Arrangements Perfected For Speedy Action When Necessary.

LOOKING OUT FOR NAVAL VESSELS

Navy Officers in New York to Examthe Vessels That May Be Transferred Into Fighters-The Work of Producing Arms and Munitions of War.

Washington, March 14.- The government is perfecting its plans to make movements of troops to the coast defenses, orders for which were issued by the war department on Friday and published at that time. 'A conference was held here yesterday by representatives of the following railroads to arrange for the transportation of light artillerymen and their accoutrements: The Atlantic Coast line, the Southern railroad, the Senboard Air line and the Chesapeake and Ohio. It was stated that companies of artillerymen consisting of about 60 men each were to be transferred from Fortress Monroe to the following points: Fort Caswell, on Cape Fear river, Ga.; to the Tybee, near Savannah; to Fort Morgan, near Mobile, and to Sheridan's Point, on the Potomae.

It was stated also that a company would be moved from Fort McHenry, Baltimore, to some point on the Delaware river, near Philadelphia. The government wanted, it is declared, the arrangements perfected tomorrow at the latest. No bids have been asked for regarding the transportation of heavy gins, and it was understood that ferent points simply to man the batteries. It is not known when the contemplated changes will take place. Secretary Long last night made the statement that the matter of the pur-

chase of the two Brazilian ships had

The board of auxiliary cruisers and a number of bureau chiefs met in Assistant Secretary Roosevelt's room during the morning. Each of the bureau chiefs present were able to give the board some information incident to the work that may be required to fit out any ships that might be obtained. Several of the members of the board as originally appointed to look into the matter are unable to leave the city at the present time, so it was determined that a special board, of which Captain Rodgers will be president, should be designated to proceed to New York last night to undertake the work in hand. An office was opened at 26 Courtlandt street, New York city, this morning, at which owners and agents for ships are invited to make their proposals for turning over to the navy such vessels as are of value for con-

version into war purposes." The naval officials say there will be no difficulty experienced in obtaining all vessels that are desired, as there are hundreds available. The department has a record of 40 such ships, of all sizes and classes, which will be inspected and examined if their owners desire to part with them. A number of these are vessels which have been constructed under the subsidy act of congress, and are engaged in caramined will include all classes from liners like the St. Paul to ocean tugs. which can be of very material service

At the Washington gun factory there are now in various stages of construction no less than 150 guns of formidable character, on which work is being done night and day, with a view to their early completion. No new guns are being started, but the entire efforts of the factory are devoted to finishing those now under way. A naval officer said there would be enough of them when finished to constitute a fair armament for prophably 30 or more auxiliary cruisers should such a fleet be found necessary to supplement the regular warships.

for a number of purposes.

Meantime warlike preparations are going on in various sections of the country. The Dupont powder works at Wilmington, Del., are working day and night on a government order, and a Cleveland firm is filling a large order for telescopes for sighting purposes to Chapter No 27 are held in the Masonic | be used on heavy guns, while another Hall every 2nd Monday night at 7:30 | Cleveland frm is working on deck plates for cruisers. The Midvale steel works at Phi adelphia are working day and night on steel projectiles, and the New Haven gun factories are rushing on guns and cartridges.

Charge Against President Kruger. Pretoria, March 14.-Judge Kotze, was was recently removed from his office as chief justice of the supreme court of the South African republic by President Kruger, but who disputes the president's power or removal under existing law, has declared, while addressing a deputation that waited upon him, that while the case of the American engineer, R. F. Brown, who sued the Transvaal government with reference to certain claims at Witfontein, was proceeding, and before judgment high court. President Kruger, in an interview 'with him (Judge Kotze). threatened him with dismissal unless statement has caused a sensation.

Opposed to Powderly's Confirmation. Washington, March 12,-The committee on immigration has reported adversely upon the nomination of Hon. T. V. Powderfy to be commissioner or immigration. The nomination has been held up in committee for several weeks on account of the absence of Senator Chandler. He having returned to Washington, the matter was brought up, and the vote being taken Mr. Chandler united with the Democratic renators to secure an adverse report. It is believed that the report will be made the basis of an animated controtersy in the senate.

The Veteran Warrior's Death Was Peaceful in the Extreme.

