THE DUELISTS MEET.

Prince Henri and His Opponent Both Wounded.

THE PRINCE'S WOUNDS SERIOUS.

There Is No Fear of a Fatal Result, However-The Count of Turin Receives a Slight Cut on the Right Hand-Italians Jubilant.

Paris, Aug. 16,-The Count of Turin and Prince Henri of Orleans fought a duel with swords at 5 o'clock yesterday morning in the Bois de Marechaux, at Vancresson. M. Leontieff acted as umpire. The fighting was most determined, and lasted 26 minutes. There were five engagements, of which two were at close quarters. Prince Henri received two serious wounds in the right shoulder and the right side of the abdomen. The Count of Turin was wounded in the right hand. Prince Henri was taken to the residence of the Duc de Chartres and received medical attendance.

The condition of Prince Henri is as satisfactory as could be expected. The doctors, after consultation, have expressed the opinion that no important organ was touched, but absolute rest is necessary for recovery.

Owing to rumors at Naples and elsewhere the public had not expected the duel to come off. It was, therefore, quite private. The official account furnished by the seconds recites fully the circumstances leading up to the encounter. The Count of Turin, considering the

letters of Prince Henri of Orleans to The Figaro offensive to the Italian army, wrote to him on July 6 demanding a retraction. This letter could not be answered until Aug. 11, the day of the arrival of Prince Henri in France. The prince replied to the count's demand by telegram, maintaining the right of a traveler to record his ex-

The official account then describes the names of the respective seconds, and says that at their first interview they agreed that the encounter was inevitable. By common accord the conditions were settled as follows:

The weapon to be the dueling sword each combatant to use that of his own country, but the blades to be of equal length, either combatant to be at liberty to maintain the ground he gains, and each to be allowed the space of 15 meters within which to advance or retire; each assault to continue four minutes; the combat to be resumed in the position occupied, and only to terminate on the decision of the four seconds or the advice of the doctor, when one of the adversaries is manifestly In a state of inferiority; the conduct of the meeting to be entrusted alternately to the two parties, lots being drawn at

This latter feature of the arrangement was due to the formal objection of the seconds of Prince Henri of Orleans to the direction of the encounter by a fifth party.

In the first assault Prince Henri was hit in the right breast, though the weapon did not penetrate beyond the subcutaneous cellular tissue. On the strength of the report of the doctors the seconds decided that the combat must go on.

The second assault was stopped because the combatants came into close

In the third assault the Count of Turin was hit in the back of the right hand, but the weapon did not penetrate beyond the subcutaneous cellular

In the fourth assault the umpire, Major Leontieff, declared that the sword of Pastor services at 11 a, m. and 7:30 Prince Henri was bent, and stopped the engagement long enough to furnish the prince with a new weapon. In the fifth assault the combatants

again got into close quarters and were immediately stopped, Prince Henri, in a counter blow, being hit in the right Probat, services every Sunday, 11 a m, lower region of the abdomen. The Trayer meeting Wednesday doctors on both sides examined the wound, and declared that Prince Henri was rendered by it clearly inferior to his antagonist. Major Leontieff and M. Mourichon proposed that the combat be stopped, and this was done by com-

While his wound was being dressed Prince Henri, raising himself upon the ground, extended his hand to the Count of Turin, saying: "Allow me, Monseigneur, to shake hands with you." The count extended his hand,

The details of the duel show that the encounter was very sharp and determined. Immediately on the crossing of swords Prince Henri vigorously pressed his adversary. The Count of Turin retreated to the limit of the ground and then, resuming the offensive, touched his opponent. The third on and Sunday by Elder Jast Bass; on and fourth assaults ended in long en-

The Temps says that the wound in the abdomen of Prince Henri is serious, but not alarming. Had the Count of Turin's steel gone half a centimeter deeper the intestines would have been

perforated. After his wound had received a pre-It maker meetings of Mt. Lebanon liminary dressing Prince Henri walked

to his carriage unaided. The Count of Turin, accompanied by his seconds, left Paris for Italy yesterday afternoon. He was not experiencing any special distress from his

Italians Jubilant. Rome, Aug. 16 .- The news of the result of the duel was received here with the greatest enthusiasm. Crowds filled the streets, cheering for the Count of Turin and the army, and calling upon the bands in the public squares to play the royal hymn. Many of the houses are decorated with flags in honor of the result, and all the newspapers have issued special editions, giving the details of the encounter. Extra guards have been mounted at the French embassy and consulate. Congratulatory telegrams are being showered upon the members of the royal family from all parts of Italy, and many have been re-

DEATH OF SENATOR GEORGE.

