-Mr. D. D. Nolley has gotten up a very attractive advertisement, in the shape of a directory of the leading business houses of the town. The curds of the houses are enclosed in a large frame with glass front. Each frame also has a nice clock, gives the weather forecast for the day, and also a table showing the order of sales at the several tobacco warehouses. One of these attractive displays is placed in each of the warehouses, (and one should be put in the post

Messrs, Wootten & Stevens are rapally filling their new show rooms. They found that to carry furniture up stairs was a source of unending labor and hence it was that they have added to their store, on the corner, two Others on Nash Street. All three stores will be used as show rooms. In the new building a handsome show window has been arranged, in such a manner that an entire suite of furniture can be displayed, in full view of the street, as well as from the interior. Capt, Wootten tells us that his fall stock will be in by Sept. 1st, and that he is going to "surprise the natives.",

-On Friday afternoon last a game of baseball was played at Barefoot's Mill between two local clubs. Several of the Wilson people went out, among them Mr. Preston Simpson. Mr. W. I. Skinner was taken suddenly ill on Saturday night last. He was feeling all right during the day and went out visiting after tea. At about ten o'clock he began to feel badly and started home but before he had gone twenty-five yards he fell,un conscious. Fortunately his fall was seen and medical assistance called in immediately. As it was it took three hours unremitted attention to bring him back to consciousness and it was not until Monday roon that it was thought safe to move him to his rooms at Mr. Robt. Allen's. At last accounts he was doing well and will probably be out in a few days.

Baseball This Week.

A game of ball, that bids fair to be one of the most interesting of the season is booked for the twentieth, Friday. "Ye olden time ball" be in order and the lovers of "high flies and long runs" may whet up their appetitites for a rich feast. The clubs that will contest for the honors are a picked team from Speights Bridge and one from Buckhorn. They have selected Wilson as neutral ground, and also because of our widspread Brodie. reputation as lovers of the sport. The tobacco is settling down to While the game will hardly be a "stictly professional" one we are sure that it will be a closely contested game and one that will offer lots of sport to the spectators. Turn out and give the visitors a good time.

Who will be the one to make the move for an ordinance relative to the handling of "Tramps" who may be ound within the limits of the town The question is becoming a serious one. So long as these gentry merely begged bread as they passed along it made but little difference, but when they begin to back up their demands by force, it is high time that some active protection should be thrown around the defenceless citizen. In many instances women are called upon, when no help is at hand, and are practically at the mercy of these vagabonds. Only last Saturday night a flagman was shot and instantly killed by a tramp. The only provocation being that the flagman refused to allow the tramp to steal a ride. The act showed the wantonness of the man and his utter disregard of the rights of others. If a man is to be shot down because he refuses to permit every wayfarer a ride, then indeed is society in a pitiable condi-

through before the next meeting of the Legislature, would it not be a good idea for all the towns along the railroad to pass special ordinances, forbidding tramps to enter the town, and if they insist on coming through, have them arrested and made to work upon the public highway. In this way they would be practically debarred from passing through the

Races Last Week

The races last week were a pleasant surprise to the people, few horses in the town. There was no cide what they should do. This was fore the crowd present was small but those who were so fortunate as to get and that the railroad be requestthere witnessed two as pretty races Miss Katie Mercer spent Sunday as have ever been trotted on the Wilson track. The entries in the first race

> F. W. Barnes, owner. "Tom," W. W. Simms, 'Dobbin," 'Cheerful" L. S. Hadley, "Hustler" Selby & Hare,

> In this race "Hustler" came in winner, while "Tom" took second place. "Dobbin" gathered up everything that was left in the rear. Time was 2'46.

The second race was somewhat faster, the time being 2:30. In this race the entries were:

"Salome," F. W. Barnes, owner 'Nelson," J. D. Farrior, 'Wilfull Winnie," Edwards Bros. "

The horses in this race came out n the order named with "Salome" an easy winner.

After these races were over an impromptu race was arranged between Messrs. John Griffin, John Wiggins and T J. Hadley Jr., in which they drove their horses to buggies. The time made in this latter race has not yet been computed.

We understand that there will be a great racing event on Sept. 1st at which there will be some fancy time made. Look for them.

The Railroad Crossing.

Sometime ago a petition was gotten up and presented to the Aldermen, asking that South street be opened from the cotton mills across the railroad tracks to the stemmery. The petition was signed by a large number of citizens and was so strong that the board instructed Mayor Deans to immediately request the company to construct the necessary crossing. In reply to Mr. Deans' letter Mr. J. R. Kenly, Genl. Mgr., telegraphed that he thought it only fair that the railroad be allowed an opportunity to first appear before the board and state their side of the case.

It was therefore agreed that the matter should be gone into, at 10 o'clock on Tuesday, accordingly at the time appointed the mayor, aldermen and citizens met Capt. John F. Divine, Mr. J. R. Kenly, and Mr. Pleasants, Supt. of Roadway, at the

It would be a great hardship to require the railroad company to make a crossing at South street as it would necessitate the breaking loose of all their freight trains at a particularly inconvenient and dangerous place. In fact it would be almost impossible to estimate the cost, in time and annoy ance, that this crossing would be to the company.
