

THE MEETING.

A Representative Body of White Citizens of Halifax County.

RESOLUTIONS INTRODUCED—STRONG SPEECHES FOR AND AGAINST THEIR ADOPTION—A MAJORITY VOTE IN FAVOR OF THEM.

MONDAY was a red letter day for the old town of Halifax and the citizens of the county, representative white men, assembled from every section of her borders, about five hundred being present.

The meeting was held pursuant to adjournment and Mr. W. E. Daniel on taking the chair stated that several months ago a meeting was called for the purpose of an interchange of opinions on account of the dissatisfaction existing in the county, but that owing to inclement weather and short notice the meeting was adjourned to June 4th.

Mr. W. A. Dunn moved that a committee of five be appointed to draft suitable resolutions. The motion prevailed, and the chair appointed Captain W. H. Day, Dr. J. A. Collins, F. W. Gregory, W. A. Dunn and S. M. Gary.

Judge Hill said, "I am obliged to my friends for calling on me, but I understand that a committee is out to draft resolutions, and the time is rather premature. When the committee makes their report I may make some remarks. I want this meeting to act wisely and with great caution."

Dr. W. R. Wood was then called on and responded as follows: "I am glad to meet you here today. I feel more at home than I have felt for five years. You remember we tried secession and the Republicans came in and got the negro and got everything else, and now I would say to my Third party friends, if you continue to fight the Democratic party the Republicans will come into power again."

Mr. E. L. Travis thought it best to wait until the committee came in. "Then we can discuss the issues more intelligently and come to an understanding and see if we are all fighting to accomplish one end. It is folly to fight in separate ranks."

Mr. E. L. Travis responded to a call, and said he did not come to talk. "This is the first public utterance that has fallen from my lips since the last campaign. I have waited to see if the Democratic administration would not give us some relief, but I see no hope unless the South and the West will get together. At this juncture the committee came in and reported the following resolutions:

- 1. That they favor a tariff for revenue only, absolutely free from every protective feature, and we earnestly urge our senators and representatives to place sugar upon the free list.
2. That they favor a graduated income tax.
3. That they favor the immediate passage of laws which will effectually prevent the entry of European nations (upon becoming residents or citizens of the United States).

4. That they favor a tariff for revenue only, absolutely free from every protective feature, and we earnestly urge our senators and representatives to place sugar upon the free list.

5. That they favor a graduated income tax.
6. That they favor the immediate passage of laws which will effectually prevent the entry of European nations (upon becoming residents or citizens of the United States).

7. That they favor the immediate passage of laws which will effectually prevent the entry of European nations (upon becoming residents or citizens of the United States).

8. That they favor the immediate passage of laws which will effectually prevent the entry of European nations (upon becoming residents or citizens of the United States).

than anything else. Hasn't he allied himself against our interests, hasn't he taken John Sherman for his leader and adviser? And now you say we must not condemn his acts. I am for my home people. I want all the white men of this county to get together. I would say to my Third party friends that if they believe the Democratic party sleeps they will live to see it rise like a giant and come forward to secure your liberties and mine."

Judge Hill.—"Is this simply a repetition of what we had here several months ago? I move that the resolutions be tabled." Motion lost.

R. Ransom.—"I did not intend to say anything today. This is a time when we should be conservative. There is no dissent in the Democratic ranks when we sit it down. The people of this county are in a better condition than they have been in years. They have more corn, more meat, their crops are in a better condition, they work better, and yet we are asked to come here and denounce Mr. Cleveland. I appeal to you to stand by your party and to stand together."

Capt. W. H. Day.—"I did not come here to lead any one, but I ask how many of us approve of Mr. Cleveland's financial policy? I owe my allegiance first to the people of North Carolina, and God knows my highest ambition is to see them united. In these resolutions we disapprove of his financial policy, that is not a denunciation. If he is denounced by these resolutions, then he is denounced by the platform on which he is elected—national and state. Mr. Cleveland has throtled the will of the Democratic party. He is not in accord with the party. So far as the finances is concerned that is nothing, it is for you and me to stand together. We want unity here, we want unity at home. We want the white men of this county to stand together to avert the ruin that stares us in the face. The danger today is in the men who voted the silver bill, the danger is in the northern Democrats. I want the old Democratic party to stand and we must stand together. There is something wrong somewhere. They have been in power now more than twelve months, and what have they done? Have they yielded any thing for the protection of the South? Hill and others are all for protective tariff in their own districts and for free trade in every other district. Congress was called not for the purpose of setting the tariff, but to strike from the statute books the law that recognized silver as money. I want to ask any Third party man present to stand up and state what you want that the Democratic party is not trying to accomplish the same thing?"

