Looks like "Genie Anole" The kite season is now at hand.

The well-read man ought never get blue.

HALIFAX Superior court begins next week.

You feel not lay aside the winter garments yet.

If the federal trust pro-be means business, it will strike oil.

A woman's head troubles her most when she wants a new hat.

NEXT Wednesday is Ash-Wednesday, the beginning of Lent.

The peach trees that blossom at all this year will blossom late.

SILK is grown in twenty States, while the man who buys it grows in every State.

THIS would be a very unhappy world if we could all see ourselves as others see us.

MARCH is with us, but it will be the 21st before spring can be blown in, officially.

WITH the vernal equinox, on the 21st, we may look for the usual equinoctial storms.

THINK what all the oldest inhabitants of the future will say about this fearful February, 1905.

ACCORDING to weather Prophet Hicks March is to be something of a winter month on its own account.

MANY of the calendars for this year are works of art, and the dates when the notes fall due are printed in red ink.

THE "possum" in "simmon tree, the con's in the hollow, and these wint'ers are just as blue as people without a dollar.

YER, Maud, this is the first spring month; and your early offerings of spring poetry burned beautifully in the office stove.

REV. G. F. SMITH, presiding elder of the Warrenton district, will hold his second quarterly meeting for this conference year here on the 5th and 6th.

PEOPLE who think this winter's been the coldest ever, should take this scrap of ancient history to their comfort: In 1789, an ox was roasted on the ice in Philadelphia, the ice being seventeen inches thick.

It will bring rich, red blood, firm flesh and muscle. That's what Hollister's Rocky Mountain Tea will do. Taken this month, keeps you well all summer.

HALIFAX SUPERIOR COURT.—The March term of Halifax Superior court, begins at Halifax next Monday, the 6th, for the trial of both criminal and civil cases. Judge Erastus B. Jones, of Winston, who presided at the January term, will preside. The March term will be a two weeks term and the civil cases will be taken up after the first few days of court, which will be occupied in attending to the criminal docket. We hope to meet a good many of our friends at court, and no man can insult us by coming forward and offering either to subscribe or to renew subscriptions. We would also remind those who attend court for business or pleasure that at the Sater Hotel the cost of everything to eat will be served in the most tempting manner.

NOTED COW THIEF CAPTURED.—"Will you walk into my parlor, said the spider to the fly?" John Paulson, colored, a noted cow thief, who has been wanted for some time, deliberately walked into the lion's den, so to speak, a few days ago and he is now safely behind the bars to await the action of the grand jury. Our wide-awake Chief Dickens had information some days ago that Paulson had stolen a steer and had sold it on a credit to a negro near Enfield. A few mornings ago, at an early hour, Paulson went to Mr. Dickens' room to make some inquiries about somebody. Dickens who never misses an opportunity to gather the offenders in, recognized at once that from descriptions he had had that his man had walked into the net and he was not long in taking him in out of the cold and stormy weather and landing him safely into the county jail.

STRUCK BY A TRAIN.—Mr. Isaac Dickens, who lives in the Eastern section of Virginia, was struck by a Seaboard Air Line train Saturday night on the high embankment on the south side of the bridge, and was badly injured. He rolled down the embankment, after being struck, and when found he was in a semi-conscious condition. He was taken up and carried to the home of his father-in-law, Mr. Harlow, who lives at the Robertson place, south of the base hall park. Prompt medical attention was rendered. It was found that he had received severe injuries about the head and one or two fingers had been cut off and his head and arm were so badly injured that amputation was found to be necessary. The operation was very skillfully performed and at last accounts Mr. Dickens was doing as well as could be expected. No blame appears to attach to any other than Mr. Dickens himself for the unfortunate accident.

Mr. Dickens was taken to Putnamouth for treatment in the Seaboard Air Line hospital, Monday afternoon at three o'clock.

DEATH OF GENERAL ESTES.—The Washington Post, last week, announced the death of General L. G. Estes.

General Estes was well known in Halifax and Edgecombe counties. Soon after the war he came to North Carolina and settled, with his family, on a beautiful farm on the Edgecombe side of Fishing creek, near Enfield. He and his family are well remembered by the Enfield people. He sold his farm some years ago and moved to Alexandria, Va., and later to Washington, D. C., where he was living at the time of his death. The Joseph K. Brick Industrial school now stands where General Estes' Edgecombe residence was. General Estes had a wife and two children during his residence near Enfield, all of whom survive him. The children were Miss Maud Estes and Mr. Whiting Estes.

