Our mayor is a libertine. Our mayor is and the writer can recall many happy note in the brickyard.

Who was recently convicted in the United a sit. These facts are all known to the hours spent at his hospitable home. In A man 89 years of age Thursday filed States Court of embezzlement and bailed, council and need not have me to pending his appeal, has been re-arrested declare them. The time has come for the valued eitherns, and the community at voice. He is a vertean of the Mexican and taken into custody. One of his bondsmen had in the meantime died, and the bond had thereby become inadequate.

ATTORNEY GENERAL GRIGOS has decided that the concession granted by Spain to the Western Union Telegraph To Satisfy The Demand The Entire Chapter 52 also exerted the remains to immigrou lawyer, is charged with counter Company of exclusive rights to lay cables to Cuba though an admitted monopoly, cannot be voided by the United States during the forty years for which it was originally granted. It is a property a vested right.

zin of Georgia, whose wife has made their enormous profits, which the farmherself famous through her newspaper ers had to pay. Now the American writing, recently introduced a resolution | Cotton Company with its Roundlap bale before the Board of Visitors of the Un- is in the field and it is so revolutioniziversity providing that women be adding the cotton handling business that mitted to the academic departments of many of the old expenses are necessarily the institute on the same terms as wiped out. The farmers must inevita-

has just returned to Nashville from a trip to New York, where he made arwith which to meet notes of the State due July 1st and January 1st. This indicates that money is cheap and the credit of Tennessee is good.

England is still unsettled—the interven Company to its round hale to distinguish Captain Curts was painfully wounded in the question of issuing \$30,000 of bonds tion of President Cleveland having only it from all other bales. The cotton mills the teg, near the knee prevented England from settling it in of New England and of Europe are her own way, without regard to the eager buyers of this hale because as comrights of Venezuela. Mr. Webster, one pared with all other bales it has many of the English commissioners of arbita advantages covered by broad patents, day morning he was removed as switchof the English commissioners of around tion, is to open the proceedings at Paris which greatly lessen the cost of manuman and put to doing some other kind seriously fourt. in a speech that it is estimated will occu- facture to the mill. This Roundlap bale. py no less than sixteen days. If this eliminates two or three processes in Learning and Captain Cutts had to drive does not settle it. Venezuela must resort | manufacturing and as the cotton mills of to arms to save her commissioners from the world are willing to pay more for being talked to death.

THE sooner parents learn that the skip ping rope is a dangerous plaything for girls the better it will be for the rising generation of women, thinks the Washington Star. Physicians have long been advising against the use of this means of juvenile exercise. They have pointed out its deleterious effect upon several of the organs of the body, particularly the heart, and have in some cases traced diseases to its influence. Now deaths counsel. Several fatal cases have already occurred this season. The other The Atlanta Journal observes that "this another penetrated the bladder day in Trenton, N. J., a six year old girl statement will not be a surprise to any a rope. She had strained her heart be and her for all. youd its point of endurance. In gymnssiums careful athletic instructors occus and lung development. But they watch | give away cigarettes in that State, its use closely and prevent over-exercise of the heart, which is called upon for the most active exertions when the body is put through such violent paces.
