Bryan, Watson, Woodard Club.

The Democrats of Wilson met in the Court House Friday night at 9 o'clock for the purpose of working for Democracy and Democrats. Mr. Jno. E. Woodard was called to the chair and Mr. Chas. Harriss was asked to act as secretary. The following membership committee was then appointed. Geo. Wootten, Jim Lipscomb, Ernest Deans, Calvin Woodard and John D. Gold. The object of this committee was to solicit membership in their respective wards and to present as charter members all those whom they thought true to Democracy. The number enrolled in this manner was 185. A name for the club was wanted but that was not hard to find. Well did those men know their champions. On the motion of Mr. W. P. Wootten, the club was named the Bryan, Watson, Woodard Club.

The election of president was then in order. At the suggestion of Mr. Woodard the name of Mr. Ernest Deans was put before the convention as a candidate for the presidency. He was elected without a dissenting vote. After the president elect had been escorted to the chair the club proceeded to the election of vice-presidents. The following gentlemen were elected to fill that office: S. G. Mewborn, Atlas Finch, E. G. Rawlings, R. J. Grantham, W. F. Woodard. Mr. Chas. Harriss was elected secretary and treasurer.

It was decided that the officers of the club compose the executive committee of the club. The following gentlemen: Messrs. John E. Woodard, A. B. Deans, and John F. Brunton, were elected as a committee to invite speakers to address the club, with the instruction that Congressman Woodard be the first man invited. It was decided that the club meet every Thursday night until after the election.

As Wilson took the initiative in the formation of these clubs it was decided that a telegram of congratulations be sent to Mr. Bryan, and one to Mr. F. A. Woodard. The committee appointed for this purpose was John E. Woodard, A. B. Deans, and Ernest Deans.

A method of procedure in succeeding meetings was then necessary. The matter was settled by the chair appointing a committee on by-laws, consisting of Messrs. W. P. Wootten, E. G. Rawlings and Chas. Harriss.

The financial support of the club was then considered. It was decided that no admission fee be taken, but that money be raised by voluntary contributions. A committee of finance composed of F. W. Barnes, W. F. Woodard and J. D. Gold was appointed by the chair.

The club could not have been more loyal to the work done in Chicago. On a motion of Mr. Atkinson the entire Chicago platform was adopted. The club then adjourned to meet on the next Thursday night.

Rheumatism, neuralgia, pains in the back or side, stiff neck, sore throat, tonsillitis, diphtheria, cramps and colic, instantly relieved by Johnson's Magnetic Oil. Large bottles, 25 and 50 cents, at Hargrave's.

A Sad Accident. Mr. Chas. Wootten, son of W. P. Wootten, who has been for some time working in the Coast Line Shops at Wilmington, happened to an accident. His hand was caught in some of the machinery and badly lacerated. The ligaments on his small finger were cut, thus rendering that finger stiff.

Mr. Wootten stands very well in Wilmington. He has gained a reputation for diligence and honesty. The managers will not put him back any for the mishap, but as before expected he will be put on the road in the early fall. We extend our sympathy to Mr. Wootten, wish him an early return to his work.

Democratic Executive Committee Meets.

The Executive Committee of the Democratic Party of Wilson County met in the Court House Friday afternoon at 2:30. Those composing the committee were Messrs. J. R. Uzzell, T. B. Winstead, A. T. Barnes, W. B. Barnes, L. D. Killeter, J. F. Eatman, W. D. P. Sharp, A. B. Deans, W. F. Woodard, John E. Woodard and Dr. J. T. Graves. Mr. J. D. Culloch was called to the chair and T. B. Winstead was asked to act as secretary of the meeting.

The election of permanent chairman was then in order. On a motion of John E. Woodard this election was postponed until after the selection of the county ticket.

Appeals were then made that each member of the committee urge every Democrat in the county to work. Success alone depends on this method. It was decided by the committee that the primaries should be held on Saturday, July 25, and that the County Convention be held on Wednesday, July 29.

A LIMITATION.