Mr. E. L. Travis.—"We are not trying to scuttle the Democratic ship, Cleveland has already scuttled it."

Question by Judge Hill.—"Will the people here all vote the Democratic ticket?"

Mr. Travis.—"They certainly will not if we endorse Mr. Cleveland and his present administration. Mr. Cleveland has done all he could to kill the party, and if we want the Democratic party to stand we must let the people know that we disapprove Mr. Cleveland's policy. We want men to go to conventions who will nominate men we have confidence in. It is because our leaders have been false to us they are here today."

Question by Mr. Ransom.—"But, suppose these men in Congress should find that unless they made concessions they could not pass the tariff bill, ought they then to vote for silver if they find it to the interest of the country to vote the other way?"

Mr. Travis.—"Your question is so long I can't answer it. I say this: If we send a man to Congress to vote for silver he has no right to do it and kill by voting the other way. Our relief must come by the people of the South and the West standing together."

The vote was then taken and the resolutions were adopted by a decided majority. There being no further business, the meeting adjourned.

ENFIELD LETTER.

NEWSY NOTES FROM THAT END OF THE COUNTY.

Miss Allene Bell left for Weldon Monday.

Dr. Ward went to Weldon Sunday returning Monday.

Miss Lettie Pearsall, of Wilmington, is visiting Mrs. W. F. Parker.

We are glad to see Dr. Bellamy down town again. He has been sick some time.

Miss Alice McDonald, of Louisville, is visiting her sister, Mrs. R. E. J. Gantner.

Miss Miami Blodgett, who has been visiting relatives here, returned to her home in Raleigh Monday, much to the sorrow of a number of friends.

Their cream supper given by the ladies of the M. E. church last Wednesday night was a success, notwithstanding the rain everything was sold. Much credit and praise is due the Misses H. P. H. and C. P. for this entertainment.

An ice cream supper for the benefit of the pastor will be given at Bradford about two miles from here Wednesday night 16th. A crowd from this place is expected.

There is a young man here who is studying pharmacy and he studies from a large book when the old man's around, but when the old man leaves you may see "Frenchie" prowling the sidewalk beside some young lady.

Several of our young men went over to Whitakers to a party on last week and enjoyed themselves immensely. The most laughable incident of the evening happened to Ike and E. K. They drove an old blind horse to a board box buggy, the only one which could be procured for the occasion, and started away in great style. When about fifty yards from the house the horse went "for flame" in a four foot ditch, and out came Ike and E. K., patent leather slippers and all. E. K. said, "Ike I'll be blamed if something ain't 'dropped.'" Ike said he did not mind the "drop" so much as to walk home. Nobody was hurt, except Levi who was stealing a ride. After some pulling and coaxing the old nag was gotten out and they got home by the time anybody else did.

THE FISHES.

The pleasant effect and perfect safety with which ladies may use the California liquid laxative, Syrup of Figs, under all conditions, make it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package.

JUSTICES MEET.

THE MAGISTRATES OF THE COUNTY HELD AN IMPORTANT MEETING AT HALIFAX MONDAY.

THE magistrates of Halifax county met in regular annual session Monday, Col. F. M. Parker, chairman, presiding. Mr. J. Frank Brinkley called the roll and eighty members answered to their names, only twelve were absent. Col. Parker then stated that the object of the meeting was for the purpose of electing a county superintendent of public instruction, a board of county commissioners and for levying the taxes.

Nominations being in order, Captain E. A. Thorne presented the name of Captain W. R. Bond, of Scotland Neck. Dr. M. T. Savage seconded the nomination, and there being no other nominations the ballot was dispersed with and he was elected by acclamation. Dr. A. S. Harrison, the present incumbent decided not to allow his name to go before the meeting. Dr. Harrison has given entire satisfaction in the discharge of his duties, and it is also a matter of congratulation that he is to be succeeded by so worthy and accomplished a gentleman.

The next business was the election of a board of county commissioners, and on motion the present board, consisting of Messrs. R. W. Brown, chairman, R. B. Britt, E. W. Hyman, M. H. Clark and W. C. Daniel, was re-elected by acclamation.

