### BUTLER BEARDED.

He is met by Simmons at Jordan's Store and Pled to the Quick Populists.

The meeting at Jordan's store Thursday between Hon. F. M. Simmons and Mr. Marion Butler was a Waterloo to the arrogant Third party leader.

But, bless your soul after they had come and come, and they were all sized up we found that the "mountain had labored and brought forth" about 200 Pops. these with something over 100 Democrats formed the audience to greet the bearded chief.

Butler and Dr. J. E. Person came together and found Hon. F. M. Simmons duly on hand to reply, as he thought—and as all thought, the Populists included—to Mr. Butler.

Then calling on a leading Populist in the audience Mr. Munroe said, "How about it, Mr. Galtwin; isn't that a challenge to the Democracy?"

Butler's reply to Mr. Simmons was unworthy of any gentleman, much less a man posing as and seeking to be a great leader of the people.

Democracy held her own gloriously and in fact the way the Populists listened and were impressed by the words and demeanor of the two speakers in contrast, we may surely expect good results November.

This question is often heard and nearly as often unanswered.

It is not always remembered as it should be, that the occasion of ill-temper and irritability is often to be found in the physical condition of the persons affected.

Be good and go to sleep," a Buffalo mother told her 4 year old daughter recently. "Mamma must go down and talk to Mrs. Blank. God is with you. He will take care of you."

Shortly after a voice from the upper regions begged the mother to return to her child. Being unheeded, a still more urgent appeal floated over the banister.

When the hair begins to come out in combing, it shows a weakness of the scalp that calls for immediate attention.

### OLIVER HOLMES DEAD

The Venerable Poet, Journalist, Statesman Passes Away.

### BEAUTY OF LIFE APPARENT IN DEATH.

The Poet That Has Surged the World Laid Down, and the World Mourns the Loss—Death Came Quietly and Beautifully.

BEVERLY, Mass., October 8.—The death of Oliver Wendell Holmes has cast a gloom over the city. It came unexpected yesterday and was a blow to his friends in all parts of the country.

Oliver Wendell Holmes was born at Cambridge, Mass., August 29, 1809. He was graduated at Harvard college in 1829, and began the study of law, which he subsequently abandoned for the study of medicine.

As early as 1836 his contributions in verse appeared in various periodicals, and his reputation as a poet was established by the delivery of a memorial eulogy on the late President Adams.

He has contributed largely to current medical literature, as well as to the literary journals and reviews. A series of genial papers from his pen, entitled "Over the tumpuc" appeared in the Atlantic Monthly during 1880.

### MRS. NELLIE GRANT SARTORIS.

Her Marriage to General Kyd Douglas to be Solemnized at an Early Date.

WASHINGTON, October 8.—It is authoritatively stated by the closer friends of Mrs. Nellie Grant Sartoris that she intends to marry again shortly, and that the happy man is General Kyd Douglas of Hagerstown, adjutant general of the Maryland militia.

News of the accident was immediately telegraphed to this city, and before 11 o'clock yesterday morning a special train was sent to the scene of the wreck with four surgeons from Atlanta.

None of the persons on the train were killed outright, but one or two may die. The injured are:

E. J. Vaughan, conductor on a construction train, who was a passenger on the train, badly cut and bruised. W. B. Keenan, a Charlotte drummer, cut on the left eye and leg hurt.

### STATE NEWS.

Charlotte Observer: Joe Her-ring, a member of the chain gang, who was one of the "trusties," escaped from the gang on the 11th of last February. Since then he has been at large until last Sunday night when he voluntarily returned and gave himself up to the boss of the gang.

Weidon correspondent Richmond Dispatch: The Republican county convention at Halifax was a typical negro knock-down-and-drag-out affair.

Newbern Journal: The Wilmington Messenger notices an item in an exchange which says that in the Northern States on land worth from \$500 to \$500 per acre, they make money raising cucumbers for pickles, and comments on this, saying truly that if the South, with her vast and multiplied advantages, would diversify its industries much more and give more attention to economy of time, labor and money it would soon get to the front as the land of Goshen, the most desirable part of this great continent.

Clinton Democrat: Mr. Roscoe Bizzell had business in Clinton early last Thursday morning. He resides three miles from town and left home before day.

It is the duty of everyone, whether at home or traveling for pleasure or business, to equip himself with the remedy which will keep up strength and prevent illness, and cure such ills as are liable to come upon all in every day life.

Charlotte News: Mr. Frank Harkey is engineer in charge of Mr. John P. Hunter's plant at Derita.

On Thursday night three members of the Nowel's family, living near Brookside Park, were taken sick from drinking water from a well near by.

They are all better and the well has been closed by Sanitary Officer Sale. The theory is that the well was poisoned and a sample of the water has been sent by Dr. McKee to Dr. Battle the State Chemist for analysis.

No doctor's bills presented to the families who use Simmons Liver Regulator.

Consumption was formerly pronounced incurable. Now it is not. In all of the early stages of the disease.

Scott's Emulsion will effect a cure quicker than any other known specific. Scott's Emulsion promotes the making of healthy lung-tissue, relieves inflammation, overcomes the excessive waste of the disease and gives vital strength.

A Madonna in Washington N. C. A Story of Vance's First Campaign.

Many wonderful stories have been told of the marvelous cures made by the application of madstones to the bites of poisonous reptiles, insects and animals, and we have been inclined to doubt some of these stories.

On Friday, 21st day of September, Mr. Elks, who attends to Mr. R. Warren's stock, was bitten by a poisonous snake in the barn.

The madstone, which has been used in different parts of the State, always with favorable results, was applied. It stuck like a leech, and remained on the wound one hour and fifty minutes, and would then stick no longer.

You will see from the above figures that eight years ago The Cash Racket Store cast its lot with the good people of this little city, and notwithstanding the prediction made by so many that a "one price, cash before delivery" business could not be successfully conducted here, it has speedily grown from a little 25x60 feet store to three times its original size, and we believe it is only a question of time when we will be forced to get more room. What is the cause of this rapid increase in business? We answer—Underbuy, Underdell. One price to all.
