THE ADVANCE, Wilson, N. C.

PRINCELY UNCLE SAM.

If any dependence is to be placed in a Washington special to the New York Journal, the American peace commissioners who sailed last Saturday for Paris ought to be able to knock along after a fashion, on the compensation allowed them "Commissioner Day's fee will be \$25,000, Commissioner Ried will get a similar amount and Mr. Moore, formerly Assistant Secretary of State will receive \$20,000. The three United States Senators who are members of the commission will be allowed \$150 a day as spending money in lieu of salaries. As the commission will probably be absent ninety days, the senatorial members of the body will each receive about \$13,500." The sum of \$250,000 has been set apart for the expenses of this commission, and it is expected to blow in the whole amount, which has been placed to Judge Day's credit, according to reports, in a Paris bank. Uncle Sam is niggardly in his dealings with little fellows—his small officials—and he drives hard bargains on small contracts and is very slow pay at that; but he is as generous as a prince when it comes to the big wigs, and never dispensed his favors with a more prodigal hand than he is doing to this peace commission. By the way, it was Judge Day who had to retire from the cabinet because he could not support the style belonging to the office on the salary of \$8,000 a year. Out of this little allowance of \$25,000 for ninety days' service, however, he ought to be able to make good the inroads which he had to make into his private resources while he was Secretary of State and save something besides to give him a new start in life.—Charlotte Observer.

WHAT WILL THE POPULISTS DO.

Colored Congressman G. H. White of the Second District, seems to be one thing to his race and another to the white people. In his personal organ, the Tarboro-Gazette, he says that "he looks to the black men for a vindication of his record in Congress," and "he does not hope for a Populist vote." Yet in his speech made in Scotland Neck he is quoted as saying that he favored fusion with the Populists.

How are the Populists of the Second District going to accept these two positions? Can they vote for I-Invite-the-issue-White, and thus assist in the "vindication" of his record?

The white man who can vote for this colored Congressman must have a remarkably strong political stomach, no matter what his previous political condition may have been.—New Berne Journal.

CASTORIA. The Kind You Have Always Bought

WANTED—SEVERAL TRUSTWORTHY PERSONS in this state to manage our business in their own and nearby counties.

A brief comparison of the history of this and every Southern State will reveal to the minds of all but the most prejudiced of persons, that there is but one body or set of men, organized into a political party, who are capable of understanding and working out a correct solution of the problems of government and society which are presented to the people of these States.

Just after the civil war the Republicans undertook the task and ignominiously failed. There is not a page in the history of this country which records so complete a failure; a failure which one would think would ever remain a bright in the memory of the sufferers. But, alas! The recollection pasted away and once more the Republican party combining with an offshoot of the dissatisfied members of the Democratic party, were placed in power only to show to the world that experience was worth nothing to them.

Seeking to again conduct affairs of government along the same lines of policy as were pursued by them before, again they have failed, and as complete as before. Do the people of the State know this? The result of the coming election will demonstrate whether or not they do.

The object which should be before the minds of the Democratic press and speakers of the Democratic press and speakers of the present campaign, should be to inform the people of the true state of affairs and rest assured the people will do the proper voting. Remember that the best way to break down oppression is to force it to its fullest extent, and that the death of deception is truth.

THE enemies of the Democratic party in North Carolina have been very seriously disappointed. There has been left open to them not one single point at which to aim their attacks. "White Supremacy," the Democratic cry, attests their desire for a good capable government in our State. At the opening of the campaign the sincerity of the party was attacked. But it was found useless. Nothing was made of it; for the Democrats soon showed by their united efforts in behalf of good government that this, too, would not be open to attack. The people of the State soon recognized that that party which put forward the ablest candidates was the party to put in control. Never before have individual Democrats shown such an utter disregard for personal advantages, when personal interests clashed with the interests of the State. Not by words, but by determined action, have they proved their sincerity. The party has put forward the best men the State has within its borders and now calls upon the voters to decide which class they will ally themselves to.—The class upholding their State's honor and prosperity and white man's rule—or the class advocating negro rule, State dishonor and ruin.