The board then proceeded to make the county levy of taxes for the ensuing year. Col. Parker stated that before the levy was made the board must first determine what they would do in reference to building the vault for the county records. Dr. Savage was opposed to building the vault at present and on motion of Mr. Shearin, the matter was postponed for the present.

Mr. W. E. Daniel then submitted to the board of justices the report of the commissioners, showing taxable property to be \$3,784,894; the number of taxable polls 3,584; a decrease of taxable property comparing 1892-93 of \$20,699 and in polls 81. The board was of the opinion that the condition of the people of the county had improved. The system of collecting the taxes by collectors had proved very successful.

According to the report of Treasurer Parker made in May, on account of county fund he had on hand \$245,353, and there was due by the collectors \$289,183. He had on hand at that date on account school fund which had not been apportioned \$278,67, and there was due by the different collectors for that settlement had not been made, \$459,65. The report says that farmers of the county are in good condition. There is no accumulated indebtedness and the past levy was less than the constitutional limit.

The board made honorable mention of the services of the county treasurer, Mr. W. F. Parker, who has discharged his duties faithfully and intelligently. For the coming year the board recommended that the levy be decreased to 634 cents on property and \$1.90 on the poll.

The levy was then made in accordance with above recommendation. On motion of Capt. E. A. Thorne, Mr. R. W. Brown, who has so faithfully discharged his duties, was allowed \$50, extra pay for services rendered.

Honorable mention was also made of each member of the board. Mr. B. C. Dunn asked for \$100 for the benefit of the Scotland Neck Mounted Riflemen. The appropriation was made. There being no other business the meeting adjourned.

IN THE RING.—Most of the people are opposed to rings and cliques, but if you "ever took notice" no one objects to the great bargains offered by old Joe Whitaker, at Enfield.

THE ROANOKE NEWS.

THURSDAY, JUNE 7, 1894.

Local Intelligence.

SCHOOL CLOSED.—The Weldon University School, of which Mr. George Hall is headmaster, closed last Thursday. Mr. Hall is a conscientious teacher, thorough and painstaking.

THANKS RETURNED.—We are in receipt of an invitation to the commencement exercises of the Littleton Female College, at Littleton, June 6th and 7th and also of one to the closing exercises of Trinity College, Durham, June 14th, for both of which we return our thanks.

WHITE ENDORSED.—The Republican club of Littleton at a recent meeting unanimously endorsed G. H. White for Congress. The fight in the convention here the 27th will virtually narrow down to Cheatham and White, and both sides are confident of the victory. The convention promises to be lively.

REDUCED RATES.—The Seaboard Air Line will sell round trip tickets on account of the following occasions: To Durham, N. C., on account of annual commencement at Trinity College, Henderson \$1.80, Weldon \$3.60. To Greensboro, N. C., on account of the closing exercises of Greensboro Female College, Raleigh \$3.30, Henderson, \$3.95, Weldon \$6.15.

Tickets on sale June 7th to 12th, inclusive, final limit June 16th.

MISSION AT GRACE CHURCH.—Rev. C. L. Hoffman, of Tarboro, will begin a mission at Grace Episcopal church here next Sunday night which will continue for several days. Mr. Hoffman is said to be one of the most learned and eloquent ministers in this diocese and his object will be to stir the people up to their duties as Christians. He extends a most cordial invitation to every one to come out to the services, and in this invitation the congregation of Grace church heartily joins.

PREACHING TO THE CONVICTS.—Rev. P. N. Stainback preached to convicts at the State farm in Northampton county last Sunday, of which Captain Rhein is superintendent.

We think this is a good work and believe Rev. Mr. Mellichampe was one of the first ministers to preach at the State farm. Rev. William Walker, of Raleigh makes frequent visits to the farm and preaches to the prisoners, and Rev. R. P. Troy has also visited the farms for the same purpose.

SITE WANTED FOR COTTON MILL.—RESPONSIBLE parties of Boston are seeking a location for a 50,000 spindle mill in some section of the South to be operated by water power. Weldon and vicinity offers exactly what they are seeking. Here we have two of the finest water powers in the entire South. Railroad facilities unsurpassed and right in the heart of the cotton belt. The Roanoke river, a stream not affected by the longest droughts, furnishes a never failing supply of power sufficient to turn every spindle in New England. Let the parties come here and investigate for themselves.