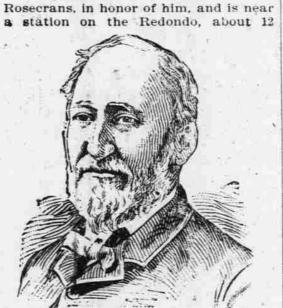

TO BE GIVEN A PUBLIC FUNERAL.

The Veteran Was Stricken With No Particular Disease and the End Came Through a General Weakening of the System-Two Children at Deathbed.

Los Angeles, Cal., March 12.-General .W. S. Rosecrans died yesterday at his home near Redondo. The old warrior's death was peaceful in the extreme. For several days he had been between life and death, at times unconscious and again in a comatose state. His splendid vitality kept him alive for days. At the bedside when the end came were a son and daughter of the general, Carl and Anna Rosecrans, and a number of immediate friends of the family, besides the attending physician, Dr. Hakes. His third child, a daughter, Mrs. O'Toole, lives at Helena,

General Rosecrans was stricken with no particular disease, and the end came through a general weakening of the system. When he was first stricken. more than two weeks ago, it was not supposed the ailment was more than an attack of the grip. He rallied several times, but the physician never held out much hope for recovery, and for the last three days the fanniy and friends had known that the end was

The place where he died is called Rosecrans, in honor of him, and is near

miles from the city. The general had made his home there on a large ranch devoted to fruit raising for severa! years. General Rosecrans was possessed of a fine property, and his last days were spent in peace and plenty. Arrangements are being made to have a public funeral for General Rosecrans, in which all the military bodies of this city and section will par ticipate. A request will be made to have the body lie in state in the city hall until the funeral.

General Rosecrans was born in Kingston, O., Sept. 6, 1819, and was graduated from West Point in 1842. He served 12 years in the regular army and then entered into business life. At the outbreak of the civil war he reentered the service and was made colonel of the Twenty-third Ohio volunteers. Three days later he was made brigadier general, and served with distinction throughout the war, rising to the grade of major general. After the war he was twice elected to congress from California, and in 1888 was appointed register of the treasury by President Cleveland.

THE WORK OF CONGRESS.

Bill Appropriating \$50,000,000 For Defense Passed Unantmously. On Monday of last week the house with only three disenting votes, passed the senate bill providing for two additional regiments of artillery in the reglar army. Mr. Cannon presented a bill appropriating \$50,000,000 as an emergency fund, to be used by the president, at his discretion, in the purchase of vessels and materials of war if he deems it necessary. The senate considered the District of Columbia appropriation

On Tuesday the house, after numberless patriotic speeches, passed the bill appropriating \$50,000,000 as a national defense fund, to be used as the president may determine in the purchase of war vessels and munitions of war if, in his judgment, it becomes necessary. Senate passed the District of Columbia appropriation bill and the bill appropriating \$228,000 to the Methodist Church South for property destroyed

during the war. On Wednesday the senate unanimously passed the bill appropriating \$50,-000,000 for the national defense. Twelve minutes after the bill was reported to the senate the vice president announced its passage, and less than one hour later it became law by

the president's signature. On Thursday the house refused to concur in the senate amendments to the Indian appropriation bill, and the measure was sent back to conference. On Friday only the lower house was in session and the time was consumed mainly in filibustering against the Bowman claim for \$1,200,000 for supplies furnished the Union army during the war. On Saturday neither

Martin and His Deputies Acquitted. Wilkesbarre, Pa., March 10.-The jury in the case of Sheriff Martin and his deputies, who were charged with the killing of the strikers at Lattimer on Sept. 10 last, yesterday returned a verdict of not guilty. There was an attempt at apprause, but it was quickly suppressed by the judge.

house was in session.

S. at this season are well fortified against the many forms of disease so prevalent during the dreaded heated term, for it has been demonstrated that the system that is thoroughly purified in the spring is well prepared to

resist disease all summer. No other remedy on the market Polar expedition steamer Laura, which is equal to Swift's Specific as a spring medicine, because it is the only purely vegetable blood remedy and is guaranteed absolutely free from potash, mercury and all other minerals. It cleanses, purifies, builds up and strengthens. Insist on S. S. S., for there is nothing half as good.
