Transient advertisements to be published one month and under, must be paid for in advance. All advertising for a shorter time than three months is considered transient advertising.

LOCAL.

Let Wilson revive her battle show. Work on Wilson's water works goes bravely on.

The shipments of truck from the South are becoming heavier every day.

Another black 'hare' was seen at Toisnot last Saturday—a bare-footed negro boy.

In the shade Sunday evening at 4 o'clock the thermometer was sizing at 93, in the thermode.

The farmer who raises his own corn and meat isn't compelled to mortgage his land to pay for those articles.

Strawberries sold in Wilmington last Saturday at fifty cents per quart. Truckers look for a good supply this week.

Dr. Harmon the Russian Ophthalmic Optician and inventor will be in Wilson next week, (April 20) and occupy rooms at the Briggs House.

We never saw a man who was too poor to subscribe to the local paper but what was rich enough to buy mean whiskey and keep a couple of sheep killing dogs.

Lilies are in full bloom. Mother Hubbard gowns are becoming quite numerous. The gay and festive mosquito is engaged at this time in sharpening his beak.

The strawberry plants at Mount Olive surpass in appearance any between Wilmington and Weidon. There is every indication of a large crop.

To the lot owners in Maplewood Cemetery whose uncanny hedges were killed by the severe cold last winter, we would say show them off as near the ground as possible if you wish them to grow out.

There will be an entertainment at the Opera House entitled a "Spring Panorama" tonight. If you want to have a pleasant time be sure and go. Reserved seats for sale at Hines' drug store, on Nash street.

"Something that every farmer wants. A low price, but reliable fertilizer for Potatoes, Carolina Soluble Bone & Potash fills the bill precisely. Manufactured by F. S. Royster, Tarboro, N. C."

Ex-Gov. Jarvis will deliver the annual address before the Wilson Collegiate Institute on the 30th of May. The Institute is to be congratulated on having secured the services of this eminent North Carolinian for the occasion referred to.

Dr. Ros continues to give most general satisfaction. Every day we hear of new cases that have been carried to him and received successful treatment. Many people in and around Wilson are prepared to attest to his skill as an optician.

The hard winter has been accounted for. Upon investigation it is shown that the weather bureau has been in incompetent hands. Bob Marlow says he hopes Mr. Cleveland will make the necessary changes to prevent another such as we have recently passed through.

We want to make this paper the best paper of its class in the State; to accomplish this we must have your aid; there are many ways in which you can render us this service, viz: by subscribing, advertising, persuading your friends to do the same and by sending us any items of news that will be of public interest.

We overheard a gentleman remark Monday, that "I took dinner with a friend at the Briggs House Sunday and must say I have never sat down to a better meal anywhere." This was a high compliment, as we happened to know the gentleman in question has traveled a good deal.

Look to the Roads.

The roads are in a fearful condition after our late severe winter. It is the place of the magistrates to see that the road supervisors do their duty, and we hope they will see that there is some kind of an effort made to put our roads in some kind of a decent shape. Complaints are coming from every side of the roads leading into Wilson. The proper parties should attend to this matter at once.

There was a fish fry at Barnes' Mill Tuesday which was attended by a select party of Wilson gents. We cannot find out what was offered the party for brother C. Who was it?

Don't forget that Miss Westcott will be in Wilson, on the 27th, in her masterpiece "Switzerland"—Mr. Cunningham, of Richmond will be on hand also to assist in making the evening one of universal enjoyment.

The many patrons and well wishers of "The Seven Springs" will be glad to learn that Mr. F. L. Perry, the popular hotel manager, will take charge of the hotel at that place this season. We understand they are building a nice pavilion, for dancing—a fine band of music will be employed for the season. The hotel will be opened May 1st.