Recently Declined a Re-election for a Fourth Term. Mississippi City, Miss., Aug. 16.-United States Senator James Z. George died at his home here Saturday after-

Senator George was not a native of Mississippi, but had resided in this state since his 8th year. He was born in Monroe county, Ga., on Oct. 28, 1826. After the death of his father, which oceurred in the senator's early infancy, he removed with his mother, in 1834, to Mississippi.

the Mexican war, in which he served as a private in the regiment commanded by Jefferson Davis. Upon his return from Mexico Mr. George studied law and was admitted to the bar at Carroliton. He afterwards took an active and prominent part in the civil war, being an ardent secessionist.

When the civil war closed Mr. George returned to Carroll county, resuming the practice of his profession and later entering into politics. In 1881 he was elected to the senate of the United States and was twice re-elected. He declined a third re-election, and H. D. Money was chosen his successor for the term beginning in 1899.

STRIKERS WAITING PATIENTLY.

The Spirit of Aggressiveness Has Largely Died Out.

Pittsburg, Aug. 16. - A leaden sky and fitfull showers contributed to the feeling of depression which existed at the miners' camps at Turtle Creek and Plum Creek yesterday. The men huddled together for shelter under the commissary tents, and having nothing else to do put in the time smoking and discussing the strike in all its phases. The apirit of aggressiveness, however, has largely died out. The same grim determination to stick it out until starvation brings defeat or their efforts victory is apparent, but there are no propositions to attain their end by force or to go contrary to the sheriff's orders.

The men all realize that in opposing the law, as represented by the sheriff and his deputies, they would have about the same success as in butting their heads against a stone wall. They have no particular love for the deputies, although there is an absence of that caustic repartee between the factions that has characterized former strikes. There was no marching yesterday. This has been the usual Sunday custom at all the camps, but even if it had been otherwise the strict orders of all strike leaders to wait quietly until after today would have prevented them. Sunday has usually been used by the men to do missionary work among the working miners. None of them attempted to see any workmen, however, and kept severely away from the company houses.

The march into Westmoreland county will begin as soon as the injunction is settled in court. Much anxiety is expressed as to the outcome. The men stake everything on their ability to show the right to assemble and march on the public roads.

Forgives Her Husband's Slayer. Madrid, Aug. 14.-The funeral of Senor Canovas del Castillo yesterday was a most touching and solemn ceremony. All the troops of the garrison lined the route along which the cortege moved. the flags were lowered and the public buildings, embassies, consulates and clebs were heavily draped with crape. More than a thousand wreaths were deposited in the death chamber. As the pallbearers lifted the coffin Senora Canovas, in a clear, firm tone, said: 'I desire that all should know I forgive the assassin. It is the greatest sacrifice I can make, but I make it for the sake of what I know of my husband's great heart." The remains were interred in the family vault in the St. Isidore cemetery amid salvos of artillery and the tolling of all the bells of

Another Rich Gold Field. New Orleans, Aug. 13 .- A new gold field has been discovered, but this one in the tropics. Reports have come to this city lately that big finds of gold have been made in Nicaragua, and the steamers from that section have been bringing in gold dust in proof of it. S. E. Spencer, a well known citizen of Houston, Tex., just arrived here from Nicaragua, confirms the reports. He says he has been all over the gold fiell district and that gold is there in large quantities. He has acquired valuable claims and will return as soon as he can make arrangements to work them. He says unemployed miners of the United States will do much better there than in attempting to go to Alaska.

Anarch'sts Arrested in Italy. London. Aug. 14.-A special dispatch from Milan says that three anarchists were arrested there yesterday, and that the police seized a number of documents, bombs and explosives. The documents captured by the police, it is further stated, include letters from Caesario Santos, the assassin of President Carnot, and Pietro Acciarito, who attempted to assassinate King Humbert in April last. Other arrests are expected to follow. The Italian police claim they have conclusive evidence of the existence of an international anarchist plot.

Nearly a Thousand Leave Victoria For the Gold Fields.

