J. C. SIBLEY AND OTHERS SPEAK.

He Has a Large Audience and Would Have Had a Larger But for Rain, The Alliance Meeting at An End.

RALEIGH, N. C., Aug. 17.—The silver meeting at which J. C. Sibley, of Pennsylvania was booked to speak yesterday was quite seriously interfered with by forboding weather. Mr. Sibley and Senator Marion Butler, accompanied by about 1000 people went from here to Cary, eight miles distant, where they found about 2,000 people. But for the weather there would have been at least 5,000. Speeches were made in the morning by State Senator S. M. Mewborne, Ex-president of the State Alliance, W. A. Graham, trustee of the State Alliance business fund, Cyrus Thompson, President of the State Alliance and contestee for the congressional seat from the third district, and Senator Marion Butler. At 1 o'clock Senator Butler introduced Mr. Sibley who consumed two and a half hours in speaking, during part of which time crowds had to raise umbrellas. But they never moved from their seats and the speaker took no apparent notice of the rain. He dealt with the silver problem almost exclusively, and what he said was punctuated with applause that was limited only by the capacity of the hands and lungs of the audience. Save as to the payment of warm respects to Secretary Carlisle and John Sherman, the address was of non-partisan character, and was a strong appeal for unity of all elements which desire and demanded the restoration of silver to the position it occupied in the monetary laws of the country prior to 1873.

A SAD CASE.

A Young Man Loses His Life in Trying to Save That of His Sweetheart.

WINSTON, N. C., Aug. 15.—In Davidson county yesterday Hammett Swing, lost his life in his efforts to keep his sweetheart from drowning. The young couple were out driving when the horse shied, in crossing a bridge and ran the buggy off. Mr. Swing jumped from the vehicle, but the young lady with the horse and buggy went overboard, falling several feet. The young man ran to the bank and swam to the rescue of Miss Callimora. In the struggle and excitement she held him too heavily by the neck and he sank and was drowned. Just as she was sinking the last time Mr. Robert Young came up on the scene with a batteau and seeing her long hair in the water, reached down pulled her out and she was saved. The body of Mr. Swing was found and taken from the water about 10 o'clock last night. He was about 20 years old. The horse was drowned also.

ALLIANCE MEETING AT AN END.

Will Establish a Shoe Factory at Cary. Condemns the N. C. Railway Lease.

RALEIGH, N. C., Aug. 17.—The North Carolina State Farmers Alliance's ninth session ended last night at Cary. Arrangements were perfected to establish a shoe factory there. Resolutions were adopted at midnight condemning the plan of renewing the lease of the North Carolina railway to the Southern Railway. An amendment to the constitution allowing alliances to be formed in cities and towns of three thousand population was defeated. Cyrus Thompson, the new president, is for the free and unlimited coinage of silver, and does not believe that either democrats or republicans can be trusted to restore silver to its former position.

THE OHIO SITUATION

Ex-Governor Campbell in the Lead for the Governor's Place.

STATE SAID TO BE FOR FREE SILVER.

Campbell Says He Will Not Have the Nomination, But His Friends Say They Will Run Him—How Different Counties Show Up.

CINCINNATI, O., Aug. 19.—The returns from the county conventions show a general endorsement of ex-Governor Jas. E. Campbell for the nomination for governor at the democratic state convention next week. Governor Campbell said, however, most emphatically that he could not and would not accept the nomination if it was tendered him unanimously. He said candidly that his only reason for declining was his present financial condition, which was such as to make it impossible for him to devote his time to politics.

Meantime the fact is published that his friends have secured a large supply of lithograph pictures of him and badges and mean to nominate him. They say they will see that all his expenses are borne.

Since Congressman Sorg has withdrawn, it is understood that ex-Governor Campbell favors the nomination of Col. Jas. R. Kilbourne, of Columbus, who is the candidate of the Thurmans and the free silver men.

The Mahoning delegation announced that they would present the name of John H. Clark.

The Hamilton county delegation, which includes Cincinnati, voted to present the name of Judge Hiram D. Peck.

It is said that John H. Thomas is a candidate for senator against Brice and is not wanting the gubernatorial nomination.

