NEVER TOO OLD

S. S. S. Is a Great Blessing to Age does not necessarily mean feebleness and till health, and nearly all of the sickness among Old People. It Gives Them older people can be avoided Most elderly people can be avoided Most elderly people are very susceptide to illness, but it is wholly unnecessary. By keep New Blood and Life, mg their blood pure they can fortify themselves no as to escape three fourths of the admenta from which they suffer so generally. S. S. S. is the remedy which will keep their systems young by purifying the blood, thoroughly removing all waste accumulations, and imparting new strength and life to the whole bedy. It increases the appetite, builds up the energies, and sinds new life giving blood throughout the entire system. Mrs. Surah Pike 177 Broadway, South Boston, writes: "I am seventy years. I was siek in different ways and in addition had Eczema terribly on one of my legs. The doctor said that on account of my age, I would never be well again. I took a dozen bottles of S. S. S. and it cured me completely and I am happy to say that I feel as well as I ever did in my life.

Mr. J. W. Loving, of tolquitt, Ga., says: "For eighteen years I suffered tortures from a fiery eruption on my skin. I tried almost every known remedy but they failed one by one, and I was told that my age, which is sixty aix, was against me, and that I could never hope to be well again. I finally took S. S. S., and it cleaned my blood thoroughly, and now I am in perfect health."
