Mr. G. T. High has accepted a position with Mr. Louis Cohen.

Every Democratic voter should attend the primary election on the 22nd of September.

Several of our young ladies and gentlemen are making arrangements to get off to college this week.

It is said that over fifty thousand pounds of tobacco were sold in Wilson on Tuesday of this week.

Mr. Calvin Woodard has moved to Wilson and will once more buy cotton on this market. He will represent Messrs. C. A. Young & Bro.

The County Convention of the Democratic party meets on the 26th of September to ratify the action of the Democratic primaries on the 22nd.

Mr. Bob Marlow gave his tobacco friends a picnic Saturday. Bob usually does things up right, so we can safely guess that every one had a good time.

Mr. E. R. Gay wishes to say that his buyer is now in the Northern markets putting in a big stock of goods that will supply all the wants of the trade.

Capt. Killett has transferred his beaming countenance to the East side of Barnes street. He will handle the fleecy staple this season for Mr. A. P. Branch.

Mr. Ed. Graves, of Stantonburg, has accepted a position with Howard Son & Ellis for the coming season. Mr. Graves is a capital ball player and should be able to catch any trade that is flying.

There is every reason why Wilson should have a boom in business this fall. The tobacco crop has been harvested and is bringing big money. Cotton will soon begin to come in. Trade is bound to be good.

The fire alarm was sounded last night and every body rushed out, only to find that it was a mistake. Some one had been startled by the appearance of a few sparks, coming from a chimney and started the alarm.

See ad in another column of Elm City Academy. Mr. Hays was associated last year with the late, Prof. S. E. Warren, of Wilson, and is a teacher of long experience. We gladly recommend him to all those who desire their children to receive a thorough course of instruction.

All the candidates are hopeful every one of them is confident that he is going to win. Unfortunately some two or three of them will be left out in the cold. Only one so far has progressed beyond the primaries, this one has already gained the primary and is working to carry the election.—Star.

There is no finer section in the land than Wilson county. Here the very best tobacco can be raised and the finest crops of corn and cotton can be produced. Search the world over and no spot can be found, in our opinion, that is superior to our own county. Then, let us be satisfied, and go to work to make it blossom like the rose.

Mr. J. M. Weaver, a tenant on Mr. W. J. Harris' farm brought in a bale of new cotton Monday. It was bought by Mr. A. P. Branch at 6 1/4 cents per pound.

A Guest for Hotel de Crowell. T. B. Garris was brought down from Nashville Tuesday and lodged in our jail for safe keeping. He is charged with having assisted a prisoner to escape, and is looked upon as a bad character generally.

The Primaries Called.

On Monday the Democratic Central Executive Committee met here to elect a chairman and call the primary election. Mr. J. D. Bullock was elected chairman. He is one of our best business men and will no doubt make a diligent and effective chairman. The primary election was fixed for the 22nd of September. Time enough is thus given for the candidates to make a thorough canvass of the county.

The following resolution was adopted by the committee in reference to the election in November.

Resolved that the County Democratic Executive Committee of Wilson County pledge itself to a fair election, and an honest effort that every man shall be allowed to exercise his privilege as a citizen without fear or favor.

A Card.

Mr. A. A. Stallings and family desire publicly to return their heartfelt thanks to the many friends who so cordially and feelingly extended their aid and kindly sympathies to them in their recent bereavement.

Child Abandoned.

We learn that on Tuesday a child was found in an old field on the outskirts of the town of Dunn. The child was apparently about a week old and well. It was taken to town and turned over to the mayor, who afterwards received several applications from different persons to adopt it. The child was afterwards claimed by a colored woman, but so far as we know, made no satisfactory explanation of its being alone in the field. We don't know whether it was delivered to her or not, but are inclined to think that any woman who would leave her child of that age alone in the fields should not be trusted with it longer.

Organize a Club.

As mentioned elsewhere the President of the State Association of Democratic clubs has called a meeting in Raleigh on the 20th of September, at which the clubs are expected to be represented. Why not organize a club in Wilson at once, so that representatives can be sent there on that day? It would be an evidence of energy and life on the part of Democracy which could not fail to do good. Let somebody make the move and let others follow.

Reception Saturday Evening.

Mrs. Samuel Hodges gave quite a brilliant reception to her guest, Mrs. Joseph Mullen, of Baltimore, Saturday evening from five to seven o'clock.

Mrs. Hodges, in black silk and velvet, decolletee, with corsage bouquet of pink roses was assisted in receiving by Mrs. Mullen, in an elegant gown of corn colored satin, elaborately trimmed with brocade, diamonds. Miss McDaniel, in lavender silk and violets and Miss Deans in white silk and pink roses, served refreshments, assisted by Miss Eliza Hodges. Miss Hutchinson presided over a bowl of delicious tea punch. Notwithstanding the storm there were a large number of callers—both maids and matrons—all of whom enjoyed exceedingly the hospitality of the gracious hostess.—Wilson Star.

Action of the County Commissioners.

