THE Rutherfordton Democrat scores the state executive committee, on its action in Raleigh last week. They wanted to know by what authority they committed the democratic party to the free and unlimited coinage of silver.

WEBSTERS Weekly has a table of figures that should interest all farmers. It gives the number and weight ol hogs killed in Madison and for two miles around during the past they do not represent the Democratic sentiment of this State. season. It seems that 46,226 pounds of pork was saved, and yet they say that N. C. is dependent upon the West.

The multiplicity of creed and the confusion of doctorines is in striking contrast to the simple faith and goodness which accepts the wisdom and justness of God without vain questionings and compilations of useless rubbish. Tennyson, the soul of trust and hope said: "Ihave not made the policy. world, and he that made it will guide"

From the start the position of our It there is a sentence in the English government was the traditional Amerlanguage which expresses a simpler ican one of "commerce and friendly relations with all nations, entangling and at the same time a more noble alliances with none." We would faith, we have never seen it. Trust in God's love and justice finds a comhave averted the war if we could have plete expression in those words. done so. It was not our fault that Such perfect satisfaction is seldom the war was inevitable. It ought to seen .- Monroe Journal. be noted here that for once in history

a war has been worth more than i One of the objections urged against cost. The results of this inexpensive the coining of more silver is that what and comparatively bloodless war are we have already coined cannot be the independence of Corea, the open got into circulation, and therefore it ing of China to the commerce of the is not only useless but foolish to coin world and the recognizance of Japan more. This objection has about as one of the civilized powers. Hence as much bottom in it as a seive; but the tailure of our good offices in at if there were anything in it it would tempting to prevent the conflict is apply with more force to gold than not to be regretted.

it does to silver, for there is more But the humane, civilized and Amersilver in actual circulaton than ican policy has continued to be the there is gold. We have in round invariable rule of the administration figures about \$500,000,000 in gold. The sincerity of our friendship for How much of that is used as a curboth nations and of our desire for rency in the ordinary business transactions of the country? -The people manifested and was recognized in the handle a hundred dollars in silver to action of both making our Ministers the one in gold they handle, and yet the intermediaries for peace. 5th. That we send greetings to our 7th. That while we concede the Democratic (?) brethren in Illinois right of every citizen of the State to (the home of Coxey, Debs and Altgo as a delegate to the so-called geld), thanking them for the bold sound-money convention, to be held open and aggressive attempts they in Memphis this week, or to be rephave made to kidnap the People's resented by delegates thereto, we at the same time protest that in so doing party, and we send them our assurance of our hearty sympathy and cooperation in 1896.

6th. That, regarding the question of the resumption of the free and un limited coinage of silver as the over

OUR MISSION IN THE ORIENT. shadowing one in American politics The publication by the State De partment of the official documents lic leagues as will open a way to a showing the whole history of the conre-union of the friends of silver (i. e. a nection of our government with the union of Populists and Democrats) in their support of a candidate for the course of affairs in the East at the presidency, and candidates for Conoutbreak of hostilities between Japan gress who can be relied upon to stand and China should call for a correction by the people in their great struggle of certain criticisms on our diplomatic for financial emancipation from the

evils of single gold standard. And we modestly suggest that in thi committee may be found men who, though not seeking office, yet are so patriotic that they are willing to sac rifice every principle that is dear to the Democratic party if thereby they can induce the down-trodden people to rely upon them as proper candidates to fill said offices.

7th. That while we concede th right of Mary Ann Buttler and Jeter Pritchard to represent this State, for the present, in the United States Senate, in Washington, as well as the right of Pearson, Linney & Co. to

go as Representatives in Congress, we at the same time protest that, in so doing they have robbed us of our rights by hoodooing the voters of this State into the belief that the free and unlimited coinage of silver, at the ratio of 16 to 1, would be the pana-

cea for all their financial troubles; and now we propose to re-take possess ion of what rightfully belongs to us, by singing the old song they sang, and piping the the old tune they piped with the so called Democratic variations, in the hope that the people their welfare has been abundantly will likewise dance to the enchanting music of the silver-tongued executive committee of the poor old emasculated Democratic party.

> The Democratic party in North Carseveral years in trimming its sails to suit the populist breeze. It has truckled to the Farmers Alliance and to the Populists .until it has almost lost its self respect; and has almost torieited the respect of the people The latest exhibition of this trucking

is a long-winded declaration in favor of free silver ennunciated by the State Monday night, It was done in vain hope of winning the Populists back,

of New York.

It is a common remark among If every dollar of gold, silver and those who have been taken in by "Coins Financial School" that th paper money in this country were diswriter of it "makes everything so placed by an absolute greenback currency, less in volume than at present. plain." The Rev. John Jasper had the same advantage over the follow it would take more of labor and its

ers of Galileo, when he said "the sun products to buy one of these dollars, do move." When the Rev. J. J with comparatively no so-called inpointed to the orb of day in the heavtrinsic value, than it now requires to purchase 100 cents in gold. The ens, everybody could see that it passed slowly from east to west. What volume of money fixes the general more do you want? What better evrange of money .- Missouri World.

In the west and south, where abl men are enlisted on both side of the money question, the conflict rages and (next to the offices), we urge that is dividing both of the old parties. such action be taken by the bi-metal- The east is dormant. Why? Because many of the ablest men in both parties are ignorant of the merits of the question on either side. Cuckoo like, democrats and republicans can repeat platitudes on sound money, but there they end; arguments they have none. The great mass of the people are in the same condition .- Brockton (Mass) Diamond.

> Monday announces that the Rothschilds are in favor of international bimetallism. Senator Jones, of Nevada, an excellent authority, confirms

the news and says the greatest bankers in Europe are in favor of bimetalended to any other product the coa ism because they have watched close-

for a number of years the increase der the Bland and Sherman acts, a gold production, which has been going on steadily for a decade, and have come to the conclusion that a tremendous fall in the price of gold, as measured in the general level of prices, must inevitable take place.

Paper currency is what the people want, including the business class in their transactions. The Buffalo (N. Y.) Express, an independent republican, "sound money" daily paper, mentions a tact which illustrates this as follows:

"The most encouraging sign since the panic of 1893 is the presentation" during the last week of gold at the United States treasury in exchange

for paper money. The amount of gold received in this way has not olina has made a spectacle of itself for been large, but it exceeds the amount paid out for the redemption of paper the owner of silver bullion be pernotes. This shows a return of confidence. It also demonstrates a fact which should never be lost sight of in framing financial legislation, that business demands for actual use a paper and not a metallic medium."

> It occurs to us that every person who advocated or is now in favor of what has been called Tariff Reform, in order to be consistent, should be

often been called the second declaration of independence.
