

ONE of the most obliging postmasters
on record presides over the stamps in a
Missouri town. He offers to put a tele-
phone in his office and read the letters
for people in the suburbs, who find it
troublesome to call for their mail. That's
an improved sort of free delivery.

THE New York World wants to know
how many American citizens will be sat-
isfied to stay at home when they learn
that Gotham is going to spend \$5,000,
000 in freerackers, hunting, etc., in the
welcome to Dewey. \$5,000,000 distrib-
uted among the poor would be more ac-
ceptable as a thank offering for Dewey's
great victory.

THE New York kidnaping sensation-
al case is simmering down. The Clark
child has been found. But Athens, Ga.,
is in great excitement over the mysteri-
ous disappearance of J. A. Benedict, a
bank cashier. His account with the bank
is said to be all right, and the people
are at a loss to know how he came to
disappear so suddenly.

THE North Carolina Press Association
will meet this year—July 12th and 13th—at
Wrightsville or Carolina
Beach. Wrightsville is a good place for
the newspaper writers, and if they go to
Carolina Beach there will be a jolly crowd
of printing pebbles on the Beach. It will
be a pleasure at either place to hear what
the white-capped waves are saying.

ALTHOUGH the negotiations have not
been formally broken off there is particu-
larly a deadlock over the Alaskan bound-
ary. Months ago it was charged that
Great Britain did not wish this dispute
settled, and it begins to look as though
those who made the charge knew what
they were talking about, although it is
apparent that Canada has brought about
the deadlock in the negotiations.

THE New York State Zoning insti-
tutes that the Clark kidnaping case,
which has stirred up so much excitement
in New York, is a put-up job of the yellow
newspapers.

This seems too utterly horrible to be
true, yet there are no bounds to the "en-
terprise" of yellow journals in New York
if there is a sensation in sight.

In the death of former Governor Hollis-
day, Virginia loses one of her purest and
best citizens. He was a scholar, he was
a man of clear life, he was a loyal Vir-
ginian, ever ready to fight for her good
name, whether in time of war or in time
of peace. It can be said of him that he
ever kept before him for his guidance in
life the highest ideal of the gentleman
and statesman.

ONE of the most remarkable men ever
prohibited in New York was that of Sam
T. Jack, actor and theatrical manager,
who devised his wife to his brother as
follows: "It is my wish, first and fore-
most, that my brother James and my
wife Emma shall become husband and
wife."

ONE of the greatest expansionists in

pounds of flesh since Christmas.

RAMON BEATS THEM ALL.
Henry Bisell, Hatton, Arkansas, says
I cannot find words to explain the worth
of Ramon's Liver Pills and Ramon's Re-
lief also. I suffered with bilious colic
for years, and the doctors failed to do
me any good. I cured it with Ramon's
Relief and Ramon's Liver Pills. I have
sold drugs and medicines for 27 years,
and have handled all kinds of patent
medicines. Ramon's beats them all. I
have sold and used Ramon's for ten years
with always the greatest satisfaction.
Hundreds of customers will testify that
Ramon's Liver Pills are the best family
medicine they ever used. I wish every
family had a trial dose in their house
today.

IS MY BLOOD PURE?—This is a ques-
tion of vast importance to all a wish-
to be well. If your blood is impure you
cannot expect good health, unless you
begin taking Hood's Sarsaparilla at once.
This great medicine cleans the blood
pure and puts the system in good health,
cures spring humors and that tired feel-
ing.

Hood's Pills cure cures, sick head-
ache, biliousness and all liver ills. Price
25 cents.

The report that Esterhazy has con-
fessed to forging the bordereaux upon
which Dreyfus was convicted, if true,
will result in the setting at liberty of a
man with whom the civilized world has
sympathized.

It now begins to look as if France will
do justice by prosecuting the true cul-
prits, but if she never makes amends to
Capt. Dreyfus and his family for the
suffering they have undergone, France
has a glorious history, but with many
dark pages, the darkest of which is its
treatment of an innocent man.

