and soon feels Strong and Well.

"A year ago, my partner died. nd the whole burden and responsifallity of a large grocery business fell upon me. The increased care and hard work, in connection with the low state of my blood, so severely taxed my strength that I become all run down, had no appe-

tite, was weak, nervous, and endured all the torments which headache, indirection, general debility, and total loss of energy could possibly infliet. The medicine recommended me by my physicians did no more good than so much water. AYER'S Sarsaparilla being favorably brought to my attention, I tried it, and, in a short time, began to feel better. I continued to take this medicine for two months, at the end of which time I felt like a new man. My appetite, energy, and strength returned, my food digested perfectly, and all traces of headache and nervousness disappeared. I am convinced that if 1 had not taken AYER'S Sarsaparilla, instead of being strong and well, when the warm weather set in, I should have been confined to my bed, under the doctor's care, and totally unable to attend to business. I am a thorough believer in the merits of AYER'S Sarsaparilla for restoring to healthy, vigorous action, the vital organs of the body, when they have become weakened or exhausted."-William H. Brown, 23 Gorham St., Lowell, Mass.

HE KICKED THE CAT.

"BUT THE CAN CAME BACK."

A remarkable case of bair turning gray in one night is that of James Cannavan, a young school teacher, living south of Birdseye, Ind. Mr. Cannavan's explanation requires more than average credulity in the supernatural to believe: the gray hair shows for itself. Cannavan avers that while he and a companion William Flaherty, were passing through double your gift. a neighborhood called Sodom, en route home from a dance night before last, says the St Louis Republic, they were met several times by a large black cat, which persisted each time in passing so close to him as to rub his leg. He grew angry at last to dance and expressed his mind very radely, but Flaherty pleaded mockingly for the cat, saying jocosely: "You don't know but he can make, you shall be a cat in the next life." Scarcely had these words been nitered when the cat repassed and rubbed him again, and without more ado he kicked high in the air.

The young men proceeded toward their parting place, from which each had are playing first fiddle. more than a mile to travel homeward. met Cannavan, who exclaimed: "Hello! make a miss ep. Where are you going?"

"I am going bome," said Flaherty. What in thunder are you doing here?"

A HAUNTED HOUSE

There is quite an exciting ghost story oing the rounds in Winston Salem says

A family residing at the northern terminus of Highland avenue, East Winston, purchased a carpet for their parlor recently and the gentleman of the house, assisted by his wife, were tacking it down. When they had tacked down the second side they were astonished to find that the first side they had tacked was completely pulled up A little later member of the family attempted to remove a framed photograph from the wall when they were seized by invisable adversary and almost choked to death Several members of the family

attempted to pull up the side of the earpet that remained tacked and were ordered to vacate the room by a voice that seemed to proceed from the wall. Several other occurrences of a similar 50 character have transpired. The family are They offer the carpet and picture to anybody who will remove them from the room.