General Estes was a native of Maine and was in his sixty-first year, at the time of his death. By heroism and skill on the battlefield, he rose from private in a Maine regiment to be brevet brigadier general in the civil war before he was twenty-one years of age.

General Estes was given a medal of honor for bravery displayed on August 30, 1864. He had just been elected senior vice commander of the Department of the Potomac, G. A. R., was commander of the Medal of Honor Legion, president of the Cavalry Association of the Armies of the United States, and vice president of the Society of the Army of the Potomac. General Estes was wounded five times during the war and participated in 121 engagements.

IN HONOR OF DR. AND MRS. GREEN.—Mr. and Mrs. P. N. Stainback gave a lovely reception at their handsomely appointed home on Elm street Thursday night from 9 to 11 o'clock, in honor of Dr. and Mrs. L. E. Green, who have returned home from their bridal trip to Northern cities.

The house was tastefully decorated, the color scheme being white and green. In the dining room the table was a picture of beauty. The southern amulet was used profusely, and potted plants were tastefully arranged about the room. A unique feature of the table decorations were two large letters "G" and "B," made of amulet.

A large number of the friends of the host and hostess and the honorees were present. Mr. and Mrs. H. G. Rowe and Miss Agnes Stainback received in the parlor. Those who assisted Mrs. Stainback, in dispensing her usual lavish hospitality in the dining room, were, Mrs. W. W. Wiggins, Mrs. T. S. Jones, Mrs. W. L. Stainback and Mrs. A. C. House. The refreshments served were most delicious and all present greatly enjoyed the occasion.

HOME MISSION WORKERS.—The Woman's Home Mission Society, of the M. E. Church, held their regular meeting for the election of officers for another fiscal year on Thursday last, at Mrs. Ida Wilkins'. In addition to the regular program, Mrs. Johnson, the president, had prepared an excellent paper on Home Mission work which was much enjoyed. Under her leadership the society is doing good work and she was unanimously re-elected president, for another year. The following are the other officers:

1st Vice Pres. Mrs. J. L. Williams, 2nd " Mrs. F. J. Bounds, 3rd " Mrs. C. J. Owen, Rec. Sec. Mrs. W. T. Whitehead, Cor. Sec. Mrs. H. A. Humble, Treas. Mrs. I. T. Wilkins, Agt. Our Homes, Mrs. J. W. Sledge.

The treasurer's report shows that this auxiliary, which has 39 members, has raised in the fiscal year just closed \$420.90. Of this amount \$85.00 goes to the connectional and \$335. for local church work.

FORECAST FOR MARCH.—Rev. I. R. Hicks, the famous weather prophet, in Word and Works, forecasted the weather for March, from which we condense the following predictions:

The first marked disturbances for March will be central on the 3rd, 4th, 5th. These reactionary storms will culminate in high temperature, low barometer, with rain and high winds on and touching the 5th, ending in snow storms over much of the country to the northward.

Severe boreal storms with a March cold wave need not surprise any one from about the 11th to the 14th.

Another high barometer and March cold wave may suddenly slip in from southwest from about the 17th to the 19th, but it will give way suddenly as it came.

The indications are that tropical storms and hurricanes will reach the extreme parts of our south country about the 19th to 22nd, rotably on and touching the 21st, and that rain and high winds, turning to snow and very cold for the season, will meet the tropical, equatorial storms from the southwest. A severe March blizzard over much of the country northward, is among the probabilities at this period.

Volcanic and seismic disturbances will reach a maximum state of execution over the globe generally within sixty hours of six p. m. on the 20th. Watch for such reports in the world's telegraphic news covering this period.

A reactionary storm period will be central on the 27th, 28th and 29th. At this time the temperature will rise decidedly, the barometer will fall progressively from west to east, and general storms of rain and wind, turning to snow in the north, will pass eastwardly across the country.

DEATH OF MRS. MARY V. MOUNTCASTLE.—Mrs. Mary V. Mountcastle died at the home of her son, Mr. M. S. Mountcastle, here, on Saturday afternoon last, aged 69 years.

She had been in poor health for some time, but her latest illness was of but a few days duration, and her death was a shock to her family and friends. Mrs. Mountcastle was a most excellent woman and was highly esteemed by all who knew her. The love and affection of her children for their mother was something very beautiful and touching, and it must be a source of consolation to them to know that in her last days upon earth they did all that tender care and loving hearts could do towards making her life bright and happy.

