KEEP it before the people that the Democratic administration saved \$25,000,000 on pensions during its first year.  
HARRIS is the choice. You must either vote for Green, Grizzard and House, or you must vote for Harris, Moss and White. A failure to vote helps the other side.

IT is said that the dark north pole would have been reached long ago if explorers were not so anxious to get back home in time to fill engagements on the lecture platform.

THE Populists are nearly all farmers. They raised the big crop of cotton and are responsible for the low prices, yet they want to hold the Democrats responsible. That is consistency for you.

DECEMBER and May are to be married at Chicago. Rev. S. B. Newman, 82 years old, pastor of Emmanuel Swedish Methodist church, has taken out license to marry Miss Anna Ohman, aged 29.

LOOK at Catawba county. Two year ago she was free of debt and was prosperous and happy. The Populists got possession and now the fair county is a bankrupt and had to borrow money to pay expenses.

HOW can the action of the Republican convention at Halifax mean fusion when the convention endorsed W. F. Parker, Democrat, for Treasurer, instead of W. E. Bowers, the leader of the Populists in this county?

DEMOCRATS should remember that they vote for the party, for good government and for the future welfare of Halifax county in the approaching election. Suppose the candidates are not the ones you wanted. You are still bound by strong party ties to give them your loyal support.

IF Thomas Jefferson could see Butler and his gang of calamity howlers going around the State calling themselves Jeffersonian Democrats, and at the same time doing all in their power to create confusion and disrupt the great old party, he would turn over in his grave and inwardly groan in spirit. From all such Jeffersonian Democrats, Good Lord deliver us.

OUR Senior Senator, Hon. Matt W. Ransom, is making one of the greatest canvasses of his life in North Carolina and his speeches everywhere are creating the greatest enthusiasm. In Wilmington last week he spoke to over 1500 people in the Opera House, and many were turned away unable to gain entrance. Competent judges pronounce it one of the greatest speeches ever delivered in the Cape Fear section, and so powerful and convincing were his arguments in favor of Democracy that it is said he won that entire section over to the true and only great party of the people.

THE uncertainty regarding the Democratic ticket in New York has now been removed and Senator Hill has formerly accepted the nomination for Governor. In accepting the nomination Senator Hill made a great and patriotic speech. He said he had never intended again to assume the great and responsible duties of the Chief Executive. But now that the Democracy of his State had called upon him to lead them in their dark hour of trial he could not desert them, and will enter upon the contest with a determination that no honorable effort shall be spared to achieve success.

Good county government helps the colored people as much as it does the white people. They are interested in the welfare and prosperity of Halifax county and should vote for the man who are working as much for their interest, as for good county government is concerned, as for their own.

THE new tariff act has these excellent features:  
It reduces taxation to the people.  
It enforces the best anti-trust law ever enacted.  
It compels the wealth of the country to pay a fair share of the taxation by the imposition of an income tax.

KEEP it before the people that Butler and his gang of conspirators are reformers on the wrong side. They would, for the sake of office, turn the State over to the Republicans and carry us back to the dark days of 1868, to which we dislike to refer. The great benefits conferred upon the Eastern part of the State, by the present system of county government, are arguments in favor of Democracy stronger than can be made by words.

IN the three years that the Republicans were in power in North Carolina they collected \$406,455.92 for education. Of this amount only \$38,981.86 was expended for public schools and in three years the balance was squandered. The Democrats in the last three years have collected and expended for public schools \$2,274,674.36.

WE ask our friends who contemplate voting the fusion co-operative ticket to consider seriously the difference between the Democratic and the Republican government in this State. Every vote given to the Populists in this country is a vote for the Republican party.

MR. W. E. DANIEL, Democratic candidate for Solicitor in this district, has now entered upon a thorough and progressive canvass. He is in Edgecombe county this week and is striking some telling blows in favor of good government. Mr. Daniel is a lawyer of ability, is a gentleman of fine address and if elected Solicitor, as he surely will be, he will make an attorney for the Commonwealth that will reflect credit upon the State. His competitor is a good hearted, worthy colored man, but is totally unfit to represent this district in the important cases which come before the Superior court. Even the colored people themselves recognize this fact and many of them will vote for Mr. Daniel.
