

Wilson, N. C., sold 2,000,000 pounds of leaf tobacco from September 10, 1890, to May 1, 1891, the close of the season.—Richmond Southern Tobaccocon.

The graded school building is nearing completion.

Miss Addie Hardy has accepted a very lucrative position with a millinery firm in Batesville Ark.

Rev. Mr. Cutler, of Richmond, will preach in the Disciples church here next Monday and Tuesday nights.

"Cousin Jack" Simms says from what he can learn about it the Exposition at Raleigh is a "Cotton Shirt affair."

Dr. L. G. Broughton, of Reidsville, formerly of this county will enter the ministry and become a Missionary Baptist preacher.

On account of the illness of the Rector, Rev. C. J. Wingate, there was no preaching in the Episcopal church last Sunday.

Two bagpipers, four Italians, accompanied by two monkeys and two hand organs made the town merry last week to the delight of the ubiquitous small boy.

Edgewood Superior Court will be in session next week and on Monday and Tuesday we will be present hoping to see our many subscribers. Please go prepared to settle up. Don't forget about the books.

Sheriff Crowell returned from Wilmington Monday where he had been to hear "Your Uncle" Sammy Jones. Sheriff Crowell says the evangelist is a big man and there is all difference in the world in hearing him say a thing, and reading it in cold type.

Prof. E. B. Phillips, a former Wilson county boy, in a private letter to the editor is kind enough to say: "Send the ADVANCE after this date to Hibriten. I have a splendid school—nearly fifty pupils—and expect to stay here, but want to hear from progressive old Wilson every week."

The officers of Wilson Council Royal Arcanum No. 676 on last Monday paid the death claim of the late Wiley W. Edwards, amounting to three thousand dollars. This is the first loss sustained by this Council, which is a pretty good showing, after ten years with a membership of nearly 70.

The colored graded school was opened Monday last week with some over sixty pupils. The majority of the children of the school age are picking cotton and have not come in yet. The teachers are: F. O. Blount, Principal; Braswell Winstead, Levi Peacock, Lucy Thompson, and Victoria Battle. Prof. Foust says they are doing good work and there was no trouble in getting started.

Dr. J. E. Brothers and family returned from Elizabeth City Friday. All our people will be sincerely glad to know that Mrs. Brothers has almost recovered from her long illness. She is very bright and cheerful and her present condition is due to the careful nursing, untiring devotion, and patient attention given by her loving husband and kind friends. None rejoice at her recovery more than does the ADVANCE.

On next Saturday, October 17th, Senator Marion Butler, president of the N. C. Farmers' Alliance, and Mr. J. T. V. Hoover, lecturer for Wilson county, will, by invitation, address the farmers of Wayne county at Fremont, at eleven o'clock. The editor of the ADVANCE will be present and will be happy to see and accommodate with a receipt, all his Fremont subscribers and any others who propose to be present.

We trust we may be pardoned for reproducing the following extract from a private letter to us from one of the best, noblest and most generous of her sex in a neighboring town: "I know your big and generous heart would be filled with real happiness could you see me when the ADVANCE pays its weekly visit. It always brings sunshine and pleasure to me and I read eagerly every page, and sometimes re-read some of it."

We have been reliably informed that the article from the Tarboro Southerner in regard to the Enfield sensation published in the ADVANCE of Sept 17th is untrue—in fact the Southern confesses it was misinformed. We are told that Mr. W. L. Alley did not leave Enfield with Mrs. Carlisle. He left openly and alone to accept a position in Hot Springs, Ark. We copied the article from the Southerner as news and, of course, left the responsibility with that paper.

The Wilson Graded School will bring to Wilson fifty families within the next twelve months. We can now count fifteen who will move here by the beginning of next year. It is said that people make a town—build it up and keep it a-going. And so they do. And Wilson wins the people because it is a live town and the best place to live in in eastern North Carolina. We believe Wilson will have, under the Superintendency of Prof. Foust, a most excellent Graded School—one able to command the patronage of our people and be an ornament to the town.

Twenty-seven convicts in charge of four guards armed with repeating Winchester Rifles, passed through here Monday. They were going to the State farm near Weldon. In the party we noticed eight or ten young negro boys. They did not look a day over fourteen years old. But it is all the same. They are doomed to be shut up with the most hardened criminals and reprobates, and when their term is over, are ripe for any deed of evil. The State must not permit this. Sooner or later a change will come. It cannot come to soon. Last week a gang of 67 old offenders went down to build a railroad from the A & R Junction to Washington. The road is to be completed by January 1st, 1892.

Mrs. F. A. Woodard, Mrs. M. C. Daniels, Misses Alice Barnes and Julia Gay, left Friday for Washington to attend the sessions of the Ecumenical Conference.

Dr. C. E. Moore and wife returned from New York City Saturday. We are glad to know Mrs. Moore's health was greatly benefited by treatment received while there.

Rev. H. B. Battle, Messrs. G. W. Blount, B. F. Briggs, Louis Jordan and Willie Lee attended Tar River Association of the Missionary Baptist at Warrenton last week.

Jno. Robinson's circus was in Goldsboro yesterday. So were also the following Wilson people: Messrs. W. G. Ellis, Willie Walls, Warren Woodard, Henry Blount, J. W. Crowell, Kenneth Pearce, W. C. Gorham and two sons, Alex. Qualls, A. R. Paschall, Murray Stone, Miss Kate Barnes and sister.

Dr. John A. Stevens was visiting in Wilson last week.—Clinton Caucasian.

Again, we tell you, that our Limit is 10,000,000 lbs.

