VOTE FOR Green, Grizard and Honse.

VOTE FOR Walter E. Daniel for solicitor.

SNOW the conspirators under next Tuesday.

TUESDAY is the day to vote. Now is the time to work.

OUR last appeal for you to help save the State from the toisonists.

HELP to make next Tuesday a real day for Democracy and good government.

WORK the straight county ticket for Clark, Parker, the two Gays, Brinkley and Neville.

EVERY vote given the Third party ticket this year is a vote for the Republican party.

You have been faithfully warned and it now remains for you to do your full duty Tuesday.

COL. W. C. P. Breckinridge, of Kentucky, has taken the stump for his successful competitor, Owen.

BUTLER and his co-conspirators after election day: "We didn't know the blamed thing was loaded."

ARE you a Democrat? If so you cannot afford to be indifferent to the results of the great battle Tuesday.

FUSION is a deal in which both Populists and Republicans agree to surrender their principles for the sake of office.

BUTLER in the last issue of the Caucasian, a misnomer, by the way, acknowledges his defeat by getting ready to "fraid."

EVERY true Democrat ought to lay other cares aside and devote the remaining days before the election for the success of our whole ticket.

At a recent wedding in Ohio the minister was about to salute the bride, when she stayed him with "No, mister, I give up them venities now."

A philosopher asserts that the reason why ladies' teeth decay sooner than gentlemen's, is because of the friction of the tongue and sweetness of the lips.

THE leaders of fusion are all chronic, disappointed office seekers and the State in such hands will not prosper. These reformers are merely after the spoils.

FUSION in American politics has always been the sure forerunner of failure. It will fail this year, and on the 6th the Populist party dies in North Carolina.

Don't yield to any pressure that seeks to persuade you to scratch the regular Democratic ticket. We should present a solid, unbroken front to the enemy in this contest for good government.

A prominent colored Republican at Raleigh is quoted as saying that fusion is getting farther and farther apart every day, because, he says, the Populists want to dictate to the negro on every question.

We do hereby extend a cordial invitation to all our old friends that voted the People's Party ticket two years ago to come back to the party that is on the road to victory and join our Democratic procession.

WHEN OTHERS FAIL—Hood's Sarsapilla builds up the shattered system by giving vigorous action to the digestive organs, creating an appetite and purifying the blood. It is prepared by modern methods, possesses the greatest curative powers, and has the most wonderful record of actual cures of any medicine in existence. Take only Hood's.

Hood's Pills are purely vegetable, and do not purge, pain or gripe. 25c.

Own thanks are due Hon. Josephus Daniels, Chief Clerk of the Interior Department, for a copy of the register of the Department of the Interior for 1894.

MANY honest men voted the Populist ticket in 1892, when the party professed to have some principles. Now that principle has been sacrificed in favor of fusion these men should vote the Democratic ticket.

The Democratic party for the past hundred years has been the party of the people. It has reduced taxation one fourth in the past year and saved over a hundred million dollars on wadded goods alone.

Two hundred and fifty members of the Woman's Christian Temperance Union of Indiana have passed resolutions to go to the polls in November and attempt to vote in order to aid in testing the constitutionality of Indiana's state law.

THE registration books have closed and it now remains for the Democrats to cast their votes. We earnestly urge every white man in Halifax county to come forward next Tuesday and help to save the State from the co-operation confederates.

It is your privilege and your duty to vote the straight Democratic ticket. There are no times or apathy when the enemy is upon your heels and ready to turn the State over to the conspirators. Arise in your might and strength and work for a Democratic victory.

A gentleman the other day tried to persuade a Chinaman that it is a brutal practice to retard the growth of women's feet by binding them. The reply of the Chinaman was as follows: "The Chinese woman squeezes her feet, it is true, but American squeezes her face, and I don't know which is worse."

We hope some friend in Halifax will watch and let us know if Kitchin votes for Faircloth. We don't care whether he does or not. We desire to simply know whether it is "snowing in shed." Kitchin says that will be the climatic condition when he deposits a ballot for Faircloth. —New and Observer.

THE Republicans will have to gain seven Senators and retain their present force in order to have a majority in the next Senate. As they are certain to lose in Delaware and Illinois, and not certain to gain anywhere, it may as well be set down as a fixed fact that they will not control the next Senate.

A great impetus has been given, it is said, to the cigar trade, by a new provision of the tariff law, and a new field has been opened in Europe for sales of American cigars from imported tobacco, and it is estimated that an additional 10,000 people will be given employment in different large American cities.

AN earthquake knocked a town down in Japan last week and the next day houses were rocked in California. Next week, if every Democrat will do his duty a tidal wave of popular indignation will strike Butler, Skinner, Kitchin and their little band of calumny hounders and the places that know them now will know them no more forever.

THE Kansas City Times is taking much interest in the new tariff law, and has discovered that it will down the trusts, help the wool growers, increase the receipts of the government, and at the same time reduce the cost of living for the consumer and moreover when generally understood by the people will become a decidedly popular measure.

SENATOR PEPPER'S son has been dropped from the payroll of the Senate as assistant doorkeeper. Until a short time ago the Senator had three of his children in positions connected with the Senate. His daughter is his private secretary, one son was assistant doorkeeper, and another was a special messenger. Pepper is the leading Populist, and believes in a "paternal" government.

POPULISM is anarchy. Populism withers enterprises. Populism stops industry. Populism makes an end to credit. Populism is stagnation, desolation and death.

Democrats, awake to your duty and remember a failure to vote is a vote in favor of Populism with all the evils its name implies.

The last days of a mighty battle are upon us. The tale will be told before another issue of this paper reaches its readers. We appeal to all good Democrats to work. Give these last days to your party. Be up and doing. The enemy is at work. Victory is ours if we will only pluck it. The only thing that can defeat us is a lack of proper work in getting the Democ at out to vote.

THE county government prior to 1876 was most disastrous. The peoples money was squandered and the utmost extravagance prevailed. County debts were paid in scrip and the scrip was not worth the paper it was written on. Remember Butler and his followers would carry us back to the evil days should the shameful conspiracy succeed. Keep it before the people that a Democratic victory means the present good system of county government.

It is not a question of personal preferences which should cause you to vote next Tuesday, but a spirit of loyalty to the true Democratic party. You vote for the party when you cast your ballots and you cannot afford to allow personal feelings to enter into this contest. You must either vote the Democratic ticket or you must help the other side. It is either Democracy or fusion, and between the two how can you hesitate for a moment.

CAST. BOOK KITCHIN is reported to have said at Monroe that he was in favor of the present system of county government, that the reason the Third party did not fuse in Halifax county was that there was not a decent white Republican to fuse with and that they did not care to be fusing with the negroes, and that as for the fusion ticket it would be necessary in short before he ever voted for Faircloth and Faircloth.

THINK you that if Butler, Skinner and Kitchin had been given good places by a Democratic administration they would not be training with the old enemy? Then where does the patriotism of this trio come in. Patriots are men who do their duty for the sake of their country, party and families. Populists are men who kick over the traces and would help to bring ruin and desolation upon the land simply because they are disappointed office seekers.

THE New York Sun says: "Breakfast hominy of today is a very different matter from the Southern hominy traditionally associated with hog. The early hominy was true 'cracked corn,' hence 'double-corn crackler' and 'cracker.' It was cooked gently all night, enriched with butter, seasoned with salt and served smoking and snow white. As thus prepared the true Southern hominy is a delicious dish, not especially for breakfast but as a vegetable, so the phrase goes, for dinner, it is good, rich, beautiful and wholesome."