The ladies of the St. Agnes Guild, gave a "Japanese tea," at the residence of Mrs. E. Barnes, Tuesday evening. The young ladies turned out in gay apparel and promenaded under the many colored lanterns to the strains of sweet music. After music and recitations, a bountiful supper was served. The young gentlemen present requested the ladies to repeat, at least once a week.

Your Name in Print. Mr. George Connor, spent Sunday at home.

Mr. Howard Rowe was in town this week.

Mrs. Coltrane, of Concord, is visiting her sister Mrs. Young.

Mrs. S. Penney Child, of Raleigh, spent a few days in Wilson this week.

Rev. John E. White is assisting the Rev. Q. C. Davis in a series of meetings at Enfield, this week.

W. W. Hargrave and family, stopped over a day or two this week on their return trip from Florida.

Mr. Willie Staling's friends are looking for him by every train. They fear that some undue influence is being exerted to keep him away from home.

Our boys will be sorry to hear that Ed Mitchell has accepted a position at New Port, R. I. We have plenty good barbers but none better than Ed.

Closing Exercises. The closing exercises of Miss Jennie Winstead's school at Black Creek, on Friday evening last was quite an interesting occasion.

Miss Winstead has succeeded in giving universal satisfaction, and carries with her the best wishes of the entire community. Never has a teacher been more highly thought of.

Among those present we noticed, the Rev. J. M. Butts and Rev. W. W. Rose, who introduced the speaker of the evening, Mr. George Connor, Principal of the Graded school at Goldsboro. Mr. Connor gave an appropriate and instructive address to which the audience listened with marked attention, thus signifying their appreciation.

Graded School Report. Average daily attendance in Wilson Graded School, given according to grade, for the year: 1st grade, 45; 2nd grade 53; (Mrs. Mercer, the regular teacher in this grade has an assistant) 3rd grade 37; 4th grade 39; 5th grade 31; 6th grade 25. The 7th and 8th grades compose the High School. There are two teachers in these two grades, but they change work, each one teaching certain branches in both grades. Besides, as this is the first year of the High School, the pupils are somewhat irregular, there not being that definite division into grades that there will be when this department is thoroughly organized. On account of this inter-lapping the High School is given as a whole: Average daily attendance in High School, 48; total enrollment not including High School, 348; total enrollment of High School, 62; total enrollment of whole school, 410.

Published by order of Board of Trustees. J. I. FOUST, Superintendent.

ELM CITY ITEMS.

Sheriff J. W. Crowell, of Wilson, was here one day last week.

Mr. John D. Wells and wife, of Wilson, were in town Saturday.

Mrs. C. L. Perry returned home from Black Creek one day last week.

Prof. C. W. Massey is making some improvements on his dwelling on Main Street.

Messrs W. J. Grimmer, J. H. and Capt. C. L. Land, of the Atlantic Coast Line, spent Sunday with their families and parents here.

Mr. J. C. Wallace of Charlotte, N. C. arrived last Thursday and with his wife's people, Mr. W. G. Barnes.

Mr. W. L. Long, of Mount Olive, was in town Tuesday. He is representing a dry goods house, of Baltimore Md.

Mr. Iredell Williams, of Kenly, N. C., was in town Sunday visiting—Guess who? Come again Mr. W. She is a smart little girl.

"The courteous, sedate, polite unostentatious, affable, Mr. W. L. Cantwell, of the "Wilson Advance," was in town on last Thursday. Come again Mr. Editor, we are always glad to see you.

Rev. Edwin C. Glenn occupied the pulpit in the M. E. church here Sunday morning and night. He left Monday for Nashville, N. C., to assist Rev. Mr. Moyle in a protracted meeting at that place.

Some one remarked a day or so ago that when our sister town, Wilson and Rocky Mount, by their rapid growth meet that Elm City would have the Court House, as it was near the center. "Madam Rumor" says that Elm City is now furnishing a courting house for Wilson and Rocky Mount. What do you say about it, John?

