LOCAL.

Commencement week. Picnics are now in order. The bicycle craze has reached Wilson.

For fine bread use Fleischman's Yeast and Lucille Flour. Boykin & Co Thanks to the Snakenberg boys for milk shakes. Send 'em again boys.

Those wishing to buy a town lot would do well to read Mr. A. J. Hines ad. Bargain galore at Oettinger's next week. This means a rush to their popular stores.

A fire at Windsor, N. C., Friday burned six dry kilns and lumber valued at \$8,000.

Wilson can't be downed. Our people are a little slow but they get there just the same.

We are pleased to learn that the assets of Mr. J. W. Batts will more than balance his liabilities.

Cool nights and mornings sicken young cotton and that's what makes the farmers complain just now.

New crop Irish potatoes with spring chicken "fixin's" all done up in a stew is the prevailing Wilson dish now.

The building boom has again set in. Not less than a half dozen nice residences are in course of erection in our town at this time.

A certain youth in town wants to know what will cause the growth of his moustache. Our advice is to go to "Henney's."

Cheer up doctors, the days of green apples and "sich like" are nigh at hand. It's an ill wind that blows nobody good.

A young man on Tarboro street says he would give one half of his farm, if he had one, for a bicycle. Get your farm first, young man.

When two women in a family are trying to tell the same thing at the same time, it is an auspicious opportunity for the men folks to vanish.

The young gent that fell asleep while conversing with the young lady he called on the other evening, can learn of something to his advantage by calling at this office.

Prof. E. Van Lear, of Wilmington, will be in Wilson next week. All persons wishing to purchase a new instrument or have those they now own tuned, will do well to see him.

Mr. Joseph D. Taylor carried off the prize for greatest improvement in night school of penmanship in Prof. Smith's school of writing. The patrons are well pleased with results and manner of teaching.

Wilson has more flowers within its limits than any town of its size in the State, a fact that speaks volumes for the refined and cultured taste of the people. Every variety known to this climate may be found in profusion in nearly every yard and garden.

Gentlemen would not use "Blush of Roses" if it was a paint or powder, of course not. It is clear as water, no sediment to fill the pores of the skin. Its mission is to heal, cleanse, and purify the complexion of every imperfection, and insure every lady and gentleman a clear smooth complexion. Sold by A. J. Hines. Price 75 cents.

There is a man in the neighborhood of our office guilty of playing on the old fashioned "fiddle," and we desire to know if it is a violation of the law to kill him. Is it, or is it not? That's the question. Whether it is in the mind to suffer the tortures of that blasted squeaking instrument or by opposing, and the existence of the crazy operator. Should he not "die" sleep, perchance to dream. For in that sleep of death what dreams of horror may come to remind him of the intolerable bore he was on earth. 'Tis a consummation devoutly to be wished.

See Miss Bettie Lee's new ad. She is offering everything you need in the millinery line. See her before buying.

The Fayetteville Independent Light Infantry laid the corner-stone of their armory Monday. It will be finished by August 23rd.

Mr. Silas Lucas informs us that he is delivering brick daily for Mr. Calvin Barnes' new tobacco warehouse, on which work has been begun.

The water works are moving on rapidly and will doubtless be finished on time. Then we can dispense with the dust on Nash and Tarboro streets.

At a meeting of the trustees of the graded school, held Tuesday, Prof. Foust was chosen principal for the ensuing year. The election of teachers will be held Friday, June 2nd. See ad in another column.

Your attention is called this week to the ad of E. R. Gay in reference to Oxford Ties. Also their airy and cool summer goods. Read it and be benefitted by making your purchases of him as his goods and prices are always right.

We can't understand why our friends in Black Creek are so backward in paying us a call. Last week one of their citizens was offering ten to one on Black Creek against any club in Wilson, but some how or other they don't respond to our call for a game.

Our base ball boys are getting ready for business, and have already sent out challenges for the teams at Tarboro, Enfield and Rocky Mount. We have no authority to do so, but will take the liberty of adding that any other local team may consider themselves challenged for a friendly game. All they need do is intimate their willingness to play and they will be accommodated.