It is said that the Wilson market has sold over one million pounds of new tobacco up to this date and it is believed that five million pounds will be sold during the season.—Winston Tobacco Journal.

The Bird Law.

As a matter of information to all concerned, we publish the following section of the Code relative to killing birds:

"No person shall kill or shoot, trap or net any mockingbirds, quail, doves, robins, larks, partridge birds or wild turkeys, between the first day of April and the fifteenth day of October of each year, and the person so offending shall be guilty of a misdemeanor and fined not exceeding ten dollars for each offense."

This section was amended by the last Legislature by striking out the words "first day of April and the fifteenth day of October," and substituting therefor the word "fifteenth day of March and the first day of November."

Our Advertisers.

The Rochester Lamp Co. sell good lamps.

E. R. Gay's specials will again attract your attention this week.

See the notice by the Atlantic Coast Line. After next Sunday passengers will not be carried on the local freight.

Advanced ideas control and J. & D. Oettinger say they are winning along that line. "Leading outfitters" is their claim, so you can see them about that overcoat and suit of clothes you are going to buy.

ADVANCE readers all know that Tuesday was "calico day" at Young Bros' establishment, but they will probably be as much surprised as we were to know that they sold 3,000 yards of calico. The store was crowded with buyers all day and the force of salesmen were tired out when night came. Somebody is going to wear some calico. By-the-by, we can do no more this week than call attention to their mammoth four-column advertisement, that you can't help seeing. They are satisfied as to the value of ADVANCE advertising columns. They know that ADVANCE readers are the best people of this section and there is no better way in which to reach them.

A Big Fire.

(SPECIAL COR. THE ADVANCE).

GREENVILLE, Oct. 14th, 1891.

On Monday night the pack house of Mr. J. Bryan Grimes, who lives about 18 miles below this place, was destroyed by fire. It contained about 35,000 pounds of tobacco—his entire crop, the work of incendiaries. There was no insurance.

AS WE SEEN.

The Light in Which Beautiful Wilson Appears to an Agreeable Visitor.

At Wilson, N. C., on our recent visit, Mr. Ed. Barnes, Jr., obliged us greatly in showing us all over that beautiful and progressive town. The pretty and home-like residences surprised us. It is a clean, pleasant place; sandy, 'tis true but then there is no racking, rattling noise to enrage the nerves. The big stores are clean and well kept, with busy clerks, betokened the business done there. Cotton and tobacco are the staples. Wilson does a wholesale business to a large back country.

We know tobacco of Pitt and Wilson to be the best in North Carolina crop this year for color. Prices were fully up and farmers well pleased. The big factories of Smoot & Clark and Cooper and others just reaching completion, shows the town means business, and the 3500 population gauge is to be doubled soon. Streets are extending. There is no land boom or syndicate to suck in the stranger or his money or to fool home folks. We were taken with the town and were before His Honor Mayor Green—by introduction.

Ed. Pace purposes to see Wilson second to no market in North Carolina.—Richmond Southern Tobaccoconist.

Rocky Mount Fair.

We have received the premium list of the eleventh annual fair of the Rocky Mount Agricultural and Mechanical Association to be held on November 11, 12, 13. Many handsome premiums are offered in the regular list besides a long list of special premiums. The list and all information can be had by application to S. L. Arrington, Secretary and Treasurer, Rocky Mount.

We trust the Fair will be a big success this year, as usual, Mr. Arrington, the efficient Secretary, is an energetic man, alive to every interest connected with the Fair. We are glad to know that our good friend T. P. Braswell, has been elected President, the position so long and acceptably filled by Hon. B. H. Bunn.

Our grand premium offer is bringing in the subscribers, eight was the number enrolled last week. If you have not the time to settle up and get some of the best reading matter ever written absolutely free to you. Have you seen our offer yet? If not, write us about it.

An Address Well Worth Reading.

(SPECIAL COR. TO THE ADVANCE)

CHAPEL HILL, Oct. 12, 1891.

MR. WILSON: Will you please publish in your paper that the next issue of the University Magazine will contain the address of the late Rev. A. W. Mangum, D. D., professor of mental and moral science, delivered by Mr. Josephus Daniels at the University last commencement. Copies may be had by sending to the business managers of the Magazine, Chapel Hill, N. C. The address was very able and instructive and reflects credit on "our Joe." I thought may be some of the Wilson people would like to get the address. Yours,

Geo. W. Connor.

WHAT IS SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful itching sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors," which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How can it be CURED

By taking Hood's Sarsaparilla, which, by its remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla.

"My daughter Mary was afflicted with scrofulous sore neck from the time she was 22 months old till she became six years of age. Lumps formed in her neck, and one of them grew to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. CARLISLE, Nauright, N. J.

N. B. Be sure to get only Hood's Sarsaparilla Sold by all druggists. \$1; six for \$5. Prepared only by G. I. HOOD & CO., Lowell, Mass.

"Seeing is Believing."

And a good lamp must be simple; when it is not simple it is not good. Simple, Beautiful, Good—these words mean much, but to see "The Rochester" will impress the truth more forcibly. All metal, tough and seamless, and made in three pieces only, it is absolutely safe and unbreakable. Like Aladdin's of old, it is indeed a "wonderful lamp," for its marvelous light is purer and brighter than gas light, softer than electric light and more cheerful than either.

Look for this stamp—THE ROCHESTER. If the lamp dealer has not the genuine Rochester and the style you want, send to us for our new illustrated catalogue and we will send you a lamp safely by express—your choice of over 2,000 varieties from the Largest Lamp Store in the World.
