"The South has always been a distinctively agricultural section of the United States, and but for the wasteful methods which seemed the inevitable accompaniment of labor, it is doubtful if the West even with its almost boundless fields of unsurpassed fertility, could ever have so completely usurped the place which seemed the natural province of the South. Of course, the war had much to do towards breaking down the prestige of the rebel lious States as a farming country, but prior to the war there never were any inducements held out to the agricultural home, and by consequence immigration. other place for it to go. CHEERFULNESS.

Whoever said, "Laugh and the world laughs with you; weep and you weep alone," was indeed wise, for no truer sentiment was ever written. There is nothing so certain to make you disliked as to tell your troubles to your friends, Prosperity means friendship. You are welcome everywhere. The world laughs at your witty sayings and makes merry

There comes a time when you are downhearted and fortune ceases to smile on you, and you look for sympathy from the dear friends who have shared your prosperity; but, alas! you look in vain, and there are some who kindly vote you a bore. People prefer amusement, and Scatter thus your seeds of kindness the sight of a forforn countenance is not

The best thing, when you can force yourself to it, is cheerfulness. It is a moral nature. To be without it is to be without something that answers to the mind as clothes and shelter to the body.

A SERMON IN RHYME

If you have a friend worth loving, Love him-yes, and let him know That you love him e'er life's evening Tinge his brow with sunset glow. Why should good words ne'er be said Of a friend, till he is dead?

If you hear a song that thrills you, Sung by any child of song. Praise it-do not let the singer Wait deserved praises long. Why should one who thrills your heart Lack the joy you may impart?

If you hear a prayer that moves you By its humble, pleading tone, Join it-do not let the seeker

Bow before his God alone, Why should not your brother share The strength of two or three in prayer If you see the hot tears falling,

Falling from a brother's eyes, Share them-and thus by the sharing Own your kinship with the skies. Why should any one be glad When a brother's beart is sad?

If a silvery laugh is rippling Through the sunshine on his face Share it-'tis the wise man's saying, For both grief and joy a place. There's health and goodness in the mirth In which an honest laugh has birth.

If your work is made more easy By a friently, helping hand. Say so-speak out brave and truly Ere the darkness veil the land. Should a brother workman dear Falter for a word of cheer?

All enriching as you go; Leave them; trust the Harvest Giver, He will make each seed to grow. So until life's happy end, You shall never lack a friend,

Denominational pride is another namfor religious weakness, and is proof of a small nature. A broad and generous man is in sympathy with all the sects of Christendom, and would not impose the form of worship which he personally prefers on any one, but insists that each man shall believe what he pleases, provided it results in an honest life.

There is altogether too little charity in the world for those who do not find it easy to see things just as we see them, There are a thousand ways to do nearly everything that is worth doing, and one way is as good another. To call this and that man orthodox because he happens to think as you do is both unwise and unchristian.