The returns from the county conventions Saturday indicate an unexpected victory for free silver. Some county conventions adopted resolutions condemning Senator Brice's financial views. Some counties that selected free silver delegates endorsed Brice and nearly all endorsed James E. Campbell for governor. The counties selecting free silver delegates were Lake, Lawrence, Seneca, Muskingum, Medina, Fayette, Highland, Winton and Jackson. For "sound money," Madison, Portage and Summit. The delegates from Anguilla, Delaware, Cayahoga and Trumbull counties are divided. Since the returns are in, the silver men claim they will control the convention, but the Brice men do not concede it.

MORE BANK LOANS.

Some Reflections on This Week's Bank Statement.

NEW YORK, Aug. 19.—The New York Financier says this week: The statement of the associated banks of this city for the week just ended, reflects in part the gold export movement and the operations of the bond syndicate which were concluded the week previous. That there is no immediate prospect of firmer money rates is evidenced in the increase \$2,326,190 in the volume of idle cash now lying in the vaults of the New York City Banks, making the total excess reserve \$51,263,825.

The banks gained \$3,543,999 in deposits during the week and the increase in legal tenders was \$3,000,000.

The distribution of the large percentage of money due the banks by the bond syndicate of course operated adversely on the call loan market, but aside from this its effect was not noticed.

Despite the apparent dullness, it is interesting to note that the banks are now carrying \$25,000,000 more loans than at this time last year. Deposits, notwithstanding an increase of \$3,000,000 last week, are \$7,000,000 less than for the same week in August, 1894, and the excess reserve is between \$25,000,000 and \$27,000,000 lower.

ARRESTING THE ITALIANS.

Warrants for 34 of the Rioters and the Sheriff's After Them.

PRINCETON, Ill., Aug. 17.—Sheriff Clark with ten deputies arrived at Spring Valley yesterday with warrants for the arrest of 34 Italians and four Lithuanians. The accused are charged with assaulting, shooting and driving the entire colored population out of Spring Valley. The complaint is signed by Charles L. Martin, colored, who upon examination was found to have forty-seven shot in his back and twelve in his head and neck. The sheriff has stationed a few deputies at the top of each shaft, the intention being to arrest the men as fast as they come up. Among the number wanted is seven men of the Spring Valley Italian band who are alleged to have led the mob in the assault upon the negroes.

The railroads have adopted the rate of one cent a mile to the Cotton States and International Exposition.

THE ST. LOUIS TRIAL.

While at Work on Her Yesterday a Man is Killed.

SOUTHAMPTON, Aug. 19.—At daylight yesterday one hundred men went on the American Line Steamer, St. Louis, to prepare her for her speed trial, which will take place in the English Channel, Tuesday. This trial is to determine whether she can fulfill the requirements of a first class vessel under the American postal subsidy law. To meet the requirements of the law she will have to run twenty knots an hour for four hours. The vessel was given a thorough scrubbing, the men working from two lines of scaffolding that had been erected around her in the dock. A fitter who was on the stage lost his balance, fell to the bottom of the dock and was killed. The man did not belong to the ship.

A FATAL ACCIDENT.

An Elevator Broken and the Men Are Seriously Injured.

URICA, N. Y., Aug. 17.—At 7 o'clock yesterday morning, six men stopped work on the elevator in course of construction in the Marvin block in this city. The engineer started the engine and the elevator was drawn to the top of the building. Just as one of the men was about to step on the temporary floor, the rope holding the pulley to the iron girder on the roof, broke and the elevator and its six passengers fell to the cellar, 55 feet below. Jeremiah Hess, taken to city hospital, was dead when he reached there. His neck and left arm were broken and his forehead crushed. Albert McLay and Emory Wood were injured so seriously that they may die. The other three men will probably live.

DREADFUL FOREST FIRES.

The Mining Camp of Three Forks Wiped Out—Fires Still Raging.

SPOKANE, Wash., Aug. 19.—Three Forks, a little mining camp in the Spokane country in British Columbia was entirely wiped out by fierce forest fires, which continue to rage with unabated energy throughout the country north and east of here. The inhabitants left everything and fled for their lives. Several families have arrived at Kasola and Slocan more dead than alive. Nothing has been heard from the little town of Saltes, in the Coeur D'Alene country, which was threatened with destruction, yesterday. It is off from any line of railroad and the burning forests cut off any communication with it.

Capps, of Fort Worth, Tex., and District Attorney Graham.