The remains were taken to her old home in New Kent county, Va., where they were laid to rest in the family burying ground, Monday. Among those who accompanied the remains were her children, Mrs. J. T. Johnson, of Savannah, Ga.; Messrs J. E. and H. W. Mountcastle, of Columbus, Ga.; and Mr. M. S. Mountcastle, of this place.

Mrs. Mountcastle had been making her home here for the past few months with her son, Mr. M. S. Mountcastle, who is one of our most honored citizens. Of the other children we only know by reputation that they are highly esteemed by their friends and acquaintances, but Mr. M. S. Mountcastle we have known intimately for quite a number of years and since he has been a citizen of Weldon he has so conducted himself as to gain the confidence, esteem and good will of every one. To him, as well as to the other members of the family, we wish to extend our sympathies.

PROMINENT CITIZEN PASSES AWAY

AT ENFIELD.—Dr. John D. Bellamy, one of the most prominent citizens of Enfield, passed away at his elegant country home, near the corporate limits of the town, last Sunday morning, after a brief illness.

Dr. Bellamy was, perhaps, the oldest resident of the town, and for some time he had been in feeble health. He was honored and esteemed by every one who knew him, and in every relation of life he was true and scrupulously exact in his dealings with his fellow man. Dr. Bellamy was a man of energy and enterprise and was owner of Bellamy's factory a few miles west of Enfield. He equipped this factory and began the manufacture of cotton yarns in the year 1875, and for several years the factory did quite a nice business. Dr. Bellamy owned a splendid farm in Edgecombe county and also possessed quite a valuable estate in Halifax county. He leaves one son, Mr. Spier Bellamy, and a granddaughter, Miss Sadiebell McGowan. Dr. Bellamy's wife died some years ago.

The funeral services took place Monday morning at 11 o'clock from his late residence, and were conducted by Rev. C. H. Whitaker, of the Methodist Protestant church, and the interment was in the family square at Whitaker's chapel, six miles east of Enfield.

Dr. Bellamy leaves, besides his son and granddaughter, a half-brother, State Senator Joe Bellamy, of Edgecombe county, and a large circle of other relatives and friends. A good man has gone to his reward. Peace to his ashes and all honor to his memory.

THE RANSOM MONUMENT.—Early in the session of the General Assembly the Senate, by a rising vote, unanimously passed a bill appropriating money for a monument to the late General M. W. Ransom. Monday the House practically killed the bill by referring it back to a committee. The author of the passenger rate reduction bill is a conspicuous opponent of the bill.

WARD BILL PASSED.—The Ward bill, prohibiting the manufacture (not sale) of liquor in towns of less than 1000 inhabitants, passed in the House Tuesday by a vote of 74 to 35. The debate was spirited and at times rather heated. Our representatives voted as follows: Harrison against the bill; Gayle for the bill. Joyner, of Northampton, also voted for the bill, and it will now become a law, having passed the house as it was received from the Senate.

WEATHER NOTES.—Our weather man, Mr. H. S. S. Cooper, who notes the rise and fall of the mercury, reports that while February was not exactly the worst ever, it succeeded in making quite a record in the way of dark days. Mr. Cooper believes in taking the weather as it comes and here is the result of his observations for the month: Highest temperature, 55; lowest, 11. Mean temperature, 32.6. Rained or snowed more or less on 11 days. Rainfall for the month, 5.48 inches.

LOOK AFTER YOUR COTTON. ENFIELD, N. C., Feb. 27th, 1905. Having had much experience in buying and handling cotton, permit me to urge those that are holding, to store and insure their cotton at once.

The warm spring rains will cause cotton that is exposed to rapidly damage and become unsealable. The writer is prompted only by the best of motives for the farmer to give them this advice.

Respectfully, W. F. PARKER.

IMPOVERISHED SOIL. Impoverished soil, like impoverished blood, needs a proper fertilizer. A chemist by analyzing the soil can tell you what fertilizer to use for different products.

If your blood is impoverished your doctor will tell you what you need to fertilize it and give it the rich, red corpuscles that are lacking in it. It may be you need a tonic, but more likely you need a concentrated fat food, and fat is the element lacking in your system.

There is no fat food that is as easily digested and assimilated as

Scott's Emulsion of Cod Liver Oil

It will nourish and strengthen the body when milk and cream fail to do it. Scott's Emulsion is always the same; always palatable and always beneficial where the body is wasting from any cause, either in children or adults.

We will send you a sample free. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.