To which class do you belong? The Introduction by the editor (about forty-five pages) is devoted to showing how history is being written, to the prejudice of the South, and has been for a century. The causes of the war between the States, especially the main, underlying and overlooked cause, is used as a most startling illustration. Many facts of far-reaching import are unearthed which Northern and foreign historians have systematically suppressed.

In the course of his very pertinent remarks last night Mr. J. D. Barden made a very valuable and truthful explanation of what was meant by fighting negro domination.

He said that it did not mean fighting negro voters, but the fighting to the death of those men who, by assuming lead of the Republican and other parties which live and thrive by the votes of the black man in North Carolina, sought for self advancement and profit at the expense not only of the white voters of the State, but the negroes themselves, by whom they are placed in power. In other words, the Democratic party in this State is fighting the leaders of that vast aggregation of ignorance, which come under the name of the negro population of this State. Here lies the secret of this most momentous struggle, which for its importance to every interest, both moral and industrial, has its only equal, in that other great struggle which took place in the early seventies of the present century. In some respects this struggle is of more importance than that other for that, in those troublesome days, the leaders of that party of abomination, were "carpet-baggers," who, when they were beaten left the State forever.

But now the "bloodsuckers" of the people, the workers of demoralization and wickedness are from our very midst, and when the struggle is over and they are again placed in honorable(?) retirement, they will still remain with us to poison and pollute the minds of the ignorant and to arouse those who, like themselves, care nothing for the State, but seek only self aggrandisement.

Voter of Wilson county, steer clear of the clutches of such men, or prepare yourselves for the worse, and if they are again placed in power we have only to say "God save this State."

The Lives average about forty pages each, and are supplemented with the speeches and writings of the subject—some of the best literature North Carolina produce. The book is the product of twenty-four minds, among them the brightest which the State has afforded. The lives and some of the best labors of these men are brought together and edited by W. J. Peele, Esq., of Raleigh N. C., in a handsome volume of 650 pages, printed in most excellent taste and bound in the best style—an ornament to the men whose virtues it illustrates.

The Introduction by the editor (about forty-five pages) is devoted to showing how history is being written, to the prejudice of the South, and has been for a century. The causes of the war between the States, especially the main, underlying and overlooked cause, is used as a most startling illustration. MT. OLIVE SEEMS DOOMED.

VISITED BY FIRE AGAIN YESTERDAY MORNING AT 10 O'CLOCK.

WILL NO DOUBT BE A BLESSING TO THE TOWN.

\$900 Invested in a Chemical Fire Engine by the Town Would Have Saved Everything—Wooden Buildings Will be Replaced by Brick Stores.

Mt. Olive, Sept. 26.—At 10 o'clock this morning fire broke out in Mt. Olive and totally destroyed the following buildings:

R. J. Southerland's large two story stables; insured for \$1,000.

Postoffice—contents all lost, except the safe. Building owned by R. J. Southerland; insured for \$300.

B. B. Jackson; dry goods; total loss; value \$2,000; insured for \$1,200. Building owned by R. J. Southerland; insured for \$100.

H. C. Howell; goods saved, but damaged; no insurance. Building owned by R. J. Southerland; insured for \$300.

R. J. Southerland's stables; insured for \$500.

Dr. W. C. Steele's office; owned by R. J. Southerland; no insurance.

F. J. Lambeth; goods mostly saved. Building owned by Lewis Herring estate; no insurance.

Cause of fire unknown. If about \$900 had been invested in a chemical fire engine by the town, we could have saved everything that is now in ashes. The frame wood buildings will soon be replaced by brick stores, and in the end fire will prove to have been a blessing to the town.

