to die. I begged my husband to let me try your Remedy—he bought me one box and it has made a perfect cure of me. It has also cured me of Indigestion, and furthermore, after the birth of five of my children, I would nearly lose the use of my arms, and suffered untold agony with Rheumatism and Neuralgia. I have not been troubled with either with my last two children. I keep a bottle of the Remedy in the house all the time, my husband says it is better than a doctor. With all my other children, I had great trouble with them through dentition. I can tell you, if my new child were childen cent with so much ease and as little trouble as my last two have. Whenever I see any sign of their teething I commence taking the Remedy, it keeps my stomach and bowels regular, keeps the healthy condition, and seems to have the same effect on theirs. It is certainly the best Tonic I ever tried, a few doses will brace me up and make me feel like a new person. Yes, publish any part of my letter that will help your cause in the least. I hate publicity, but if my experience with the Remedy will be the means of others trying it, I am willing for the public to know the good it has done me and mine. May God bless you! I am,
Very Truly,
MRS. ABNER ALEXANDER.
