

The Wilson Advance.

WILSON, N. C., June 11, 1891.

From Sept 10th, 1890, to April 30th, 1891, over 2,000,000 two million pounds of tobacco were sold on Wilson's Warehouse floors.

The merchants and other business men are requested to close their establishments at 12:30 on the 17th by the committee of arrangements.

Sam Moore, the crazy darkey, who has for the past two weeks alternately preached, prayed, cussed, fussed and exhorted at our citizens from the jail window, was taken to the Eastern Hospital at Goldsboro, Wednesday.

Mr. R. E. Copeland came in last Friday from a visit to his farm. He has 90 acres in cotton, 7 in corn, six in tobacco and three in peanuts.

Farm hands in this section are scarce. Mr. J. D. Farrior was offering 75 cents per day for cotton choppers last Saturday.

Rev. Dr. J. J. Lafferty, of Richmond, will lecture at Mammona Hall, Friday night. His subject will be "Luck and Pluck," and we are sure the Doctor will be greeted with a large audience if he does not bring his rain with him, again.

How many grains of corn are there on an ordinary ear? We confess we don't know. But we do know that Mr. W. J. Bullock counted the grains on one ear that Mr. Albert Farmer brought to town last week.

George Marshall, an indigent Confederate soldier, who has been an inmate of the Wilson county poor house for some time, was sent to the Confederate Home at Raleigh, Wednesday.

Business houses are respectfully requested to close from 12:30 o'clock Wednesday the 17th inst., until after dress parade.

Mr. H. E. Odom, of Battleboro, who has been sick for some time, was well enough to be up and over in Rocky Mount, Saturday.

We regret to note the death of Mrs. M. A. Sadler, mother of Mr. Octavius Sadler, of this place. She died of aneurism of the heart.

Thos. P. Braswell Esq., of Battleboro, are sorry to inform our readers, is seriously ill at his residence near Battleboro.

The meeting of the citizens which was called last week to confer with the Commissioners in regard to the Electric Light plant and water works, met at the Mayor's office Monday evening.

Mr. E. Barnes was also appointed a committee of one to float the bonds which have been voted for this purpose.

Everything Coming: The boys must have something to do. When Tillman McGowan fails them they invent another source.

Whether on pleasure bent or business, should take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver and bowels.

HIBRITEN ACADEMY.

An Interesting Account of the Closing Exercises.

[The above named school is taught by Prof. E. B. Phillips, a native of Wilson county. He told us last week that his school was flourishing and that he would take eighteen boys up with him in September.

Hibriten Academy, situated three and one-half miles East of Lenoir, and under the Northern stoop of the beautiful mountain whose name it bears, was the scene of an entertainment May 22, long to be remembered by the many who attended it.

It was the close of Prof. Phillips' school, which has been a most successful one, judging from the number of patrons and friends gathered to do him honor.

Tuesday night of last week, John Williamson, the negro orator of Raleigh, spoke in the Court House here. He is trying to interest the negroes in the Southern Exposition to be held in Raleigh in November.

"Dinner was then announced. Those afore-mentioned baskets had been opened and truly no one had been deceived. It was, we think, a "bigger" thing than Belshazzar ever had with his golden vessels and all.

OF INTEREST TO WRITERS.

A Labor Saving Invention Indispensable to all who Write.

Of the many valuable inventions which have been made in self-feeding pens a great part are due to the skill and persistence of Mr. L. E. Dunlap, of Boston, who, as a pioneer in this business, has spent the last decade in perfecting the fountain pen that bears his name.

It carries a sixteen-karat diamond-pointed gold pen, and is a perfect pocket-companion that will not only prove indispensable, but a joy and a blessing as long as life lasts.

Next door to a corset—the Ball waist. Shaped like it, but made for the women who object to a corset. Nothing to prevent it's going in the wash—nothing to prevent perfect freedom of movement. Straps for the shoulders, and buttons that won't come off, to support the skirts.
