We are in a good humor now since the State, county and nation have gone our way, hope and trust that such will of insults after them as they marched but don't let us forget that the be the case. It is absolutely fight is not yet over. Remember that we still have a Republican President and a Republican Governor. We want to get rid of both in 1900. How can we do it? Buy work, and order and peace. When this work alone. Don't stop now. Keep the work up tor the next be over. We think that that two years and we will carry every thing again.

Some days ago we published a statement of the expenses which the county had undergone by the services of the Board of Commissioners of the

Fusionist party. We fear that some of our people do not realize the amount of money which was paid out by these men to themselves. Just think \$1,400 for two years. When the law al lows them \$2 a day for their services. They must meet once a month. Now there has been twenty-four months. As they did not pay the two gentlemen appointed by the pre-Graham, we will not take into account the services of these gentlemen. Now at the regular rate in 24 months at \$2 per month the money due them would have been \$144. But it was ten times this amount. We must confess that we don't see how this comes about. One thing we county \$1,400 worth of good. We do not question the correctness of the sum, but the services of some men come high indeed. The most pecu liar feature about the matter is that they did not pay themselves until after the "statement" was published. No doubt they had good reasons for not doing so. We don't impune any man's motives but we would be glad to see an itemized statement of the account. If we are not mistaken it should posted at the Court house door if the law is to be observed. We have not seen

it there. Now this Board belonged to that party which insisted upon a reduction of salaries and such things. If it is then we must say that Wilson County Commissioners come high.

MERIT is what has given Hood's Sarsaparilla the largest sales in the world and enables it to accomplish thousands of wonderful CURES.

THE completeness of the victory of the Democratic party in this State is gratifying to every man, woman and child within its border who cares for the return of peace and that the tide of opinion will given before election. Caporder. This may sound strange to some who saw the condition, be able to elect a Democratic arm the negroes, said it was of affairs here last night, but President in 1900. Let us useless, for the sherift would when we consider the fact that work in that direction from arm them again. What is the it was thought necessary to now on. guard the town after our victory and then think what would have been the condition had the other side one, the strangeness of the sound will have been dispersed. We were

for the sake of order.

NEW RIVAL TO KRUPP

CARNEGIE WILL START A GUN FOUND-RY AT HOMESTEAD.

The Works Will Employ Two Thousand Men - In Addition, the Steel Company Is Preparing to Go Into the Shipbuilding Business.

Plans are now being prepared by the Carnegie Steel company for a gun foundry to rival that of Krupp, the great German gun builder.

The plant will be located at Homestead, within half a mile of the Homestead armor mills. It will employ more than 2,000 men. In addition to this, the to o. steel company is preparing to go into the shipbuilding business. A railroad to strike tidewater at Newport News or Norfolk, Va., is now under way.

June 28 last the Carnegie Steel company closed a deal with J. McClurg Hayes of Homestead for the purchase of 35 acres of land in that borough, half a mile below the armor plate plant. At that time it was not known what the object of the company was. Yesterday the information was given out that a gun factory and shipyard were to occupy

The parcel of land purchased contains 35 acres and cost \$350,000. It fronts 1,600 feet on the Monongahela river and has an average depth of 1,300 feet. Three lines of railroad run through itthe Pittsburg and Lake Erie, the Monongahela division of the Pennsylvania and the Union. The latter is a Carnegie concern. It connects all the plants of the Carnegie Steel company and is also a part of the Pittsburg, Bessemer and Lake Erie, the Carnegie short line to

The Carnegie plants at Rankin, Braddock, Duquesne and Homestead are now connected by the famous Hot Metal route of the Carnegie Steel company. This economical arrangement, coupled with their own short ore line to Lake Erie, has enabled the Carnegie company to dictate terms to their competitors. Heretofore the company has confined its business entirely to manufacturing material. Now it purposes to enter into the business of using its own product. To this end the shipyards and gun foundry are to be established and the railroad line built to tidewater.

The plans for the foundry now being prepared are for four immense buildings. One of these will be used as a casting hall for guns. The built up gun, made up of thin strips and built by process known only to the Carnegie company, will be the chief article of manufacture. It is claimed that this gun is far in advance of anything yet conceived, and that it will revolutionize modern armament, both naval and coast. Great machine shops will occupy the other buildings.

The shipyards are to be located immediately below the gun works. The shipyards of the Carnegies will have all the latest and most approved contrivances. Steel ways will be built into the river and several great buildings will be erected for the construction of the vessels. It is intended to build river craft of all kinds, lighters and small ocean going vessels.