The imagination of the general pub-
lic has been so excited and indeed so
beguiled by recent discoveries, especial-
ly in the field of electricity, that any one
who poses as a scientific man can make
the most absurd statements with the ex-
pectation of being believed. It must be
irritating to the patient, hard-working
scientific experimenter to see his good
work neglected and the laws of science
absolutely ignored, while the newspapers
print and the people swallow stories which
mainly illustrate the profligate use of the
scientific imagination, says the Christian
Register.

SECRETARY of the Treasury Gage is
entitled to the credit of underestimating
the revenue for the fiscal year. It is the
usual habit of the heads of departments
to underestimate expenditures and over-
estimate receipts, making a very unsafe
basis for legislative action. But the
prospects now that the deficit for the
fiscal year will be in the neighborhood
of \$100,000,000, or \$12,000,000 less
than the Secretary had anticipated.

AS USUAL, the Masons of North Car-
olina will celebrate St. John's Day, June
24th, 1899, on the grounds of the Ox-
ford Orphan Asylum.

EXERCISES in memory of the late J. H.
Mills, founder of the institution, will be
delivered by Gen. W. K. Cox, of Wash-
ington, and Dr. J. D. Hoffman, of Han-
derson, N. C.

All are invited to be present. Take
this opportunity to visit the Oxford Or-
phan Asylum, see the work it is doing,
hear the children sing and be present at
these exercises.

Friends are requested to bring baskets
and tables will be provided in the beau-
tiful Asylum grove. Will have a good,
old-fashioned basket dinner.

Special rates on all railroads to Oxford
from points in North Carolina.

THE decision of the Court of Cassation
in favor of a revision of the trial in which
Captain Dreyfus was convicted and sen-
tenced to solitary confinement for life on
Devil's Island is received with general
satisfaction in all civilized countries. The
opinion that the outcome of a new trial
will be the complete vindication of this
much injured man is general. Since his
condemnation evidence of the employ-
ment of perjured witnesses against him
has been discovered and the world has
already pronounced him innocent.

The trial of Dreyfus will turn on the
authorship of the bordereaux, which is al-
most universally credited to Esterhazy.
The friends of the condemned man do
not doubt the issue. They count a com-
plete and complete investigation, includ-
ing his vindication, which, viewed
in the light of truth will be the
triumph of justice and the partial right-
ing of a great wrong.

Dreyfus has had and now has many
friends, but none so true and self-sacrif-
ing as M. Zola, the novelist, who has
labored in season and out for the ex-
ile. He is now in exile in consequence
of having written his famous letter in
vindication of Dreyfus, which aroused the
world to look for revision. Should the
new trial result in the acquittal of Drey-
fus, M. Zola will return to Paris in
triumph as a hero, and the people who
lately reviled and drove him away will
vie with each other in falling at his feet,
and Zola, the exile, will have been trans-
formed into Zola, the hero.

THE gradual depletion of the federal
military force to the United States in
order to supply reinforcements to Gen-
eral Otis has so far skeletonized the ar-
tillery arm as to render the coast de-
fenses. It is pointed out by ex-
perts of the military Ordnance Bureau
that the deterioration of these costly ve-
hicles would work irretrievable mischief,
since the entire original construction
would be rendered valueless by contin-
ued neglect. During two years past over
\$14,000,000 has been appropriated by
congress for coast defense purposes, and
as the new material is put in position
the need for men to care for it becomes
more urgent. The old rust and ruin
policy, under such conditions, would be
a resort more perilous to the administra-
tion than would be a call for more valua-
ble men.

HIS LIFE WAS SAVED.
Mr. J. E. Lilly, a prominent citizen of
Hannibal, Mo., lately had a wonderful
deliverance from a frightful death. In
telling of it he says: "I was taken with
Typhoid Fever, that ran into Pneumonia.
My lungs became hardened. It was so
weak I couldn't even sit up in bed. Noth-
ing helped me. I expected to soon die
of Consumption, when I heard of Dr.
King's New Discovery. One bottle gave
me relief. I continued to use it, and
now am well and strong. I can't say too
much to its praise." This marvellous
medicine is the surest and quickest cure
in the world for all Throat and Lung
Trouble. Regular size 50 cents and
\$1.00. Trial bottles free at W. M.
Cohen's Drug Store; every bottle guaran-
teed.

ENFIELD LETTER.

COMMENCEMENT EXERCISES OF THE
JUNIOR HIGH SCHOOL AT ENFIELD.