In daily life, if you know a man to be thin skinned, you guard your tongue accordingly, unless you deliberately desire to provoke his resentment or enmity. It would be well if our journals and public writers would remember that the Americans are in their sensitiveness to foreign criticism more like the French than ourselves. We ought also to bear in mind that the Americans are far more sensitive to English criticism than to that of Frenchmen, Germans or other foreigners. This means that they set a special value on our good opinion. When a man desires your good opinion, he pays the best of compliments to your judgment, and the least you can do under such circumstances is to justify his compliment by refraining from expressing opinions founded on ignorance.—Argus.

Would it not be well to make this an every day matter? Too many of us today hold minor places in the estimation of our friends because we have no opinions. The better course to pursue with the "thin skins" is to educate them by showing them the right side, rather than to condemn their thin skin opinions by remaining silent. Have opinions and stand up for them. But do not injure the feelings of any others. All have rights regard this.

PERFECT and permanent are the cures by Hood's Sarsaparilla, because it makes pure, rich, healthy, life and health-giving BLOOD.

Stephen Fiske, who probably knew Dickens as intimately as did any American, has been induced to write "The Personal Side of Dickens" for the September Ladies' Home Journal. Mr. Fiske often spent seasons with the famous novelist at Gad's Hill, and his article will describe the incidents of these visits, Dickens' home life, his method of working, and his pastimes. It will possibly surprise Dickens' friends to learn, through Mr. Fiske, that a considerable portion of his library was made up of dummy books, which, however offered the author a target for some of his delightful satire in giving them titles, and afforded his guests.

To the Democratic Voters of Wilson Co.

The Democratic party must succeed because Democracy represents the organized patriotism of our country. To insure success the most available candidates must be nominated for the different offices.

Black Creek township has ever remained loyal and given a Democratic majority.

To no one man's work is the success of the Democratic party more largely due, than to Wiley Barnes. Therefore, we present his name to the Democratic voters of Wilson county as a suitable candidate for the office of Register of Deeds. If capacity, true merit, party fealty, and work weigh in the balance he should be nominated. Mr. Barnes is a man in close touch with the people and his name would add strength to the ticket. He would perform the duties of the office efficiently and satisfactorily.

Nominate Wiley Barnes for Register of Deeds and equally as strong men for the other county offices and the success of the county ticket will be assured. X. X. X. Black Creek, N. C., June 24th, '96.

TOBACCO.

GLEANINGS FROM THE TOBACCO JOURNALS FOR THE BENEFIT OF THE TOBACCO FARMERS.

—Mr. H. C. Jones, of Greenville, Tenn., says last year his market sold 3,000,000 pounds of tobacco at \$9 average.

—The Clarendon Tobacco Warehouse and Supply Company, is the name of a new concern just organized in Manning, S. C., with a capital of \$6,000, to buy and sell leaf tobacco.

—Henderson, July 4.—The tobacco market, like all other business, has been quiet for the past week. The weather conditions continue favorable and the crop prospects are still promising.

—ROCKY MOUNT, July 9.—Tobacco sales have kept up very well. The farmers say that new tobacco will be in by the car load next week. The rains have done some damage to the crops. But everything betokens a lively tobacco season.

—Winston, N. C., and Henry Co., Va., fillers are freely brought to Richmond from these respective markets or surroundings. There are one or two large factories here nearly dependent on that peculiar class, counted as high grade, for Southern trade purposes.

—The Kentucky farmers have planned several meetings to make a crop curtailment platform, but all have failed. There are cut rates in everything made almost except in tobacco production. It seems that nothing but Mother Nature will be able to do that.

—Durham, July 3.—Sales the past two weeks have been small, as usual this time of year. There is nothing new to report from our market, either as to character of offerings or prices current. We presume sales and prices will run along as now till September, when we may expect to see new tobacco on the market.

—WILSON, July 13.—The outlook in this part of the belt is very promising. The farmers generally have very large crops and have worked them well notwithstanding the abundance of rain. The tobacco as a rule is all topped and in many places curing will begin in a short while. All believe that there will be more good tobacco raised here than ever before.
