A TRUE BIBLE STORY.

In the meantime Mr. Eden had dis patched a boy to the nearest book store to buy a Bible. But before he returned an imperative demand came from the gentle man in L 35 to hurry up; that he was Mr. Eden sprang into one elevator, Mr

"Bible?" shouted the invalid: "what in - do I want with a Bible? I want a barber." Just then he saw how the mis take had occurred, and when his physician, Dr. Tallman, came into the room he thought his patient had jumped from pneumonia to apoplexy. While the doc-tor was using all his skill to quiet him, fearful of the consequences to one s weak, Mr. Eden rushed in with a new Bible as big as Webster's Unabridge Dictionary. After putting Mr. Eden out in the ball Dr. Tallman remained with his patient the rest of the day.