Prof. W. L. Smith opened his writing class, at the Y. M. C. A. Rooms, yesterday afternoon. The rooms are neatly furnished with all necessary furniture. The Professor wishes to say that those desiring to obtain the full benefit of his instructions should commence not later than Monday next. A number of valuable prizes will be distributed at the close of the school. Class meets every afternoon, except Saturday at 4 o'clock.

Honor Roll.

Of the Wilson Collegiate Institute, for second quarter Spring term. Misses Lizzie Bryan, Rebecca Cheatham, Delphia Cherry, Ruth Clark, Leroy Mooring, Jamie Porter, Sallie Porter, Sue Selby.

At her home in Nash county in her thirtieth year. Mrs. James M. Strickland, on Friday last. The funeral was held Sunday evening at her father's.

She leaves no children. We extend the bereaved husband and parents, our sincere sympathy.

TAHLEQUAH, I. T., April 9.—The Cherokee senate passed a bill designating the chief and treasurer, and two other delegates, to go to Washington and get the money, amounting to \$8,300,000, due on the sale of the strip. Quite a sensation is being caused here by the recent offer of the Mexican government to sell the Cherokee a portion of old Mexico in case the United States takes the country from them.

JACKSON, Miss., April 8.—Special. Attorney General Jackson has created consternation among cotton buyers by officially declaring that cotton held at the beginning of a fiscal year by buyers should be assessed and taxed. A great deal of cotton is being held all over the State, and taxes on same would amount to many thousand dollars, for instance, 12,000 bales are held here. At \$30 per bale \$360,000 would be added to the assessment roll. State tax and city tax on the same would be \$3,800. The same is virtually true of every city in the state, and holders are aroused. The law is plain, and the assessors must obey.

Cholera in Austria and France. VIENNA, April 10.—Sixteen cases of cholera are reported from different parts of Galicia.

PARIS, April 10.—Three persons died of cholera yesterday in L'Orient, in the department of Morbihan, France where the disease has caused many deaths recently.

Electric Railroad to Baltimore.

BALTIMORE, Md., April 10.—All franchises and rights of way have been secured or are guaranteed, it is said, for an electric railway between Baltimore and Washington, and construction will begin at an early date. The road is to be thirty eight miles long, and capital to the amount of \$1,500,000 has been subscribed therefor.

It is understood that Alexander Brown & Sons, bankers of Baltimore, are in the city, along with other Baltimoreans, and the Elliotts, prominent bankers of Boston, and two New York capitalists. This enterprise is not connected, it is said, with the traction company's projected electric road and boulevard between the two cities. Tomorrow a meeting of those interested in the railway will be held and directors chosen.

Hundreds Dying of Hunger.

MOSCOW, April 10.—The famine in the European part of the government of Perm is worse than ever before. The poor are dying by hundreds. In the smaller villages the people have ceased trying to bury all the bodies. Relatives of the dead are often weak to provide burial for their dead, and so leave the bodies lying on the roofs of the houses.

Despite the severity of the law against secret societies, and the prohibition of the collection of funds save through officials, private associations are forming to secure food and clothes for the sufferers. These associations, although inadequate, give the only relief which the peasants can obtain. The state committee has been dissolved, and the provincial authorities have taken no step to reorganize it. It is estimated that 252,000,000 pounds of grain are required to alleviate the distress and keep the peasants in food until the next harvest.

The Raleigh correspondent of Wilmington Messenger speaks as follows regarding the status of affairs at James City:

"Upon the lands of that place which the courts decide are Mr. Bryan's lands and must be placed in possession, are nearly 600 negroes. These were placed in 1863-5 by the Federal officers. Most of them were sent there from Goldsboro in 1865 by Gen. Sherman while his army, or a wing of it, was at Goldsboro. There were then some 5,000 'contrabands,' hangers-on of his army, who were sent to James City. After the courts decided that the lands belonged to Mr. Bryan the negroes swore they would not leave. He offered to rent them the lands, and on merely nominal terms it was thought the latter had agreed to do so, but it seems that the foolish negroes have again decided to defy the law. At a mass meeting they adopted resolutions, and published a formal notice, and they will not accept Mr. Bryan's terms, considering them too rigid." A month ago it was thought that troops would have to be used there, as the negroes had defied the sheriff's posse. It now seems that the emergency has again arisen.