At the present time the Carnegie company is constructing a railroad to tidewater, the Monongahela Belt line. Part of this system is now almost completed. It connects with the Pittsburg, Bessemer and Lake Erie. The tidewater line has been surveyed up the Monongahela and Cheat river valley, through the mountains of Virginia and strikes the seacoast either at Norfolk or Newport

The line will make the Carnegie company absolutely independent of the railroad companies to the east. At present the company pays vast sums a year for freight. The new line to the seaboard will tap the coke and coal fields. - New York World.

Daughter of the Confederacy.

The late Miss Winnie Davis possessed an accomplishment which often has been set down as the exclusive property of the Princess of Wales. Her royal highness, it is known throughout the world, has the tact of addressing one of a party of gentlemen in a manner which causes each and every other to feel that he is the person noticed. This delicate flattery, which is merely a stage effect, has rendered her the most popular woman in England. I have seen Miss Davis entertain a score of men in the same way, her slightest remark to one being appropriated by all the others. She was quite as proud of her father, who, I remember very well, declined a commission from the president of the United States as brigadier general of volunteers on the ground that only a state could confer such a title.

Where Our Canoes Are Shipped To. Canoes of birch and canvas are being shipped to Palestine, Japan, India and China by Bangor (Me.) manufacturers. One recently sent to India was made to the order of a British officer, and the cost of transportation was more than \$75. A canoe just ordered is intended for a trip up the Jordan.-New York

University of N. C. Defeats University of Georgia at Football at Macon.

Chapel Hill, N. C., Nov. 12 .- Car olina won from the University of Georgia in Macon today by the score of 44 to o. Nine touch-downs and eight goals were made which, according to Georgia riles, counted only forty-four, while the regular rules would make the score stand 33

At no stage of the game were the Georgians in it. Howeli's star run for fifty five vards was the main feature of the game.

CZAR EARNEST FOR PEACE

Disarmament Proposal Came of His Own Initiative, Says Mr. Stead. William T. Stead, who is making a tour of the European capitals in behalf of the London Daily News to ascertain the attitude of the various countries toward the czar's disarmament proposal, recently arrived in St. Petersburg. From there he writes that the disheartening suggestions of skeptical pessimists are unfounded. There is, he says, no humbug about the proposal. The ezar is entirely in earnest. Neither M. Witte, minister of finance, nor M. Pobiedonostseff, procurator general of the holy synod, nor Count Muravieff, minister of foreign affairs, was the author of the proposal, which was due to the personal

will on his ministers. Mr. Stead adds: "The scheme was conceived in a mind imbued from childhood with the horror of war and the passion for peace which distinguished the czar's father. It was fostered continually by the increasing evidence of the fatuous, suicidal policy of 'beggar my neighbor' and found congenial environment in the personal and domestic entourage of the czar and was finally launched with the splendid andacity of youth."

initiative of the czar. He imposed his

M. Witte welcomes the proposal in the hope of checking the ever increasing demands of militarism. M. Pobiedonostseff is not enthusiastic over it-Count Muravieff will do his master's bidding. Mr. Stead concludes his letter with the statement that all the gov ernments, with the exception of three or four, have responded favorably to the proposal. -Special Cable to New York

Vesuvius' Accumulation of Lava. Lava streams that have flowed out of Vesuvius during the last three years have deposited 105,000,000 cubic meters of lava on the sides of the mountain. A cone of lava 330 feet high has been formed, out of which fresh streams are flowing. The valleys on either side of the observatory peak have been completely filled up.-Chicago Tribune.

Pains of Rheumatism

Have Completely Disappeared Since Taking Hood's Sarsaparilla.

Rheumatism is due to acid in the blood. Hood's Sarsaparitla neutralizes this acid and permanently cures the aches and pains of rheumatism. Read the following:

"I was troubled with rheumatism when I was a small boy, and I have been a sufferer with it more or less all my life. Not long ago I took a bottle of Hood's Sarsaparilla, and it did me so much good I continued its use, and since taking three bottles I have felt no symptoms of rheumatism." R. B. BLALOCK, Durham, N. C. "I was troubled with rheumatism and could hardly walk. I have taken three bottles of Hood's Sarsaparilla and today am & well man." ROBERT JONES, 303 Macke St., Wilmington, North Carolina.