Monday the county Commissioners met in their regular monthly meeting. After transacting the regular business of the day, the following registrars were appointed for the various townships of the county: Wilson, R. S. Barnes; Black Creek, A. Barnes; Springhill, J. T. Hinant; Old Fields, J. F. Etmant; Taylors, M. M. Matthews; Toisnot, Jno. L. Baily; Gardeners, Coffield Barnes; Saratoga, T. R. Eagles; Stantonburg, Jesse A. Moore.

Where are the Street Cars.

A swell patent medicine doctor alighted from the train this morning and, after taking a leisurely view of our pretty depot, asked a bystander "How far is it up to the city?" On being informed that it was about half a mile, he raised his eyeglass to his eye and peered up and down the street. His next inquiry, in an anxious tone of voice, was "how long before the next car?" It was deeply humiliating, but our worthy townsman could not lie, so he remarked that our system of street railway was at present undergoing a much needed repair, and that he could get full particulars by stopping at the court house, where he would find a select coterie of citizens assembled to answer all such questions.—Star.

Ugly Conduct.

It has been the practice of some small and half grown boys, who should be under the latch at night, to go to church on Sunday nights, and instead of going in, sit down behind the house and smoke cigarettes and talk boisterously. People in passing by have noticed them frequently, and they have been annoying to some in the church who were sitting near the windows. This conduct is very rude. The boys who do it, of course, have done so thoughtlessly. They should be put under lock and key at night, if gentler means will not suffice, until they learn that every body who goes to church should go in and behave themselves.

Married.

On Sunday in Springhill township at the residence of Mr. Wm. Hinant, Esq., Mr. J. T. Hinant and Miss Mary Horne, daughter of Mr. J. H. Horne, were joined in the bonds of Matrimony. Squire Wm. Hinant officiated. A number of friends were present to witness the ceremony, and all join us in wishing the happy pair a long life of happiness.

To Cleanse the System.

Effectually yet gently, when constive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds or fevers use Syrup of Figs.

Opening of the Schools.

Last Monday the Wilson Graded School (white) began its session. All the teachers were in their places refreshed from the vacation which has just ended. On the first day two hundred and sixty-one pupils were enrolled, being divided nearly equally among the nine grades. The following are the teachers in the several grades: First Grade, Mrs. Tomlinson and Mrs. Hart; Second Grade, Mrs. Mercer; Third Grade, Miss Harrison; Fourth Grade, Miss Hearne; Fifth Grade, Miss Blount; Sixth Grade, Mrs. Murray; Seventh Grade, Miss Winstead; Eighth and Ninth Grades, W. C. Allen.

A good organization was effected on Monday. Almost perfect order prevailed. There is every reason to believe that the most successful year in its history has just begun. The spirit with which the teachers and pupils entered into the work betokens a great amount of interest in the school.

Wilson should feel proud of this school. It is truly a school in which the utmost confidence can be placed. Unfortunately there is no other organized school in Wilson now, and so every effort should be put forth by citizens to make the Graded School a great success. Encourage it by your attention, either in person or by inquiries. It will encourage the teachers and make them do the best work they can. The efficient Superintendent and his corps of teachers are exerting themselves to make the school a success.

The colored school opens next week.

Run Away Yesterday.

Yesterday evening about half past six o'clock Mr. Max Harris drove down to the depot where he got out, leaving his horse standing unattended. The horse became frightened at something and ran away, he soon freed himself from the buggy by breaking the shafts and harness, after which he ran through the streets finally stopping in front of Mr. Harris' store. Up to this point no one had been injured but at this juncture the horse was put in charge of a small boy with instructions to take him home, as the streets were muddy the boy decided to mount, this did not suit his horsemanship and he immediately signified his displeasure by depositing the burden upon the street. The warning was not taken however, for small boy like, the greater the opposition the greater was his determination to ride. Upon mounting the second time he drove off and reached a point near the residence of Mr. Lockman where he was thrown again, this time with such force that his arm was broken.—Star.

The Country Editor.

The country editor is one who reads newspapers, writes on any subject, sticks type, folds papers, makes up the mail, runs errands, saws wood, works in the garden, is blamed for a thousand things he never thought of, works hard all day, is subject to spring fever, helps people into office who forget all about it afterward, and frequently gets cheated out of his earnings. He puts up and does more to build up the town and country than any one else, and the miser and foggy are benefited, yet they will not take his paper, but will borrow it.—Del. News.

DIED.

Yesterday evening at 6 o'clock at her home in this town, Mrs. A. A. Stallings, in the fiftieth year of her age. Deceased had been a member of the Methodist church for a long time, from which church the funeral services were conducted Monday afternoon at five o'clock. Rev. T. N. Ivey conducted the services. Mrs. Stallings was the mother of Mr. E. B. Stallings, the business manager of this paper, and other children to whom we extend our sympathies in this their sorrow.

At his home in Morehead City, on Friday, Aug. 31st, Mr. W. F. Fiver, age 90 years. Mr. Fiver was the father of our townsman Mr. J. B. Fiver. We extend our sympathies to the bereaved family.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs. Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance. Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