Enfield, N. C., May 31.—(Special)—
The closing exercises of the above-named
school came off Tuesday night, May 30th.
The audience was large and appreciative
and the faculty, with Prof. T. S. Inber-
den as principal, has reason to feel proud
of the credit reflected upon their year's
work by the exercises of the last evening
and today.

The exercises began Sunday with the
annual sermon by Rev. G. W. Moore, of
Nashville, Tenn. His coming had been
awaited with much anxiety by all who
had heard of him as a scholar and
preacher. The sermon, came up to the
people's expectation. Mr. Moore is a
man of very pleasing address and every
body that heard the sermon was full of
praise and well wishes for him and re-
served spirits and encouraged hearts for
themselves.

On Monday there was a public exami-
nation of the classes. Monday evening
exercises of the Literary Societies. The
young people did great credit to them-
selves and are to be complimented on
their energy and up-to-date ideas.

Tuesday evening there was the exhibi-
tion of 1st, 2nd, 3rd and 4th grades.
The recitations, declamations and jingles
by the little folks deserve especial men-
tion. The solo, "The Birdies' Ball" by Clyde
Spright was fine and elicited much ap-
plause. The program by Cary Pittman
and William Dawson, afforded us a
very happy hour.

On Wednesday afternoon, George
H. White was to speak, but was prohib-
ited on account of illness. Rev. R. B.
Jones, of Halifax, N. C., who was at-
tending the commencement, kindly volun-
teered to occupy the time allotted Mr.
White. He gave a very pertinent and
helpful talk on sincerity. Rev. Jones
is a very wholesome speaker and his talk
will cause us to pause and ask them-
selves if they are all that they pretend.
His talk will be the source of much per-
manent good to those that heard him.

The exhibition of the 5th, 6th, 7th,
and 8th grades was shifted to the after-
noon session. The speeches were well
chosen and well delivered. The abun-
dance of high grade literature needs to be
commended.

The exhibition on the sewing, in-
dustrial and agricultural departments met
the hearty appreciation of all. The
heads of these departments well need to
feel proud. Let the good work go on.

LIKES THE AMERICAN COMPANY'S
PRESS.

AN ARKANSAS FIRM USED IT LAST SEAS-
ON WITH GREAT SATISFACTION.

From the Commercial Appeal, Memphis, Tenn.
A. J. Clements, of the firm of Cle-
ments & Hand, custom printers of Lonoke,
Ark., was in the city yesterday. Mr.
Clements was seen by a Commercial
Appeal representative in the office of the
American Cotton Company, in the Cen-
tral building, and he talked very en-
thusiastically of that company's Round-
lap bale press, which he has been oper-
ating at his job the past season. He com-
pressed about 4,000 bales on his Round-
lap bale press, and the cotton was all sold
at the press at Memphis prices. Mr.
Clements says that a Round-lap bale from
the American Cotton Company's press will
net \$2.50 to \$3.00 more than the old
press. In fact, a farmer a few months
ago, made a ton of the material, bringing
the exact number of pounds of the same
quality to Mr. Clements that he did to a
square bale press, with out getting either
good or bad news, and the Round-lap bale
netted just \$3.75 more than the square bale.

Mr. Clements says that one season he
satisfied him of the merits of the Ameri-
can Company's Round-lap bale press. It
is a good thing for you, both for the
ginner and the farmer, and his firm will
continue its use and abandon its other
press entirely.

THE GOVERNOR'S APPETITE.

HE CAN EAT WITH IMPUNITY ANYTHING
SEE BEFORE HIM.

Georgia's chief executive has many
good qualities, and in addition to his
superb robust constitution, the Governor
also possesses what is coveted by many
unfortunates—he has a good appetite.
Like any ordinary mortal, however, he
once suffered from indigestion, with all
the distressing conditions which it pro-
duces. But he has found an unfailing
remedy, and said recently:

"For many years my digestion was
bad, but the occasional use of a bottle of
S. S. S. has entirely cured me of this
malady, and I now eat with perfect im-
punity anything set before me."
Governor Chandler has also declared S.
S. S. to be the finest tonic and blood
purifier made. He has used it every
spring for the past fifteen years.