TWO CROWDED STEAMERS SAIL.

Most of Those Who Have Just Sailed Take With Them Horses or Mules, Realizing That They Have a Winter's Trip Before Them.

Victoria, B. C., Aug. 16.-There were in Victoria yesterday morning close upon 1,000 men of every class and from every part of the world, who were wildly anxious to get started on the long trip to the new El Dorado. These men had tickets which will carry them to Skagway bay on the big collier Bristol or the steamer Islander, both of which sailed yesterday. The Bristol has been fitted with bunks and stalls for horses from the bottom of her hold to the top of her cabin deck, and every bunk and stall is occupied, close upon 500 men going on the Bristol and just as many horses and mules. Even the big collier is filled up, the feed for these animals and the outfits for the men taking up an immense amount of space. The Islander has just as big a crowd,

but much of the space on her is taken up by a contingent of mounted police, their horses, dogs and outfits. They realize that they have a winter's trip before them before they reach Dawson City, and are taking dogs and sleighs. Horses will be taken as far as possible, and when they are of no more use will be killed and used as food for dogs.

A few of the men are going up with the idea of purchasing cheap outfits from men who became discouraged and are turning back, but most of them are well provided, and all are taking pack animals, they having in this respect taken the advice of men who went before and have written of the difficulty of securing animals or Indians to pack

goods across the pass. W. W. E. Canovan, of Ottawa, who was a member of the Canadian boundary survey, in which capacity he has learned much about Alaska, left on the Islander. Mr. Canovan is going to look over the ground for the Klondike Placer Mining and Prospecting company, of Brantford and Paris, Ontario, This company will send out a large party in the spring to prospect and work claims in the Canadian Yukon.

THE GOVERNMENT'S SHARE.

Canada Issues Regulations to Govern Klondike Gold Mining. Ottawa, Ont., Aug. 16.-The regulations formulated by the Dominion government covering the collection of a royalty on gold mined in the Yukon are published in The Official Gazette, just issued. They provide that upon all gold mined on the claims a loyalty of 10 per cent shall be lexied and collected, provided that the amount mined and taken from a single claim does not exceed \$500 per week; for over \$500 per week there shall be collected a royalty

Default in payment of such royalty, if continued for ten days after notice has been posted upon the claim in respect of which it is demanded, or in the vicinity of such claim by the gold commissioner or his agent, shall be fo!lowed by cancellation of the claim. Any attempt to defraud the crown by making false statements of the amount taken out may be punished by can-

cellation of the claim. The regulations governing the disposal of placer mining claims along the Yukon river and its tributaries are amended so that entry can only be granted for alternate claims, known as creek claims, bench claims, bar diggings and dry diggings, and that the other alternate claims be reserved for the crown, to be disposed of by public auction or in such manner as may be decided by the minister of the interior. The penalty for tresspassing upon a claim reserved for the crown is the immediate cancellation by the gold commissioner of any entry or entries obtained, whether by original entry or

Diplomat's Body Cremated. Washington, Aug. 16.-The body of Pom Kwang Soh, the former Korean minister to this country, whose death occurred here last Friday, was yesterday cremated, according to the expressed wish of the deceased, and his ashes placed in the keeping of the present minister, Mr. Chin Pom Ye. Later they may be returned to Korea. At o'clock in the afternoon the body was taken from the Fourteenth street residence, where it had lain in state, and conveyed to Lee's crematory, on Pennsylvania avenue, followed by long line of carriages containing personal friends and prominent members of-the Blavatsky branch of the Theosophical society, of which Mr. Soh was a member. Drownings at Atlantic City. Atlantic City, Aug. 16 .- Two venturesome bathers were drowned in the surf while bathing here yesterday. They were Thomas C. Laswell, aged 21 years, of Princeton, Ind., and an unknown man, supposed to be an excursionist from Philadelphia. Young Laswell struggled in the water for about 15 minutes in full view of about 10,000 people gathered on the pier, boardwalk and beach.

Grapevine, Tex., Aug. 12.-Monday evening a little negro was killed by two other little negroes. The murdered child was but 3 years old. The others were 6 and 8 years of age. They tortured the little fellow by burning him all over with a hot iron, which caused him great suffering, and to stop him from crying they took him by the head and feet and threw him off a porch some three feet high and then jumped on him and stamped him to death.