"The negroes say they will not submit to civil force, and there are 500 able bodied men in the town. Of course the State will meet the emergency squarely. Governor Carr is certainly not a man to be trifled with by the law breakers."

Gov. Carr will not be Trifled With.

No. 1362 Woodward ave., Detroit, Mich., Oct. 23, 1892.—I have sold your Extract for 18 or 19 years and always recommended it very highly. Have been opposed to the sale of the bulk hamamelis, and told my customers that I much preferred Pond's Extract as it had absolutely cured me of a severe case of Piles when all other remedies failed (which is a fact) and just one bottle did it. H. A. Hitchcock.

Hood's Pills act especially upon the liver, rousing it from torpidity to its natural duties, cure constipation and assist digestion.

"Away! Away! There is danger here! A terrible phantom is bending near. With no human look, with no human breath, He stands beside thee—the haunter—Death!"

If there is one disease more than another that comes like the unbidden guest at a banquet, it is Catarrh. Insidiously it steals upon you, with no human breath. It gradually, like the octopus, winds its coils about you and crushes you. But there is a medicine called, Dr. Sage's Catarrh Remedy, that can tear you away from the monster, and turn the sythes' point of the reaper. The makers of this wonderful remedy offer in good faith, a standing reward of \$500 for an incurable case of Catarrh in the Head.

My wife was confined to her bed for over two months with a very severe attack of rheumatism. We could get nothing that would afford her any relief and as a last resort gave Chamberlain's Pain Balm a trial. To our great surprise she began to improve after the first application, and by using it regularly she was soon able to get up and attend her household work. E. H. Johnson, of C. J. Knutson & Co., Kensington, Minn. 50 cent bottles for sale by A. J. Hines.

The Choctaw Civil War.

WASHINGTON, April 8.—Secretary Hoke Smith has received a detailed report from Agent Bennett on the present trouble between the factions of the Choctaw nation. In brief it asserts that Governor Jones and his so-called militia are simply endeavoring to wreak private vengeance upon their political and personal enemies under cover of official positions; that right and good morals are upon the side of Locke; that there is no likelihood of a peaceable settlement of the difficulty by themselves and that to avert a tragedy that will discredit humanity it will be necessary to place the Choctaw Nation under martial law. Secretary Smith has requested the Secretary of War to at once send a detachment of troops to the scene of the threatened trouble to maintain peace and protect life and property.

The Eiffel Tower of Toilet Articles.

316,574 bottles Blush of Roses sold in 1892. You know I could not have sold so much if Blush of Roses was not as represented, a sure-cure for pimples, freckles and blackheads. In 1893 I predict it will be sold by every druggist, and used by every lady and gentleman in the United States. A. J. Hines will supply at 75 cents per bottle.

Town Election.

At a meeting of the Board of Commissioners of the Town of Wilson, held in the Mayor's office April 3rd, the following persons were appointed as registrars and Poll Holders for the Town Election to be held on the first Monday in May, 1893:

A Disastrous Fire.

ASHLAND, Ky., April 8.—The most disastrous conflagration that ever visited this section occurred at the yards of the Yellow Poplar Lumber company at Coal Grove, Ohio, just opposite this city yesterday afternoon. The dry kilns, planing mills, offices and store rooms were all destroyed, together with thirty four private residences. Three lives are reported lost. Those whose residences were burned were unable to save anything, barely escaping with their lives. The loss will reach \$750,000. Fully 50,000,000 feet of valuable lumber was burned mostly poplar and walnut.
