This Fearful Disease.

Lean to suffering and tenture almost unendurable. It is a continual mistake to regard a roughness and reduces of the skin as merely a local irritation; it is but an i dication of ointments, salves, etc., and can not be reached by local applications of ointments, salves, etc., applied to the surface. The disease itself, the real cause of the trouble, is in the rlocd, although all safering is produced through the skin; the only way to reach the disease, therefore, is through the blood.

through the skin; the only way to reach the disease, therefore, is through the blood.

Mr. Phil T. Jones, of Mixersville, Ind., writes:

"I had Eczema thirty years, and after a great deal of treatment my leg was so raw and sere that it gave meconstant pain. It finally broke into a running sore, and began to spread and grow worse. For the past five or six years I have suffered untold agony and had given up all hope of ever being free from the disease, as I have been treated by some of the best physicians and have taken many blood medicines, all in vain. With little faith left I began to take S. S. S., and it apparently made the Eczema worse, but I knew that this was the way the remedy got rid of the poison. Continuing S. S. S., the sore healed up entirely, the skin became clear and smooth, and I was cured perfectly."

Eczema is an obstinate disease and can not be cured by a remedy which is only a tonic. Swift's Specific—

CURE A COLD IN ONE DAY

SALT RHEUM CURED BY Johnston's Sarsaparilla

JUST SEEN IN TIME.

Slight Skin Eruptions are a Warning of Something More Serious to Coma. The Only Saic Way is to Heed the Warning. Johnston's Sarsaparilla is the Most Powerful Blood Purifier Known.

Nature, in her efforts to correct mistakes, which mistakes have come from careless living, or it may be from ancestors, shoots out pimples, blotches and other imperfections on the skin, as a warning that more serious troubles (perhaps tumors, cancers, crysipelas or pulmonary disenses) are certain to follow if you neglect to heed the warning and correct the mistakes.

Many a lingering, painful disease and many an early death has been avoided simply because these notes of warning have been heeded and the blood kept pure by a right use of JOHNSTON'S SARSAPARILLA.

Misa Abbie J. Hande, of Marshail, Mich, writes:

"I was cured of a bad humor after suffering with it for five years. The doctors and my friends said it was sait rheum. It came out on my head, neck and ears, and then on my whole body. I was perfectly raw with it. What I suffered during those five years, is no use telling. Nobody would believe me if I did. I tried every medicine that was advertised to cure it. I spent money enough to buy a house. I heard JOHNSTON'S SARSAPARILLA highly praised. I tried a bottle of it. I began to improve right away, and when I had hinshed the third bottle I was compictely cured. I have never had a touch of it since. I never got any thing to do me the least good till I tried JOHNSTON'S SARSAPARILLA. I would heartily advise all who are suffering from humors or skin disease of any kind to try it at once. I had also a good deal of stomach trouble, and was run down and miserable, but JOHNSTON'S SARSAPARILLA
made me all right."

made me all right."

The blood is your life and if you keep it pure and strong you can positively resist disease or face contagion fearlessly. JOHNSTON'S SARSAPARILLA never fails.
