"The latter part of last June l learned of a case cured by the use of Dr. William's Pink Pills for Pale People. I had never heard of those blessed Pills before, but I thought if they could cure one man of the same disease with which I was afflicted, perhaps they would also cure me. So I sent to the Chas. H. "Then Dr. Patchen of Wisconsin, uncle of my wife, and who was here on a visit, began to poo-poo at me for taking Pink Pills and finally persuaded me to stop taking them and to let him treat me. When he returned to the West he left me a prescription with Dr. Hyatt of Auburn, who also treated me. But their treatment did me no good, and after a while the old trouble returned and I was getting bad again. Then I began again to take Pink Pills; have taken them ever since, am taking them now; have taken in all about 20 boxes at an entire cost of less than \$10 00 (My other treatment cost me a pile of money) and again I am well and able to work.