Mrs. S. I. Griffin had a narrow escape from a serious fire Monday night. The servants had very carelessly emptied the live ashes from her cook stove into a wood box and left them in a corner of the room. About ten o'clock smoke was seen issuing from the building. On examination it was found that the box had taken fire and a portion of the woodwork was in a bright blaze. Fortunately Messrs. Hutchinson Lee and Rountree were on hand and quickly subdued the flames. No alarm was sent in. Moral: Don't put ashes into wooden vessels. We are quite sure such action will nullify your policy of insurance.

Wilson Graded School. Last Tuesday evening we had the pleasure of attending the first of the graded school entertainments. The programme was well selected and beautifully sustained throughout. The feature of the evening was the "Reception of Columbia and the forty-four States, given the foreign nations as they assembled at Chicago for the World's Fair."

"Miss Columbia" was very prettily personated by Miss Maggie Hill, while Mr. Henry Meredith took the part of "Uncle Sam." The representatives of the different nations all wore the costumes of their native States and made a very pretty and instructive display.

After trying many remedies for catarrh during the past twelve years, I tried Ely's Cream Balm with complete success. It is over one year since I stopped using it and have not had return of catarrh since. I recommend it all my friends. Wilton T. Palm, Reading, Penn.

The Remains of Mr. Davis. The interest in the removal and reinterment of the remains of President Jefferson Davis is increasing from day to day.

The military display will be very large but at the present time the committee is unable to state what troops and how many will be present.

While the committee does not promise to bear all the expenses of the visiting military incident to the trip, they will give substantial assistance, and think the cost to the visitors will be very small.

The ceremonies at the grave will be of a very simple order. There will be a song, a prayer by one of the ministers, a salute will be fired by the military, a new composition by Prof. Jacob Reinhardt will be played by a band for the first time and the benediction will be pronounced by another one of the ministers invited to officiate.

The funeral services were held over the body of President Davis in New Orleans, December 11th, 1889. No part of that service will be repeated on May 31st, but simple ceremonies appropriate to the occasion will be observed. There will be no other exercises in connection with the interment other than those mentioned.

NO OTHER Sarsaparilla has effected such remarkable cures as HOOD'S Sarsaparilla, of Scrofula, Salt Rheum, and other blood diseases.

Five large distillers have drawn out of the whiskey trust and will run in future on their own hook.

Found—the reason for the great popularity of Hood's Sarsaparilla—simply this: Hood's cures. Be sure to get Hood's.

Mr. Jacob B. Gaunt, Medford, Burlington county, N. J., thus gives his experience: "From experience I can say that Salvation Oil is a good remedy for rheumatism. I had been all most a cripple for eight or nine months with this malady, but Salvation Oil vanquished it. I can now do as much work as the next person."

A novel obstruction was found in the water supply pipes on the Harlem river last week. The Cable Car Co. was unable to draw water through their pipes and an examination revealed the fact that they were completely choked by fish. Thirty perch were taken from a single pipe.

The Adj. Gen'l has disbanded Co. B, 3rd Regiment State Guard.

What Saved Him. "Time I was out in Colorado," said the man with the ginger beard, "I was chased by the bloody Injuns into a cave, and had to stay there three months without anything to eat."

Here the man with the ginger beard looked around defiantly, expecting some one to doubt his assertion, but as no one spoke, he was compelled to explain.

"I s'pose I would ha' starved," he continued, "if it hadn't been for my wife and family back East. Whenever I would get to thinkin' of them, a big lump would rise right up in my throat, and swallerin' that I kep' myself from starvin'."

The position of third assistant postmaster-general falls into the hands of a North Carolinian. The Old North State is getting her share of the spoils this year.

"Then times were good, Merchants cared not a rush. Than Johnny cake and mush."

But now times have changed, and the plain and simple fare of the forefathers is done away with. Patent flour and high seasoned food, and strong drinks have taken its place, and, as a result, dyspepsia, impure blood, and diseases of the stomach, liver and lungs are numerous.

This great change has led one of the most skillful physicians of the age to study out a remedy for these modern diseases, which he has named his "Golden Medical discovery." Dr. Pierce in this remedy has found a cure for dyspepsia, bronchitis, asthma, consumption, in its early stage, and "liver complaints."

They were strolling through the menagerie, and came to the giraffe. A bystander overheard this conversation: Mrs. O'Toole—An' what is that Diddy? Mr. O'Toole—That? Why, that is an ostrich.