HE GOT RID OF A TENANT.—George Lewis, a carpenter, had a very undesirable tenant and gave him notice to vacate his house. The tenant being averse to moving positively refused to vacate. Lewis then offered him one dollar in good and lawful money if he would only "get out." But the man was still obstinate, and, believing that possession was nine-tenths of the law, still refused to go. Lewis then resorted to a novel way of getting rid of his tenant. He concluded, like the wolf in the story of the three little pigs, to "blow the house in," so he "huffed and he puffed," and he tore the house down, leaving the inhabitant thereof sitting amid the ruins.

BUNNY IS DEAD.—Poor little Bunny, the pet of this office, is no more. He quietly passed into a happier hunting ground last Friday night and now his little body rests beneath the green trees which he loved so dearly. Every visitor to this office knew Bunny and every one will regret to learn that "never more" will he hop merrily around his accustomed haunts and chatter in his peculiar little voice when approached by strangers.

Bunny was only a little animal, a squirrel, yet he loved the beautiful sunshine, the trees, the flowers and the good things of earth, just as we mortals do. To his numerous relatives in the woods we extend our sympathies.

EPWORTH LEAGUE.—The congregation of the Methodist Episcopal church at a meeting last Friday night organized an Epworth League with 39 members. The following officers were elected for the ensuing year: Rev. R. P. Troy, president; Mr. H. C. Spiers, first vice president; Mrs. I. T. Wilkins, second vice president; Mrs. R. P. Troy, third vice president; W. H. Hudson, secretary; Miss Annie Gary, treasurer.

The League will hold religious services once each week as follows: First and third Tuesday nights and fourth Sunday afternoons. Business meeting first Friday night in each month.

THE SPRING MEDICINE.—"All run down" from the weakening effects of warm weather, you need a good tonic and blood purifier like Hood's Sarsaparilla. Do not put off taking it. Numerous little ailments, if neglected, will soon break up the system. Take Hood's Sarsaparilla now to expel disease and give you strength and appetite.

Hood's Pills are the best family cathartic and liver medicine. Harmless, reliable, sure.

ASLEEP IN JENES.—A young woman died night of last week, while lying on her side around her bedside, the soul of Mrs. Katherine Allen passed from its earthly tenement and entered into that rest beyond this vale of tears, where she now rests from her labors, and has joined loved ones who had gone before.

The deceased was about 65 years of age, was a lady of the most lovable Christian character, and was a consistent member of the Baptist church. She had been sick for some weeks and though every effort was made to check the terrible disease, it was known for some days before the dissolution of soul and body that the end was near at hand.

During the war Mrs. Allen was especially kind to the Confederate soldiers. The sick and wounded were taken into her home where she, with that tender care characteristic of her gentle nature, nursed them back to health and strength.

The funeral services were conducted by Rev. G. W. Harman at the Baptist church, last Thursday afternoon at 5 o'clock, and the large assemblage present and the profuse floral offerings, all testified to the high esteem in which she was held in the community. Mr. Harman made a few appropriate and feeling remarks and the choir then softly sang "Asleep in Jesus."

At the close of the hymn the remains were borne to the cemetery where they were consigned to the grave, there to remain until the resurrection morn.

To her two loving daughters, so sadly afflicted, and to her many relatives and friends here and elsewhere, the ROANOKE NEWS extends its sincerest sympathies.

KITCHEN SPEARS.—Captain W. H. Kitchin set the Third party ball in motion at Halifax last Monday. He spoke about two hours to a crowded court room. His speech was about the same he has been making for years, with this exception, he has not tacked a Third party head to it. He said he had not changed his sentiments, had simply changed his base of operations. During the last campaign it was said that the tariff question was the great, the overriding issue. Cleveland said it was the financial question, and he went to work and had the only cause we had of getting money wiped from the statute books. A prominent Democrat said here some months ago if Cleveland vetoed the seigniorage bill he would denounce him. Well, he vetoed it, and he has done it? * * *

My friend Dunn and others here and ask is Cleveland bigger than the Democratic party? I answer yes, he is bigger than fourteen Democratic parties! He is so big he has overhauled the Democratic party. * * *

I have loved the Democratic party but when Cleveland delivered his horse and dragon into the Republican camp, not even leaving a baggage wagon to cling to, I severed my connection with it as it is no organized. And I now give you fair warning, I intend to do all I can to defeat the Democrats in this county.

Owing to the crowded condition of our columns today we could not give Captain Kitchin's speech in full.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh of the Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure.