Key West, Fla., Aug. 12.-Sylvanus Johnson, a negro accused of rape, was tried vesterday in the circuit court, Judge Phillips presiding. After hearing the evidence the jury retired, and returned in half an hour with a verdict of guilty. Judge Phillips declared that no other verdict could have been sentenced the prisoner to death. Williamson, W. Va., Aug. 11.-Wild stories are being circulated about the officers who are trying to capture 'Cap" Hatfield, the desperado, who escaped last week from jail. The Hatfields are said to be strongly entrenched in a mountain pass, and to have recently killed Deputy Sheriff Johnson and four other deputies, but none of these reports are confirmed. The officers are in hot pursuit, but Judge Doollittle insists on the sheriff capturing Hatfield at any cost or risk.

Asheville, N. C., Aug. 12.-Bob Brackett, the negro assailant of Miss Kittle Henderson, was lynched yesterday afternoon. Tuesday night a mob broke into the jail and commenced to batter down the steel doors that led to the cells. The doors soon yielded and it other prisoners in the jail were liberated. Pursuit of the officers was soon commenced, and a crowd caught up with them at Terrell Station, on the Southern railway. At Hemphill's schoolhouse Miss Kittie Henderson, the negro's victim, was sent for, and when she arrived the negro was strung up.

Louisville, Aug. 11 .- James G. Bailey, of Magoffin county, was yesterday nominated by the Republican state convention clerk of the court of appeals. Contrary to the expectations of many, the convention was entirely harmonious in its work. There was an idea in some quarters that there would be a bitter fight between the Bradley and Hunter-Todd factions, but the generalship of the party leaders on and off the floor of the convention prevented the anticipated clash. The state and national administrations were endorsed and civil service was onposed along the lines laid down by the recent Chio Republican convention. In other words, according to the Kentucky Republican view, civil service is good enough in its way, but there are certain offices which should be removed from its control.

Yorkville, S. C., Aug. 13.-The senatorial campaign meeting here yesterday was quite dramatic. Candidate Mayfield made good an offer that if he could not prove that Senator Mc-Laurin had tried to organize a Populist-party in South Carolina he would withdraw as a candidate for the United States senate against McLaurin. He said he was now convinced, from proof that McLaurin had given him, that Mc-Laurin largely prevented Populist organization in South Carolina. He said he had done Senator McLaurin an injustice and would withdraw from the race. Senator McLaurin shook his head and thanked him amid great applause, Governor Evans said Senator McLaurin had invited him to go into the Populist party with him, and this led to a heated discussion. Senator McLaurin spoke with such vehemence that he fainted on concluding.

Hatfield's Mountain Fort Destroyed. Huntington, W. Va., Aug. 16.-Onehalf of the Devil's Backbone, the rocky fortress of the Hatfields in the mountains on Tug river, was shattered by dynamite yesterday and Hatfield and his men were driven from their stronghold by Sheriff Kneadle and his posse after a desperate battle. Several of the sheriff's men were badly wounded, but the Hatfields are still free. Only this has been accomplished-that the rocky crest where the Hatfields have for years defied the law, and from which they have carried out their bloody plans, is no longer a tenable fortress. THE VIRGINIA DEMOCRATS. John W. Daniel Endorsed For Another Term in the United States Senate. Roanoke, Va., Aug. 13 .- The Democratic state convention yesterday completed the state ticket by nominating A. J. Montague for attorney general on the third ballot. The full ticket is: For governor, J. Hoge Tyler; lieutenant governor, Edward Echols; at-

torney general, A. J. Montague. The convention adopted the platform proper as read by Senator Daniel, chairman of the resolutions committee, and then considered the resolution concerning the senatorial primary plan. Secretary Bigger at this point read a resolution unanimously adopted by the committee cordially and heartily endorsing the course in the senate of our beloved senator, John W. Daniel, and pledging ourselves not to suport for the legislature any candidate who is opposed to his re-election."

This resolution the convention adopted without a dissenting vote. The convention then took up the resolution regarding nomination of senators by primary. The effort of the friends of the proposition to limit debate to

an hour to each side was defeated. Hon. W. A. Jones, of the First district, opened the discussion in favor of the committee's report for a primary plan of nominating senators. He pointed out that the convention had today just endorsed the whole principle involved in this proposition in the reso-