RALEIGH, N. C., Sept. 10th, 1898. Serious loss and much inconvenience has been caused, both to the shippers and Railroad Companies, by the unnecessary detention of cars in loading and unloading freight. Shippers are often unable to procure cars, tracks are encumbered and the speedy movement of freight is impossible under the practices that have prevailed. The Railroad Companies are obliged to correct this evil, and have issued the notice printed below.

The system thus established has been in successful operation in nearly all of the States in this country during many years, and with advantageous results to the public, as well as to the Railroads. The amount charged is not sufficient to compensate the railroads for the use of their cars and tracks for warehouse purposes and is not collected for the purpose of revenue, but for the prevention of the detention of cars, which affects both the public and the transportation lines. The rules will be enforced without discrimination by the North Carolina Car Service Association, which will act for all interests alike.

NOTICE. Notice is hereby given that on and after Oct. 1st, 1898, cars not unloaded within forty-eight (48) hours after arrival, and cars which are not loaded within forty eight (48) hours after being placed in position, shall be subject to a charge of one dollar (\$1.00) per day or fraction thereof, for the detention of cars and use of tracks, Sundays and legal holidays excepted.

"It Brings Nothing."

The following clipped from the Motor is sent in by its Wilbanks correspondent:

Two tobacco wagons meeting on the road to Wilson the other day and standing there an unusual length of time, your correspondent came up just in time to hear the following dialogue which took place between the two drivers: "What's tobacco in Wilson?" asked the one with a load. "It's bacco," says the other. The enquirer, supposing himself not to be understood, repeated, "What's tobacco in Wilson?" "It's tobacco," says the other. "I know that, but what is it?" "Why I tell you it is tobacco, tobacco is tobacco in Wilson or any where else that I ever heard of." "I know that as well as you," said the first, "but what does tobacco bring in Wilson?" "Why, it brings nothing there, but everybody brings tobacco." "Look here," says the first wagoner with an oath, "you had better leave the State, for I'll be d—d if you don't know too much for North Carolina.

Deafness Cannot be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

A Skin Disease In a Terrible Condition with Scrofula Sores. Took Hood's Sarsaparilla and is Better than for 10 Years. "I had a skin disease which was very troublesome. I took a great deal of strong medicine which did not do me any good and I was at last obliged to give up. I was in a sort of stupor some of the time. Scrofula sores broke out and I could get nothing to do me any good. My daughter told me of a woman who was afflicted as I was and who found relief in Hood's Sarsaparilla. I concluded to try this medicine. At that time I was in a terrible condition with sores on my head and body. The first few doses of Hood's Sarsaparilla seemed to give me relief, and in a short time the sores began to heal. My appetite improved and I felt like a new man. I am now in better health than for 10 years." S. M. GRIER, Winooski, Fairfield Co., Little River, South Carolina. Remember

Priceless Pain

"It's price can't be placed on pain. 'Mother's Friend' is worth its weight in gold as an alleviator. My wife suffered more in ten minutes with either of her other two children than she did with four bottles of 'Mother's Friend.' It is a blessing to those who are respecting to become a mother," says a customer.

Thus writes Henderson Dale, Druggist, of Carmi, Ill., to the Bradford Regulator Company, of Atlanta, Ga., the proprietors and manufacturers of "Mother's Friend." This successful remedy is not one of the many internal medicines advertised to do unreasonable things, but a scientifically prepared liniment especially effective in adding strength and elasticity to those parts of woman's organism which bear the severest strains of childbirth.

The liniment may be used at any and all times during pregnancy up to the very hour of confinement. The earlier it is begun, and the longer used, the more perfect will be the result, but it has been used during the last month only with great benefit and success.

It not only shortens labor and lessens the pain attending it, but greatly diminishes the danger to life of both mother and child, and leaves the mother in a condition more favorable to speedy recovery.

"Mother's Friend" is sold by druggists at \$1.00, or sent by express on receipt of price.
