## COLD THAT BURNS.

### Scorching by Heat.

Burning is usually associated with the post office. The gentleman from 1 at. and it seems a misnomer to speak the interior was shown where letters c' old burns. Chemists tell us that could be mailed without disturbing the there is really no such thing as cold, which is relative heat, and that the · degrees above absolute cold. the last meeting of the Swiss Sov Natural Sciences at Lausanne. "noul Pietet gave some particulars corning cold burns experienced by

companied by a very painful itching on the affected spot and the surrounding with the cold body, a burn of the second degree is experienced. In this case

foreign bodies. A long and stubborn

to make a large port at Heyst, the lit- never seeming to relax a muscle. Suddenly the gestures cease. An at-

sels. Antwerp is up in arms at the remains of their fellow man; they look expectant, or as if on the alert for something. Presently the body, refire, moves, springs perhaps to an upright position amidst the flames, seattering the fire in all directions. It is a sight most revolting and horrible in the extreme, causing even a little consternation among the natives. To the stranger the spectacle is agonizing to behold, for it seems a human soul is surging and swaying amidst a whirling death's agony. We were told that when the fire reaches a particular porcross-examined, and not even the smell funds for the latter scheme. tion of the back the contraction causes the body to rise to a sitting position. All the mourners in one accord call upon the name of the Most High, then

rush to the spot and press heavily on the ghastly figure with great poles. each moment with renewed vigor, until it resists no longer and sinks, to be finally lost amid the fury of the flames, the fire having by this time increased to its height.

Once more the mourners seek their retreat and prostrate themselves silently at the feet of the deities for some moments, then utter loudly ejaculations and supplications to the gods. this time, if possible, with greater solemnity and reverance. Then they resume their former positions, to keep again their vigil of the dead. The voices die out, and in silent meditation they patiently watch the embers smoulder away until all is over, and the ashes of their kinsman are floating widely through the air .-- Boston Tran-
